Over 1600 delegates are expected to attend the National 4-H Congress in Chicago, November 28th - December 2nd. They will be accompanied by more than 250 leaders and greeted by some 300 representatives of 4-H organizations. Total attendance at the Golden Anniversary event is expected to exceed 2300.

A smile costs nothing but creates much. It enriches those who receive, without impoverishing those who give. It happens in a flash and the memory of it sometimes lasts forever. It fosters goodwill in business and is the counter-sign of friends. Yet it cannot be bought, begged, borrowed or stolen, for it is something that is no earthly good to anybody 'til it is given away.

The first system of Street Lighting was installed in Baltimore!

The American Cancer Society reports that one life in three is now being saved from cancer but it could be one in two without a single new research discovery if people understood the value of early detection and prompt treatment.

Live your own life, for you will die your own death.

Toss on a Poncho

You're off in a jiffy when you just toss a poncho over your other separates. No. 3130 comes in three sizes: small (bust 30½-31½); medium (bust 32-34); large (bust 36-38). In medium size 1½ yards of 54-inch fabric will make either style.

For each pattern, send 50 cents plus 15 cents for first-class mail and special handling to IRIS LANE, (care of this newspaper), Morris Plains, N.J. 07950.

Free pattern is waiting for you. Send 50 cents for our Pattern Book, which contains coupon for pattern of your choice.

Over three quarters of all the electric power produced in the U. S. is being produced by investor-owned utility companies.

Because the potential energy contained in one pound of uranium, a piece about the size of a gold ball, is equal to the energy in three million pounds of coal, we can quickly see the extraordinary potential in the nuclear generation of electricity.
