

### School Begins Earlier

Donegal District schools will return to their normal opening and closing times on Monday, March 18. Since winter daylight saving time was instigated earlier this year, advancing opening of school into "dark hours" of the morning, Donegal schools have been convening a half hour later than normal. Action taken last week by the Board of Education indicated that it is felt that there will be sufficient daylight during the mornings, by that time, of the season, to accommodate to the earlier class times.
