Lancaster Leaf Tobacco

OLD MARKET STREET
MOUNT OY, PA.

9-tfc

Studies show weather is the worst enemy of good highways. Soaking rains, frost, heat, and rapid temperature changes break up the highways — even those where the traffic is light!

Annual state and federal highway use taxes for a typical heavy truck range from \$1,654 for a three-axle tractor-trailer (40,000 pounds, gross vehicle weight to \$3,400 paid by a five-axle tractor-trailer (72,000 lbs. GVW).

QUIETNESS

When there is something we want to do or need to do, we usually think in terms of action. We must think harder, work harder, move faster, take action. There is a season for action, but sometimes what we need most is a time of quietness when we are not acting at all, and the mind is still as well as the body. At such times we are receptive to new ideas. We also replenish our energy and find a new strength with which to work. In a moment of serene quietness, you may find the guidance that will point your action in exactly the right direction.
