

of family ed equipment and products clothes and run the vacuum Average time used for dish- Are our homes cleaned more  
 than we have today. more frequently than our washing by homemakers often than they were 50 yrs.  
 The research studies lead us to conclude that modern household equipment is labor- saving but not necessary time-saving. Is it possible that with the labor saving equipment and products, we carry out some household activities more often than our ancestors did? Do we wash  
 A 1968 study conducted in Seattle, Wash., found a high proportion of ownership of labor saving household appliances among families surveyed. Yet, the dishwasher was the only appliance found to have an effect on the time used for that activity.  
 Average time used for dish- washing by homemakers without dishwashers was 6.3 hours per week, while the average time by homemakers with a dishwasher was reduced to 4.9 hours per week.  
 Time for some activities has increased. House care, for example, increased from an average of 7.3 to 10.8 hrs. per week when early and re- cent studies were compared.  
 Dripping Meat Packages Caused By Temperatures  
 Most shoppers have some definite likes and dislikes about shopping for meat.  
 One complaint heard frequently concerns dripping meat packages. Dripping can result from meat warming during the cutting and packaging process, or the refrigerated display not being cold enough.

# No Deposit. No Return.

Everybody likes to save money. But, what's the point of keeping it in a jar and only getting out what you put in.

At National Central you'll find your money pays off.  
 On regular Passbook savings we pay  $4\frac{1}{2}\%$  per annum.  
 And we pay  $5\frac{1}{2}\%$  on one-year Certificates of Deposit.  
 $5\frac{3}{4}\%$  on two-year Certificates. Certificates are automatically renewable, and all Savings Plans are insured by the Federal Deposit Insurance Corporation to \$20,000.

Save at your nearest National Central Bank office... and get more out of it than you put into it.  
 Member FDIC/Federal Reserve System.

We do it all for you at 36 offices in Lancaster, Berks, Dauphin and York Counties.
