

# Deaths

## JOHN R. "JACK" GERMER

John R. "Jack" Germer, 51, of 325 Marietta Ave., died on Tuesday, October 3 at 11:30 p.m. at St. Joseph hospital after a lengthy illness. He was the husband of Claudine Bishop Germer.

He was last employed as a group leader at Raybestos-Manhattan, Inc., Manheim, and he retired in '66 because of ill health.

He was a member of Saint Mark's United Methodist church, Mount Joy; past commander of the Mt. Joy American Legion Post 185, past commander of the Mount Joy Veterans of Foreign Wars Post 5752, member of Friendship Fire Co., Mt. Joy; Florin Fire Co.; Florin Anglers, and a life member of the Mount Joy

Sportsmens Association. He was a veteran of World War II, serving in the United States Army, 526th Ordnance Tank Co., in the European Theatre of Operations. He was awarded four bronze stars & one bronze arrow head.

Born in Florin, he was a son of John T. and Ida Dommel Germer.

Besides his widow at home, and his parents, Mount Joy, he is survived by three children, John A., Mount Joy, Greer M. and Jan R., both at home, and two grandchildren.

Services were held Saturday morning from the Sheetz funeral home and burial was made in Eberle cemetery.

## NAOMI A. KENDIG

Mrs. Naomi A. Kendig, 69, of 62 E. Main street, Mount Joy, died early Sunday morning, Oct. 7, at her home after a long illness.

Born in Reinholds, she was a daughter of the late Henry and Jennie Sweigart Freymyer and the wife of the late Dr. Harry C. Kendig. She had

lived in Mount Joy for the past 40 years and was a member of St. Marks United Methodist church.

She is survived by two sons Jerome H., Mount Joy, and Dr. Newton E. Kendig, with whom she resided; four grandchildren and two sisters, Mrs. Elva Belser and Miriam, wife of Elwood Boyer, both of Elizabethtown.

Private services were held Tuesday from the Sheetz funeral home and burial was made in the Salunga Mennonite cemetery.

## CARL D. FELTON

Carl D. Felton, a retired civil engineer, of Pinkerton Road, died Saturday morning, Oct. 7, at Lancaster General hospital after a prolonged illness. He was 78.

He retired in 1965 after 44 years of service with the Penna. Dept. of Highways. At his retirement, he was assistant director of the Bureau of Municipal Services.

A native of Sunbury and a former Harrisburg resident,

he earned his engineering degree at Bucknell U.

Besides his wife, the former Elizabeth Raker, he is survived by a son, George C. of Philadelphia; a daughter, Jean, wife of Robert C. Hurst with whom he resided; two grandchildren.

Services were held from the Heilig funeral home Wednesday morning and burial was made in the Promfret Manor Cemetery, Sunbury.

## MARY BUBEL

Mary Bubel, 80, of Mt. Joy Rd. died at her home Saturday afternoon, Oct. 7.

She was the widow of John Bubel. A native of Poland, she was a daughter of Mr. and Mrs. John Onufry Tarasink. She had resided in the United States for the past 12 years and in East Donegal Township for the past three years.

Surviving are a son, Michael, with whom she resided; two grandchildren; a sister Mrs. Natalia Kaplan of Ddansk, Poland.

Private memorial services were held by the family.

## ELM TREE P.T.O.

The Elm Tree P.T.O. will hold its first meeting of the school year on Monday, Oct. 16, at 7:30 p.m. Room visitation begins at 7 o'clock.

Speaker for the evening will be Miss Joann Hess of Mount Joy. Her topic is "Introducing Your Child to Special Children in Your Neighborhood."

Refreshments will be served by the fifth and sixth grade mothers.

## Earns Added Degree

Dr. and Mrs. Thomas W. O'Connor attended the annual meeting of the American Academy of Family Physicians in New York City recently, where the degree of Charter Fellow of the Academy of Family Physicians was conferred on Dr. O'Connor.

To qualify for this degree, a member must have completed 600 hours of Academy-approved continuing education.

# More power to them.

More and more effort is going into finding new methods of cleaning up our planet. And it's beginning to happen. Ways are being found.

But the next time you read about one of these new ways, think about the power needed to make it work. They all need some kind of power. Think about it and, more times than not, somewhere along the line from problem to solution, you'll see where electric power comes into the picture. The versatility of

electricity makes it a natural.

And as more jobs are tackled, more electricity will be called for.

Of course, fighting the good fight for improving our environment is just a part of the growing demand for electricity.

Experts say this country will need twice as much electric power in just the next ten years.

Meeting this call means planning and building for it now.

**Our country's ability to do the work that needs to be done will depend on an adequate supply of electricity. There's no time to waste.**

**New generating facilities must be built, and built in a way compatible with our environment.**

**We'll continue working to do this. But we need your understanding today to meet tomorrow's needs.**
