such as "chlorinated," "contains bleach," or "bleaches as it cleans." Keep in mind when you're trying to whiten a porcelain sink that scouring powder often contains a chlorine type bleach—don't combine it with ammonia.

SERVE CABBAGE FOR NUTRIENTS

Cabbage can be an important source of Vitamin C. Extension foods and nutrition specialists at Penn State say that one-half cup of raw or cooked cabbage can provide about one-third of the vitamin C recommended daily for a normally active woman. But, remember that overcooking and long storage periods can reduce the vitamin content in cabbage you serve.

In a legend of the Chiricahua Apache Indians, a cloak of invisibility, obtained from a lizard, shields the hero against a monster buffalo!
