# Bangladesh Begins to Return to Normal

In one of her most recent letters to friends in this area, Miss Rhoda Kauffman, missionary in Bangladesh, (formerly East Pakistan), indicates that some aspects of normal life are beginning to return following the fighting in that area of the world recently.

A worker in the area since 1944 under the direction of the Church of God Mission, she has been adding a doctor at a station about 150 miles from Dacca. She is the daughter of Mrs. Elizabeth Kauff-

man. The letter follows:

January 23, 1972  
What a busy week has just passed. Hope some good accomplished.

About midnight last Sunday a truck arrived from Dacca bringing Church World Service relief goods. It is for our distribution in Bogra Dist. There were 4 bales of quilts or comforts, seven of light blankets (140) and five bales of clothing, two mostly women's dresses but a few sweaters, some men's pants

and a few things for children. I have been on the distribution end of the deal. Have been giving out the supplementary food also. I have to weigh the children; you feel pretty sad when a year-old child weighs 6 3/4 pounds. The grandma said he used to be a nice fat baby and she doesn't know why he is drying up. I don't know why they waited so long to come; maybe they were among those who fled. I was distressed when a nine-month one weighed 7 1/4 lbs. Glad we are at least able to help them. Last Sunday afternoon the Red Cross gave a nice supply of good medicines and such are given free. Of course they have not brought for every disease but a blessing is represented by these. Part of our busy week was in providing meals and lodging for Red Cross people, UNICEF people and other relief workers. (23 people, 67 meals and 18 nights lodging. We're sort of "mid-way" so they arrive at supper time or late and want to leave early the next day. They all pay generously. We take out actual costs and put the balance in the rehabilitation fund. We tell them this; someone said they would give us a 4-star rating, but we don't have any charge or rate. When we go to Dacca we stay at the Baptist Mission. In the cities most Missions have a guest room or several, and a daily rate, and these are in use most of the time. None of us could afford hotel rates.

Newspapers, postal service, and banking services are again in operation.

Several military men were present at the services today so the pastor announced the scripture in Bengali and told us to follow while a soldier read it in Tamil so I followed in my English Bible and another in her Hindu Bible and another in Urdu; however, we were all getting the same message.

The verse for today is Isaiah 40:31. Most of the people of the Kanjanpur area churches have returned. One of the teachers came in to report on the conditions in the villages. Of 131 families who were in their own homes only 4 or 5 have houses left. They are living under trees, in the school houses or in Mission quarters. This is the mud-building season so some are starting to rebuild. I am not sure yet when I'll be allowed to go but in the meantime three seems to be enough to do here. "Wait on the Lord" so I'd better do just that. I really am eager to get back, but I shall wait. I am able to be a help here to Doc and the others. I have in hand the Maytown Literature fund money that I plan to use to get that work started again. Schools are reopening and we hope ours can reopen soon. Some doors and windows and all the furniture in the village schools is gone. Maybe some benches will "come back" when school starts. The students will have to sit on the floor. I want to get the children started again on Bible memorizing.

Do not use Pakistan on our address. America is much in the black book these days, so don't let an American add insult to injury by still calling this country Pakistan, always use Bangladesh.

Hope you are all well. Pray for us. Lots of Love.
