MOUNT JOY'S ONLY NEWSPAPER

TEN CENTS

Ulrich's Last Week In Mount Joy

This is the last week George Ulrich will be Mount Joy Borough Manager.

Friday he will clear off his desk and next week he will become manager of Hickory township of Mercer county.

It is a nice promotion for Ulrich, as he pursues his career in government service as administrator of municipal affairs.

But, in his departure from Mount Joy is a dash of sadness for everyone in the community who is interested in good government and operation.

During the nearly three years that Ulrich has been manager, he has made many friends, has demonstrated a high fidelity to his job and has amply indicated that he is knowledgeable and capable.

Mount Joy's choice of its first borough manager was an excellent one. Ulrich has served well and effectively, his knowledge of "when, where and how" to handle important affairs serving to make and to save the community thousands of dollars.

Under his guidance and with his service, the community has made big strides during the past two and a half years in solving some of its problems and in facing up to many others.

George Ulrich's loss to the community will be missed on a personal basis by many who have been associated with him both officially and unofficially.

But, all who know him wish him well as he takes up a bigger job in a bigger community with bigger responsibilities.

Mount Joy will be a bit better place in which to live and to work and to raise a family because he has been a part of the community for awhile.

Mr. and Mrs. Ulrich have been recipients of numerous courtesies during the past few days, as they and their son prepare to leave for their new home at 99 Todd Ave. Eastview Manor, Apt. B-11, Sharon, Pa.

On Wednesday, April 10, the Mount Joy Merchants' assn. lured the couple to a surprise luncheon at the Mount Joy restaurant, where numerous gifts were

WHATTA TIME!!!

Pig, Cat, Cops, Firemen

A pig and a cat, the police and a fire company!

What do they have in common?

Humorous switches in service to the public, if nothing else, is the answer. And, there are two short stories to back it up.

A couple of weeks ago, one cold and rainy night, police were called to report "a cat up in a tree." Officer Frank Aument investigated. And, sure enough, there was a cat in a tree along Donegal Springs road - crying until you could have heard it all the way to the Florin Fire company headquarters.

So, that's who was called - the Florin Fire company. Men and trucks arrived, red lights flashed, search lights located the cat in a thick maple tree. Two rubber-

Set Memorial Day Parade For May 25

Memorial Day in Mount Joy - 1974!

Traditionally, the date is May 30. Under the new system of summer holidays, the date is May 27. But, in Mount Joy, the big day for

celebration will be May 25. That will be Saturday!

However, continuing the historic way of observance, the community is laying plans for a "bigger and better" Memorial Day and week-end of activities.

Among the events already scheduled are the Saturday afternoon parade, memorial services, art show, swimming pool opening, community chorus concert, trap shoot, vespers in the park, arts and crafts show, community carnival and a Princess pageant.

Others may be added as the time grows nearer.

The Mount Joy Community Council, which has sponsored the Memorial Day Weekend for many years, again is heading the effort and last week letters seeking financial support were issued.

Over the name of James B. Heilig, fund drive chairman, the letter asks help. More than \$2,500 is needed.

Contributions may be made at any of the three Mount Joy banks.

Heilig said last week that only one day after the letters were mailed he had received \$200.

Authorized to "study" the possibilities, four already have visited Phillipsburg-Osceola high school (April 15) to see an auxiliary gym which was built by funds raised in that district for a 50' x 150' building.

Proposals for Donegal are not firm, but an all-metal building, possibly 50' x 100', situated east of the present gym on what is now parking lot, has been mentioned. No firm figures of cost are available, but \$20,000 is talked. None of that amount would be reimbursed by the state.

An effort to make the construction a "community project" has been suggested.

Because it would not be attached to the present building, several usual requirements of constructions might be eliminated. Necessity for water, for example, might be by-passed in building plans.

In other business Thursday:

-Warning was sounded that a tax millage increase may be needed to meet increasing projected '74-'75 costs.

-The board proposes to "name" the new track field.

-Dr. Thomas W. O'Connor has resigned as high school and junior high school athletic teams doctor. He is to be replaced by Dr. Gratch.

-SICO was granted a contract to furnish fuel oil for '74-'75. There was one other bidder.

-Sabbatical leaves were granted Glenn N. Leib and Mrs. Betty Lutz for next year.
