

## Free blood pressure check

The State Health Department and the Visiting Nurses Association are cooperating with the Lancaster Chapter of the American Heart Association during May with a month long effort to educate the public about hypertension.

The following sites will be available for area residents who wish to have their blood pressure checked as a preventive measure. The blood pressure check itself takes only a few minutes, and no prior appointment is necessary. May 15, 1 - 3 p.m., Marietta Community House; May 17, 2 - 4 p.m., Marietta Community House and Sloan's Pharmacy, Mount Joy.

The program is primarily one of detection. Persons screened and found to be at risk from high blood pressure will be referred to their doctor for further testing and treatment.

Year round free blood pressure screenings are held at 246 West Orange St. from 2 - 4 p.m. every Friday except holidays.

The Heart Association's blood pressure screenings and educational program will continue throughout the year. For more information about the screenings on high blood pressure, contact the American Heart Association, Lancaster Pennsylvania Chapter, Inc. 393-4781.
