

## Marietta Boro Council candidates (continued)

his wife, Dorothy, have two sons: Thomas, a professional engineer and R. Michael, an employee of the Armstrong Ceiling Plant.

Mr. Long served six years in the U. S. Air Force. He is a graduate of Franklin & Marshall College, 1951, with a B.S. degree in Economics. He is employed by United Telephone Company at the company's Eastern Group Headquarters, Carlisle, Pa., as Cost Study & Toll Settlements Manager.

A former member of Donegal Sewer Authority and Marietta-Donegal Sewer Authority, Long is also a member of the Marietta Lions Club and the National Association of Accountants.

Long is a member of St. John's Episcopal Church and serves as Vestryman and Treasurer.

### Long's Statement -

As a resident of Marietta for the past 29 years, and having seen how our community has acted as a unit at one time, and gone off in seven different directions at other times, I feel that we can progress much further than we have if we have a council which works together as a concerned, dedicated group. This is the key - dedication to the community, not to the party.

The era of strict parochialism is over, and for this reason I decided to run for a seat on council. We must all learn to work for the common good of the entire Donegal area. We are limited as far as land expansion is concerned, but we are not limited as far as working together with our neighbors is concerned.

There are improvements which can be made in services rendered to our residents, and the residents of Marietta can help in improving the image of the community. We must all work together toward this improvement. We must all remember that Marietta's image and reputation travels far afield, and we all want that image and reputation to be the best.

If I am elected to council, I feel that I can bring some knowledge and experience to that position which, with the help of everyone in the community, can do nothing but improve our community in every way.

### DAVID L. WHITE Biographical Information

David L. White, 28, 241 W. Market St., was born and raised in Marietta, and graduated from Donegal High School in 1965. He furthered his education at Hiram Scott College, Scottsbluff, Nebraska, and was awarded the Hiram Scott College President's Award, for outstanding leadership and service to the college.

David L. White

White has a B.A. degree in education. His work experience has included positions with the YMCA, the Girl Scouts of America, and Community Services, Inc., of Lancaster.

### White's Statement:

Marietta can no longer afford to continue to elect its public officials solely on the basis of voting for neighbors or friends, the election a forgone formality. I hope that next year's council reflects an educated selection of Republicans and Democrats whose concern is not party politics, but meets head on with problems as:

The enforcement of boro ordinances on a fair and equal basis;

Fighting for the thousands of State dollars that we have available for numerous recreational projects, such as parks, playgrounds, and bike routes;

Planning and zoning, to insure the saving of our historical heritage, and preventing the multiple problems of commercialization.

In short, as the world becomes more complex, so do the problems of a small town. I believe that there my experience in administration, planning, and financing, that I can help to find solutions to our mutual concerns.

John Hinkle

### JOHN HINKLE Biographical Information

John Hinkle, age 36, and his wife Rose Hinkle have five children: Rickie, Ronald, and Robert Bishop and Melissa and John Hinkle, Jr. He resides at 580 E. Market

St., Marietta, and has been a resident of Marietta all his life. He is employed at Harrisburg International Airport as Maintenance Superintendent and has worked there for the past eight years.

### Hinkle's Statement:

For the past few years I have been approached by several people of both parties asking me to run for councilman. I have asked myself just what can I contribute to the people of Marietta. Over the past several years I've felt that the people of the Borough of Marietta have not been properly represented. Members of Council have been elected to represent all the people, not just some.

I cannot understand why people from outside of the borough and a few people within the borough sway some of the councilmen to vote their way, just to benefit a few people, and not the people of Marietta. Another thing I can't understand is why the property owner, the residents, and the young people of the borough should be harassed when all it would take is a little understanding and cooperation from the people and the borough representatives to sit down and sensibly discuss their problems together.

If elected to council I will do all I can for the people and for the borough. I will make no promises to to anyone as to just what I will do if elected, because it still takes seven councilmen and a Mayor to make the borough function.
