

more Mount Joy candidates

Omar G. Groff

OMAR G. GROFF Biographical Information

Mr. Groff, 58, was born and raised in the vicinity of Mount Joy and has resided in the borough for the past 40 years. His wife, Caroline, and he have one son, Charles, a CPA associated with the firm of Pollock, Groff, and White.

Mr. Groff attended Mount Joy public school and was graduated from the high school in 1935. He has been associated with the poultry business for the past forty years, first as a foreman and now as a manager.

Presently vice-president of Borough Council, Groff is completing a four-year term, plus a two-year prior term to which he was appointed. He has served on the Mount Joy Planning and Zoning Commission for ten years, eight years as chairman. He has been appointed to the Advisory Committee of Local Government to the Lancaster County Planning Commission and is presently serving as vice-chairman of the executive committee.

Groff is a member of St. Mark's United Methodist Church.

Groff's Statement (Interpreted by the Bulletin)

During most of the forty years Mr. Groff has lived within the borough he has seen it maintain its small town characteristics. Only in the past two years in an expanding economy has he seen a natural local development take place within and on the outskirts of the town.

He sees this recent change as having a great impact on the town, requiring some control of the new development.

The zoning ordinance of the borough was rewritten and recently adopted to regulate the use of undeveloped land. Groff feels that the new ordinance will insure that future development will come in an orderly fashion and will not be a burden to the people who have lived here all their lives.

Groff thinks that Mount Joy is perhaps maintaining fire and police organizations which are overly large. Certainly, he feels that the fire companies should be compensated for their service to areas outside the borough.

As an alternative to maintaining a large police force the borough should consider participating in forming a regional police force.

Mr. Groff is a supporter of the Council of Government (COG), which is a getting-together of the officials of Marietta, Mount Joy, East Donegal, and Mount Joy townships. He says, 'They all have their impact on us, and we have our impact on them.'

Harold K. Keller

HAROLD K. KELLER Biographical Information

Mr. Keller resides at 268 Marietta Avenue, Mount Joy with his wife Helen and eight children. The Kellers have three sons: Timothy, Benji, and Matthew; and five daughters: Peggy (Mrs. Samuel Crowl), Patsy, Judy, Joette, and Amy.

Mr. Keller moved to Lancaster County in 1953. Before entering the profession of real estate he was employed by Eberly's Furniture Store and owned and promoted the Elizabethtown Antiques Show. Antiques continue to be a hobby of Keller's.

He attended auctioneering school in Iowa and conducts Realty and estate auctions in Lancaster County. Members

of Keller's family assist him at the auction sales.

Mr. Keller's primary business, however, is real estate. He is President of Triangle Realty, Inc., 1576 Lititz Pike, Lancaster. A licensed broker, he is chairman of the Multi-List Committee for the Greater Lancaster Board of Realtors. Keller has earned eight Real Estate Certificates from Pennsylvania University along with the GRI designation.

Recently, Keller was appointed by Judge Johnstone to the Board of View.

Keller is a member of Mount Joy Rotary. He and his family attend St. Mark's United Methodist Church in Mount Joy.

Keller's Statement (Interpreted by the Bulletin)

Mr. Keller stated that Mount Joy has been a safe and comfortable place in which to raise a family, but emphasized that the leaders of the Borough will have to work to keep the crime rate low, preserve traffic safety, and see that the railroad bridges are reconstructed.

Keller would like to see pride in home ownership maintained at a high level in Mount Joy and believes this can best be accomplished by not overtaxing the owners of property.

He sees the police department playing an important role in public relations for the borough. He is for a continuation of a policy of kindness and helpfulness on the part of the police, rather than an emphasis on apprehending citizens in minor violations. The police can perform a useful service by their courtesy and kindness to travellers passing through Mount Joy. To travellers they are representatives of the borough.

The police can help in preserving the image of Mount Joy as a friendly town.

Mr. Keller favors a program of beautification of the town, including planting of trees and shrubs.

He believes that in governing, personalities should be lost sight of in a common pursuit of the good of the town. By concentrating on that common goal we can assure that Mount Joy will be a better place in which future generations can live.

Last week's edition of the Bulletin presented statements by Marietta candidates: Howell, Overlander, Long, White, and Hinkle. Candidates Cohen and Smith have not given the Bulletin statements.

Madsen runs in Marietta

Wayne H. Madsen

WAYNE H. MADSEN

Biographical Information

Mr. Madsen resides at 13 South Pine Street, Marietta, with his wife, Jackie.

Madsen's Statement

My main interest in running for Council is the future of Marietta, to keep the borough basically as it is, historic. I feel that I am qualified to accept this responsibility because of the existing and previous positions I have held, including borough housing officer.

Recreation facilities are important not only for the youth but also adults. Parks, swimming pool, new tennis

courts are things that every town should have. There is no reason why Marietta can not have a public park with the facilities we can all enjoy. Because of my athletic interest and ability I would be able to organize such recreational activities.

Building developments should be discouraged. There enough ultra suburbs. Marietta's location is excellent in a way that all comforts of modern living are close enough without it being in the boro itself. We should continue working with the existing structures rather than developing new ones which take away the unique quality of the borough.

Council isn't based on one's individual ideas, but

every person involved on council and in the town itself. The people in the town and members of Council should work together. If a person feels something should be changed or has a new idea that could help the borough, it is his or her responsibility to bring it to Council's attention, instead of constantly complaining about it. It is most important that everyone involved in Marietta should work together.
