

**Seeking Young Men and Women For Rotary Grants**

Dr. David E. Schlosser, president of the Mount Joy Rotary club, has announced that the club is seeking young men and women in the Donegal area as candidates for Rotary Foundation educational awards for study abroad in 1975-76.

The Foundation offers four types of educational awards: Graduate Fellowships, for those who have received a bachelor's degree or equivalent and are between the ages of 20 and 28; Undergraduate Scholarships, for those with a minimum of two years of university level work and are the ages of 18 to 20; Technical Training Awards for those with a secondary education and at least two years' working experience and are the ages of 21 to 35; Awards to Teachers of the Handicapped, for those who have been engaged as fulltime teachers of the mentally, physically or educationally handicapped for at least two years at the time of application and are the ages of 25 to 50.

Each award includes round-trip transportation, educational and living expenses for one academic year, and funds for

intensive language training, if necessary.

In 1947, the Foundation started its programs of sending young adults abroad for study, and since that time, the Foundation has awarded more than US \$17.5 million for its various programs, and more than 6,000 young men and women have gone to countries other than their own for a year of study. As a non-profit organization, The Rotary Foundation is supported by voluntary contributions from Rotarians, Rotary clubs, and friends of Rotary in 150 different countries.

Recent Rotary Foundation awards to students of this area have gone to Richard Heisey and Mitchell Albert. Further information about these awards is available from Dr. Schlosser. Applications are due by March 15, 1974.

**Jill Shupp To Play With Mid-West Team**

Jill Shupp, a freshman at Millersville State College, this past week end was named to the Mid-East II hockey team, and will be playing in the National Field Hockey Tournament during the Thanksgiving week end, in Boston, Mass.

Jill, the daughter of Mrs. Nancy Shupp, Harvestview apartments, was named to play in the national tournament following the district meet at Gettysburg. She is a 1973 graduate of Donegal high school.

**Mount Joy Girl Member E-town Band**

Miss Carol A. Zimmerman, daughter of Mr. and Mrs. Harold Zimmerman, 122 S. Barbara St., is participating as a member of the 83-member Concert Band and the Woodwind Ensemble this year at Elizabethtown College.

The Concert Band, an integral part of the College's music program, presents concerts on and off the campus during the year.

**Telephone Lines Laid Under Sidewalk**

Installation of underground cables by the United Telephone company has entered a new phase.

Work has begun on the Main street section of construction, working westward from Fairview avenue.

Probably the first time in the borough, utilities lines are being placed under sidewalks. The concrete is being cut with a machine, a trench will be dug and conduits laid. The trench will be backfilled and the sidewalk relaid.

A manhole is being built at Main.

The lines will cross the railroad in an open trench and continue westward to Springville road.

**Dines With Pro Grid Team At Philadelphia**

Mitch Johnson, son of Mr. and Mrs. James C. Johnson, 546 Terrace avenue, was one of a number of 11-year-olds honored October 28 at Philadelphia.

A participant in the Philadelphia area championships

of Ford Motor company's Punt, Pass and Kick competition, he and other contestants had dinner with members of the Eagles professional football team.

Although he did not win in his age level competition, he previously had won his way through area contests and has a fine trophy for his efforts.

**"ONLY \$49.95 AND YOU JUST PLUG IT INTO THE TELEPHONE LINE."**

DON'T BE MISLED BY FALSE CLAIMS LIKE THAT. Before you buy telephone equipment from a catalog, store, or salesman — BE SURE YOU KNOW ALL THE FACTS.

Often not mentioned or conveniently overlooked in such claims is the fact that such equipment requires a "coupler". The coupler must be furnished, installed, and maintained by the phone company . . . and it must be attached before customer owned equipment can legally be 'plugged into' the public telephone network. All of this is in accordance with tariffs on file with the Pennsylvania Public Utility Commission.

The coupler is required to protect telephone employees from harmful voltages and the telephone network from disturbing electronic interference. It also helps to insure that calls are properly transmitted by the equipment and correctly received by the public telephone system.

To determine rates for the coupler and for information regarding the responsibilities of customers who own their own equipment, please call your local business office.

Another thing. If you're interested in any type of phone equipment — do yourself a favor . . . call us. Chances are we have what you need. After all, who is better qualified to provide and maintain phone equipment than the phone company?

 **THE UNITED TELEPHONE COMPANY OF PENNSYLVANIA**  
A Company of United Telecommunications, Inc.
