WINDOWS CAN LEAK COLD AIR

If your windows are leaking cold air, up to 30 percent of your family's heating bill is being caused by warm air leakage or cold air infiltration. To seal out the howling wind, Extension specialists at Penn State, suggests you get storm windows or double-pane insulating glass. Or use weather stripping at movable joints and caulk the frames of all windows and doors.

CHAIRS FOR THE ELDERLY

If you're getting a chair for an elderly person, Extension specialist at Penn State remind you to make sure it will give good body support for lower back and neck for long periods of time. Chairs should fit the person and not cut off circulation when both feet are flat on the floor. The chair arms should extend far enough forward to allow leverage when a person is sitting down or getting up.

Birds don't fall off a perch even when they're asleep. Each toe is connected with a cord inside the leg; when the leg is bent, the cords stretch tight and pull the toes around the branch.

'Make-Your-Own' Bangkok Salad

For a convenient and healthful luncheon prepare Bangkok Salad. You put it together yourself.

Perk up warm weather luncheon appetites with kind-to-the-waistline Bangkok Salad. Convenient canned grapefruit sections in its own juice, mandarin oranges, chow mein vegetables, diced cooked chicken and green pepper strips are served chilled in individual plates. Each person then puts his own salad together for a salad by choice.

Remember, don't let the juice go down the drain! If you need just the grapefruit or mandarin orange sections, save the juice for healthful drinking. Or, use the juice as part of the liquid in molded salads, salad dressings, pot roasts and stews for a different flavorful goodness.

For additional free recipes write to Del Monte Kitchens ARS4, P.O. Box 3575, San Francisco, Calif. 94119.

Bangkok Salad
