

Welcome Wagon Club to Stage Christmas Party

The Mount Joy Welcome Wagon club held its monthly board meeting on Dec. 4th at Ruth Moore's. Details of the bazaar were brought up to date and plans were made for the new year.

A Children's Christmas Party will be held Dec. 14th, from 1 to 4 p.m. at the Mount Joy Legion. Santa will be there. The Lancaster Women's Club will present a puppet show entitled, "It Happened After All." Lee Bickford must be notified in advance by those who plan to attend.

Winners of the two paintings at the November Bazaar were Chad Rankin, Mount Joy, and Louise Seiders, Rheems.

Crafts were slated to meet at Sharon Oldfather's to make candy trees, Thursday, Dec. 11, at 8 p.m.

Last month's dinner meeting was very informative. Trooper Edward J. Rowlands, spoke on "Assault Prevention" and with the help of Betty Dixon demonstrated some methods of self defense. A lively question and answer period followed.

The board will meet again at Donna Voytek's on Jan. 8, at 7:30.

Chief Of Police Gives Driving Hints For Wintertime

Even though fall is upon us, many of Mount Joy area motorists are still locked into summertime habits when it comes to driving and car maintenance.

The warning was from Police Chief J. Bruce Kline, who supported his comment with this observation, "What happens when the first snow flies? Cars are lined up at every garage and service station getting radiators checked and snow tires installed!"

"That's giving up summer driving habits far too late," the Chief continued. "Not only is our safety record jeopardized, so is your life and the lives of your family and passengers!"

The kind of advance planning Chief Kline was talking about involves tire chains and tires themselves.

Disclaiming any special expertise concerning tires, the Chief cited these traction action tips from the National Safety Council's Committee on Winter Driving Hazards:

Regular tires should have enough tread to get a good bite on snow or ice. Snow tires are an advantage if you drive a lot on snowy roads. They should be of the same size and construction as the front tires.

Studded snow tires (in areas where legal) are even better, preferably on all four wheels. They offer the same advantages as regular snow tires, plus extra effectiveness on ice. When it comes to severe snow ice conditions, reinforced tire chains give you the most traction advantage.

Now is the time, according to Chief Kline, to forsee winter driving needs and equip vehicles accordingly.
