This and That

(From page 1)

The witch? It was Mrs. Joan Betty, Donegal Springs road, the night the children of Mount Joy went "trick or treat"ing.

To enliven things at the Betty home when the youngsters came for their treats, Mrs. Betty dressed in a witch outfit and positioned herself outside near the front door.

When the children rang the doorbell, she would appear, making appropriate witch noises and motions, and give them a real thrill! After assuring them that she was a kindly witch, that she meant them no harm, and that she would not turn them into sugar cookies, she gave them their expected treat.

The word soon spread! "Don't miss going to the Bettys! There's a real for sure-enough witch over there!"

All of the neighborhood children participated in the fun, as well as others from farther away.

In this day of needles in candy and razor blades in apples, it is reassuring to hear of an "understanding heart" willing to take the time and the trouble to add a bit of "spice" to the children's Halloween!

And the cockroaches?

Joan Hassinger, daughter of Mr. and Mrs. Frank Hassinger, Birchland Avenue, is a Donegal high school student. She was working on a bug collection for Biology class when she read in a Lancaster newspaper about a United States Navy vessel off the Atlantic coast that was having major trouble with cockroaches.

"Cockroaches!" she thought "I could use a few for my Biology project!"

So she wrote to the captain of the ship, whose name had been mentioned in the story, asking him if he thought "some of his boys" would mind catching her a few cockroaches, being "careful not to squash them!"

Days passed. Then a letter and a box came from the captain. He said that "some of his boys" had graciously agreed to catch some cockroaches, which he was sending "under separate cover."

And in the box were four or five fine cockroach specimens, definitely not "squashed"—for they had been carefully labeled and imbedded in clear plastic molds about the size of paper weights!

Donegal Braves Football

"A" Game

Although the rain came down in the form of a heavy drizzle the Braves A team had little trouble holding onto the ball and outmaneuvering the Garden Spot team. Kevin Miller helped keep the opponents off-balance as he intercepted a Garden Spot pass on the 35. In the second quarter an Al Brooks to Craig Waters pass put the ball on the 50-yd. line. Kevin Bradley showed some power as he picked his way to the 15. Another Brooks to Waters pass into the end zone put the Braves on the scoreboard. The point-after failed and the score at half-time was Donegal 6 to 0.

All the scoring done in the second half took place on the kickoff as the Braves blockers showed their skill and Bradley his power by running the ball back up the field for a second Braves TD. Again the point after failed. Garden Spot really could not get a scoring threat together and the visitors from Donegal got themselves a well deserved 12 to 0 victory.

"B" Game

The drizzle in the A contest was nothing compared to the rain the "B" squad had to play in. But then they have been in so many wet games some of the linemen may be growing gills. At any rate they played in the mud and came up with 3 touchdowns. Doug Hopwood scored the 1st by crashing over from the 2 yard line. The point after failed. Scott Mowrer helped

himself to the second TD by breaking loose for the long-run and 6 points. To show that he wasn't winded Mowrer then carried the ball over for the extra point. The halftime score was Donegal 13 to 0.

The third Braves score was picked up as Pete Splain blasted his way thru from the five. A Hopwood keeper made it 20 to 0. The reserve squad for Donegal got some experience the rest of the game. They were unable to add to the score but only allowed one Garden Spot score, a fine touchdown pass play. The final score was Braves 20, Garden Spot 6.

"C" Game

The C squad redeemed themselves for the squeaker they lost to the Elks on Saturday morning by showing outstanding defensive stamina and enough offensive punch to win their game 6 to 0. The defensive team of the Braves team must be congratulated for not losing the will to win even in the face of 5 or 6 nearly consecutive fumbles, nearly all of which gave the ball back to Garden Spot. For a while the defense was gaining more yardage than the offense. Darryl Shank and Scott Jones finally got the offense moving with Jones going through for a long scoring run. Braves won 6 to 0.

Next Sunday, Nov. 7, the Braves will host Ephrata at the Donegal high school field. Come out Sunday afternoon and cheer them to victory.

The fifth grade students of Miss Diane Rice at Seiler spent an entire day last week studying pollution. The class was divided into five buzz groups with catchy names such as The Cool Clean-up Kids, The Gas Mask Gang, Pollution Clean-up Crew, Pollution Preventus, and Pollution Solution. They experimented on air, water & earth pollution. The most interesting experiment for the children was testing three different cars to find out the amount of pollution in their exhaust system. Mrs. Nettie Germer, school nurse, discussed the effects of pollution on today's health. The children made pollution slogans and lists of pollution resolutions which will be sent home with the rest of the school children. It was a true in-depth study into ecology which the following 9 and 10 year olds will remember and put to use for the rest of their lives: Jenelle Brubaker, Penny Hendrix, Jacklyn Zeller, Sharon Cox, Anita Erb, Cindy Dssinger, Beth Barton, Tom Weber, Steve Nye, Ron Meckley, Eric Gotwalt, Craig Myers, Robert Gebhart, Scott Stauffer, Doug Rinehart, Sam Frey, John Day, Mike Ross, John Meyers, John Winsett, Randy Velez, Chris Vogel, Beth Newcomer, Tammy Frick, Donna Sumpter, Sandra Hernandez, Pam Ruhl and Theresa Husband.
