MOUNT JOY, PA. 17552, WEDNESDAY, AUGUST 23, 1972

TEN CENTS

By R. A. R.

If you haven't noticed the Memorial park rose garden recently, you might like to take a minute to enjoy the different beauty it is showing this August.

As well as roses, the circular plot in the center of the park displays marigolds, dusty millers, geraniums and other flowers, all in full bloom.

The park is one of the beauty spots and is worthy of the pride and care lavished upon it.

Here's something interesting. Douglas Kiker, one of NBC's political reporters formerly was a press assistant to Sargent Shriver when the Kennedy clan member was a director of the Peace Corps.

It is estimated that there are 25 million young voters in America who already are committed to the symbolic "rejection of the Establishment."

If one thinks just one minute, he discovers that he doesn't know very many (maybe one, two or three of the new "18-year-old voters") intimately and sufficiently well to know exactly how he will vote in November — if, in fact, he does vote, even though he is registered.

And, if you do know a very few well enough to accurately predict, what do you discover? That most of them will vote about as their parents have voted?

No, not all, of course. But those who study such things are beginning to wonder if this new section of the voting public is really going to carry the big weight that Senator McGovern claims. He has acted as if all 25 million are "in his pocket." They are not!

If it appears to local residents who pass the site regul-

New Principal For Seiler School Named

Woodrow H. Sites, of 902 Snyder Hill Road, Lititz, has been named principal of the Seiler elementary school building.

He will fill the vacancy left by the retirement of Charles Heaps, who has headed the faculty at that school since it was built nearly 15 years ago.

Sites, a native of the Manheim area, was named Thursday night, Aug. 17, as the Donegal School District Board of Education held its August meeting in the Riverview school building.

The new principal is a graduate of Millersville State college and has received the masters' degree from Pennsylvania university. For the past four years he has been head teacher at the Sporting Hill school.

Sites attended the Thursday evening school board meeting.

He was one of 17 people named to staff positions by the board on the eve of the opening of the 1972-'73 school year. However, as of Thursday night, the board had not come to terms with the Donegal district teachers concerning salaries and contracts for the coming year. Negotiations have been underway for many weeks.

In other important business the board gave its approval to the sale of the old Marietta elementary school building to the Marietta Jaycees at a price of \$7,500. Purchasers plan to use the structure as a community building.

Sale, however, is subject to approval of the Court of Common Pleas.

The action was the solution of a legal tangle which developed several weeks ago when the building first was offered

NEW COACHES -- NEW SEASON

DHS Begins Football Drill

A double barreled building effort is in full swing and moving at high speed on the Donegal high school football fields this week!

Under the leadership of a new coach, a new kind of Indian ball team is being fashioned. At the same time, the new six-man football coaching staff is, for the first time, working together and is fashioning a hard-working crew that already has drawn high interest from 46 boys who are suited for practice.

Drills opened Monday with scrimmage Saturday morning Coach Gayne Deshler in charge and this week the schedule calls for three practices daily, climaxed with a

Next week, Coach Deshler

FRESHMAN NOTICE

Donegal high school freshmen who are interested in playing football this season are invited to report for action—at once.

Head Coach Gayne Deshler said this week that practice will begin Monday but that boys interested should go to the high school at once. Already, 13 ninth graders have signed up for the fall campaign.

said, "we'll go to two-a-day practice sessions" through the next two weeks, leading up to the opener at Columbia on Sept. 9.

Assisting Deshler are Dennis Swift and Dennis F. Iezzi, who are designated as varsity assistants. Ninth grade coaches are Eugene Shulman and Frank Stellar, who is the only man who has had previous Donegal experience.

Warren "Whitey" Hayman is the veteran trainer of Donegal teams.

Donegal grid fans, Deshler revealed this week, will see something they likely have not seen much of in this area.

Attempting to pick a style which can utilize the material he believes to be available, the team will use a tight type offense formation with a direct snap from center to one of three men. But, who the ball carrier may be follows the set of the play.

It appears likely, at this point, that Donegal may not be a throwing team this season.

But, whatever unfolding of the pre-season practices, enthusiasm is at a high peak and Deshler is very happy with the reception he has had.

"These are good kids," he said Tuesday evening. "They are smart, eager and ready to go."

TO MED SCHOOL

Theodore Fellenbaum, son of Dr. and Mrs. Harold Fellenbaum, south Market street has been accepted into the Northwestern University Medical school at Evanston, Ill.

Ted, a 1966 graduate of Donegal high school, received a degree in 1970 from Oberlin College, with a major in biology. He is married to the former Valéttia Hiller of Custer, South Dakota, a graduate of the Oberlin Conservatory of Music. At present they are living and working in Gallion, Ohio. They will be moving to Chicago on Sept. 4, where they will live while Ted is in medical school. Classes will begin on Sept. 28.

VOTERS MAY REGISTER

Registration for voters will be held in Mount Joy on Wednesday, Sept. 6 from 2 to 9 p.m. at the Borough Building, according to the announcement made this week.

TO HEAR PROBLEMS

R. Ronald Reedy, field representative for Congressman Edw'n D. Eshleman, will sit at the Mount Joy post office on Saturday, August 26 from 11 a.m. to noon.

Anyone having any problem involving the Federal government is invited to discuss it with Reedy.

Chief Issues Warnings

A warning — two pronged — was issued this week by Mount Joy's police chief, J. Bruce Kline, aimed at two groups of people in the borough.

One — bicycle riders; and two — persons under 18 years of age who are subject to the town's curfew.

Bicycles, he pointed out, are subject to the same traffic regulations as an automobile. Traffic lights, stop lights, etc., he said.

Also, the borough code is very explicit about bicycle riding double, reflectors needed, lights needed, etc., as well as license plates.

To both parents and children, he reminded this week that any person under 18 years of age is subject to the curfew law. The ordinance says that by 10 p.m. on week day nights and by 11 p.m. on Friday and Saturday nights those under 18 shall be off the streets.

"There's going to be a 'crack down'", the chief warned.

Back to School

School bells will soon be ringing!

Students in the Manheim, Donegal and Hempfield districts, the area served by the Mount Joy Bulletin and the Red Rose Valley Farm and Home News, will start back to school on Wednesday, Sept. 6th.

A total of 12,763 elementary and high school pupils are expected in these three districts. This is an increase of 121 over the fall of 1971 figure.

In the Manheim district, high school will begin at 8:25 a.m.; junior high at 8:15 a.m. Fairland and White Oak elementary schools, 7:50; Elm Tree, Mastersonville and Sporting Hill elementary schools, 8 a.m.; and Burgard and Stiegel schools, 8:25 a.m.

In the Donegal district, high school and Beahm junior high schools will begin at 8 a.m.; elementary schools at 8:30 a.m., including Seiler, Grandview, Maytown and River-

PICNICS FOR CHAMPS

On Friday evening Aug. 11, parents and coaches held a picnic to honor the Florin Jr. Midget baseball team.

The outing was held at the Arthur Wenger farm and was attended by approximately 80 people. During the 1972 season, Florin won the Maytown Jr. Midget tournament, was runner-up in Mount Joy's Jr. Midget tournament and came back to win their last league game and the Susquehanna league with a win over Mount Joy.

Representing the Susquehanna League in the New Era tournament, Florin lost a loosely-played game to Quarryville.

For their winning season, Florin players and coaches each received a trophy from the Mount Joy Athletic Association and patches from the Susquehanna League.

'Of This and That'

by the editor's wife

An interesting visitor came into the Bulletin the other day. He was Jim Mountjoy of Warrenton, Va.

Mr. Mountjoy, a tourist, had been to Hershey to "see the sights" and made a special trip over here to see the town with the same name as his own!

"For several years I had known there was a town in Pennsylvania called 'Mount Joy,'" he told us. "Then when I saw on our map that it was not far from Hershey, I wanted to see it!"

We asked him if there were other people in the Warrenton area with the name of Mountjoy. "Oh yes," he said, "I have a brother and two sons."

We gave him a copy of The Bulletin, and told him of the ship "Mountjoy" for whom the town was named, and how this ship broke the siege of Londonderry in Ireland many years ago. This seemed to be new to him. He seemed surprised that our town was located in a rich fertile valley rather than on top of a high hill. He, like so many others, thought the "Mount" was a mountain!

We notice this summer two rather interesting new developments in our community.

That is, they aren't really new but the extent to which they have grown is quite new!

The first one is the ascendancy of "family" bicycling! Husbands and wives, fathers, mothers and children are rediscovering the joys of bicycle riding, in sizeable numbers.

It isn't at all unusual to see a father and mother out riding, with a small seat behind one of the parents for a little child.

Neither is it unusual to see a group of three or four bicycles spinning along, quite

Hunting Safety School

The Mount Joy Sportsmen's association will sponsor a one-day hunter safety program on Saturday, August 26, at 1 p.m.

Registration is at the Mount Joy Sportsmen's clubhouse and the program is free of charge and open to the public.

The hunter safety course is under the supervision of the Pennsylvania Game Commission which reminds that all persons under 16 years of age must qualify to purchase their first hunting license by satisfactorily completing this course.
