

Christine Spicker Sets New Instrumental Music Record

During the last semester of the 1972-73 school year, a sixth grade Grandview student established another music record.

For the third consecutive time, Christine Spickler has made the 400 Club, amassing over twice as many points as anyone ever did since the establishment of the honor clubs.

The honor clubs were started several years ago with the formation of the 100 Club. In a short while it became necessary to form a 200 Club, then a 300 Club, and now the 400 Club.

A trophy is presented in each of the four elementary schools of the district to that sixth grade student who scores the most points through grades four, five, and six.

Christine was awarded this trophy at the Grandview school with an all-time high of 1857 points. Cindy Bailey received the trophy at the Seiler school with 767 points. At the Maytown schools, the recipient was Monika Nissley with 753 points. Sue May was awarded the trophy at the Riverview school with 645 points.

Following is a list of the honor students from all of the schools.

Words such as "visualize" or "imagine" refer to one of the most forceful faculties of mind we possess. If you want to change your life, overcome a barrier, or make progress toward some cherished goal, it is necessary to form a mental picture of how things could be, and then act as if this were already a reality. Try to see your self as calm, poised, confident of your ability in any situation. You are not playing a game. You are using a mental faculty to establish the good you desire.
