Vandals wreck park; Parker wants names

Vandals have been destroying drinking fountains, windows, swings, merry-go-rounds, fireplaces, etc. in Marietta's War Memorial Park.

The cost of making repairs, only to have the repaired property damaged all over again, is getting exorbitant for the Borough government.

John L. Parker, Jr., President of the Borough Council most strongly urges any citizen who knows who the vandals are to reveal their identity and thereby put a stop to the destruction.

Any citizen with information about the vandals should call 426-3613 or 426-1457.

D.H.S. soccer players strengthen sport here

Soccer has not been the most popular sport in America, although it is in many European and Latin American countries, where the games are attended by thousands of very partisan fans who sometimes get into violent fights over the outcomes of games.

Despite its previous lack of popularity here, there are many signs that it is at last catching on to the favor of Americans, and that it may become a major American sport.

Donegal High School soccer players are doing everything they can to help soccer become a more popular sport in our area.

This summer they are devoting every morning to teaching the sport to students in the four elementary schools in the Donegal District.

At Riverview, Tex Landis, and Mike Sager are coaching the grade schoolers.

At Maytown Steve Eno, Buzz Haake, and Jay Long are the coaches.

At Seiler the program is being run by Kris McCue, Jon Sheetz, Jake Sherk, and

Mark Weidman.

At Grandview it is Scott Brightbill, Ray Husband, Henry Klugh, and Randy McCoy who are in charge.

Teams from each of the four schools have been playing each other, but the **Bulletin** received conflicting reports about the standings, and hence will report none.

But there is no question about the enthusiasm of the players and their coaches.

The hope of the coaches is that the kids who have been introduced to soccer will go out for it in junior high and continue playing in high school.

If soccer becomes a more popular sport locally, it won't be by accident.

Two girls, Jennie Eno of Maytown School and Marty Miller of Seiler are learning the game of soccer and playing a rugged game.

Soccer may be the sport of the future, and it is in tune right now locally with another contemporary trend — Women's Lib.

Coach Bernie Thome of Donegal will be having some good players coming along in a few years — of both sexes.
