Candidates for Mount Joy Borough Council

M. GEORGE FITZKEE

Biographical Information

M. George Fitzkee, 615 Donegal Springs Road, Mount Joy, is 46 and was born in Rapho Township. He is a graduate of Mount Joy High School and Pennsylvania State University, from which he received a degree in business administration. Fitzkee served four years with the United States Air Force in Japan and Korea. He is a past president of the Florin Lions Club and also of the board of directors of the Mount Joy Library. He is a member of Trinity Lutheran Church, Mount Joy.

For the past 15 years Fitzkee has been employed as a computer salesman with Sperry Univac.

Fitzkee and his wife Ann have three children: Georgeanne, Deborah, and Peter.

Fitzkee's Statement

Since I returned to Mount Joy in 1960, I have watched Mount Joy grow in population, new industry, and in area. Due to the slow action of Mount Joy developing a good zoning and growth plan for the borough, undesirable situations developed from this growth which can not now be easily corrected. Although a great deal has

been done to correct these situations by borough council, a lot of work remains to be done.

Other problems facing Mount Joy which will require a strong council to resolve without a great expenditure of taxpayers' dollars, are remedying the deplorable conditions of the Penn Central Railroad bridges in Mount Joy and providing sewerage facilities to sections of the Florin Ward.

If I am elected to council in November, I will be attentive to the needs of the people and will work to make Mount Joy a better place in which to live.

Gutshall has lived most of his life in Mount Joy and attended Mount Joy High School. He values most, however, the disciplined study of mental arithmetic and geography that he received in a local country school to which his father sent him.

He has been in the construction business 'all my life.'

Gutshall's Statement

I think I can help the borough out with their construction problems.

Charles W. Ricedorf

Ricedorf's Statement

I came on the Borough Council four years ago with the thought of upgrading our present services and streamlining the Administration affairs of our local government. We have made great

strides in the past, but there is still much to be done. For the last couple of years it has become very difficult to balance our budgets. This task will become more and more difficult in the future. All departments within our borough government must continue to be made aware of these expenditures and must begin to justify this to the people of Mount Joy. I have always been opposed to placing additional mills on real estate as a means for additional income. This is unfair taxation, because it places the burden on the property owners only and discourages home improvements. Why should the property owner be penalized for fixing up his property? Taxation should be fair and equal to all citizens.

The job of serving on the Borough Council would be so much easier if only the people in our community would indicate to their councilmen how they feel about different issues. After all, we are your representatives. I as a representative of the citizens will take all your thoughts and answers into consideration when voting on all issues. If re-elected, I will continue to look out for the good of all citizens and make all departments within government account for their time and expenses time and expenses.
