It's a good bet that within the not-too-distant future, there are going to be more curbs along Mount Joy streets in the Florin area.

And, one of the first pieces of property involved may well be the Florin park, at the fire house.

Lines and grades for properties in that area already are being established.

Daylight saving time is "due" to "go off" at 2 a.m. on Sunday, Oct. 27.

Even if it doesn't, the Donegal schools will adjust their beginning and closing times a half hour to take the best advantage of whatever daylight there is available at the best times of the day.

If you are making plans for Thanksgiving, keep in mind — if you have high school band people in the family — that Donegal will put its Green and White marching musicians in the Gimbel's Parade on Turkey Day in Philadelphia.

And — that's November 28.

We've heard of some families which have scheduled their Thanksgiving feast, in other years, as an evening event, just to accommodate some band member.

Rail splitting must not be a lost art!

We thought it might have disappeared with Abraham Lincoln and others of his era, but it seems to be "alive and doing well," if we may judge by the beautiful rail fences we saw this past week end.

We took a long drive through the mountains of Virginia and West Virginia while visiting with our daughter and her husband in Harrisonburg, Va. We saw not one, but many homes with long sections of rail fence around yards, barn-lots and fields. They are in excellent repair, leading us to think that it couldn't have been built too long ago. ## Donegal Indians Close; Miss 14-13

Donegal's Indians came close Saturday at Cocalico but missed by a touchdown conversion.

Late in the fourth quarter, Donegal came from behind and with a touchdown earned from a 72-yard drive, pulled to within one point — 14-13.

There was an immediate decision to be made. Try for a two-point PAT and a one-point victory, or try for a one-pointer and a tie score?

The Tribe went for broke and a pass play failed, leaving the Indians near but losers.

It was defeat number four of the season. A win could

have put the record at 2 and 3.

Cocalico scored in the first period, Donegal came back to tie the game in the second. The third went scoreless and the fourth Cocalico tallied seven points to take the lead.

Al Brooks, who had a fine day on the field Saturday, carried over in the fourth from the two after the Indians put together their long drive. Randy Richards had carried in the first Donegal TD from the 56 on a pitchout from Kevin Bradley.

As compared to previous games, Donegal chewed up the yardage Saturday, racking up 204 from rushing.

Richards carried 10 times for 120 yards and Brooks tried 14 for 79.

Jeff Ruhl played a good game on defense, making 11 tackles and assisting four times. For his effort, he won the defensive "head Hunter" award of the week. Brooks had six tackles and five assists. Others looking good on defense were Mark Presnell, Bob Bishop and John Haines.

A week earlier, the Indians soaked up a 34-0 defeat as Elco came to the Donegal field.

It was a 0-0 tie at the half but in the third, Elco pushed in two TD's and in the fourth three more.

Donegal had only five first downs as Elco racked up 236

## Father and Daughter And Husband, Wife Win Tennis Crowns

A father and daughter team and a husband and wife combination were winners of the Two divisions of the Mixed Tennis Doubles tourney, played this past weekend at the Borough park courts.

Corinda Zink and her father, Frank Zink, were winners of one division and Beverly and Henry Becker were winners of the other.

Played in round-robin fashion, the tourney saw

Pam Hershey and Terry Crider come in as runners up to the Zinks and Jerry Rutt and his sister-in-law, Mrs. James Rutt, second in the other section.

Thirteen teams participated.

Played under ideal weather conditions, the tourney was sponsored by the newly-formed Mount Joy Tennis Club, which earlier this Fall had stated a doubles event.

This is Fire Prevention week — Oct. 7 to 13 — and Friendship Fire Company No. 1 is observing the occasion with a three-point program.

1. - Housing of a beautiful new Hahn pumper.
2. - An Open House.
3. - Dedication of the 1949 'Keller' Dodge pumper to the Lancaster County Firemen's association.

The Open House at the company's headquarters on north Market street will be open to the public from 10 a.m. until 4 p.m. and firemen will be in attendance.

At 2 p.m. that day, the Housing ceremony will be held for the 1974 Hahn Custom Pumper, which was delivered recently after being on order for more than a year.

Equipped and ready to roll, it represents an investment by the company and by the community of \$50,000. However, not one cent, Chief Frank Good Jr. said this week, came from tax funds.

Chief Good emphasized that he voices the feeling of the entire membership when he says that Friendship Fire company greatly appreciates the support and confidence that the public of Mount Joy has given it as it strives to upgrade the equipment and the effectiveness of the fire fighting organization.

The company by its many money-raising efforts and by the generosity of the public has been able to meet most of the purchase price. A bank loan has completed the transaction.

At the same ceremony, the 'Keller' truck, which was given to the community by the late K.T. Keller as a gift to the town in which he grew
