MISCELLANEOUS

CAN YOU HELP ME? The family of George Nelson Boyer came to America from Berlin, Germany, around 1720 and settled near Mount Joy. The story on page 283 of the American Boyers gives the names of several, Michael, Jacob, John, David and George Nelson. My grandfather, Simon Boyer, who was born in Hardy Co., West Virginia in 1833 had brothers named George Nelson and David. The combination of names leads me to believe they were related. Later they moved to Cleveland, O., and then to Lafayette, Ind. The story of Simon Boyer appears on page 267 of the American Boyer Supplement. Perhaps someone around Mount Joy, who is interested in genealogy, can help me fill in the gap in my history. John T. Boyer, 3403 N. Beach, Ft. Worth, Tex., 76111. 42-1p

Seventh Graders Net \$22.50 For UNICEF

Classes in the seventh grade social studies program at the W.I. Beahm junior high school recently completed a unit of study concerning the United Nations. The unit included discussions about various committees and their responsibilities within the United Nations.

Section 7B became very interested in U.N.I.C.E.F. (The United Nations International Children's Emergency Fund). UNICEF's responsibility is to provide needy children throughout the world with such things as medicine, clothing, food and education.

The class felt that it would like to help UNICEF in some small

way. They appointed Tammy Portner to write to the U.N. and request a project which would enable the class to be of some financial assistance. The class received a list of articles to be sold and they chose to purchase UNICEF buttons and sell them to their teachers and classmates.

After three days of sales, the boys and girls earned \$22.50. This money, along with notes expressing appreciation for all that UNICEF has done for young people throughout the world, was sent to the UN.

KNOWLEDGE

Have you ever felt that although you had read many books, completed many study courses, and spent much time in receiving an education, you have never quite reaped the benefits of your knowledge? Our lives are enriched by the gathering of knowledge only when we process that knowledge, either by use of the imagination or by real experience. If we cannot somehow identify our feeling - nature with what we have learned, we have no real knowledge, we have only a gathering of information. Choose what you want, and your knowledge will become beneficial to your life.

Adam was human; he did not want the apple for the apple's sake; he wanted it because it was forbidden."

—Mark Twain

CHARITABLE

With the passing of time each of us should be learning to be more charitable in his judgment of others. We know that everyone makes mistakes and most of us tend to judge others too harshly. When we think of our own mistakes and remember someone who was charitable toward us when charity was needed, we cannot help but feel that such a person was a real friend. It is easy to feel smart while being critical, but it is much more fulfilling to be charitable toward another when he needs our compassion.
