

Boating course to be given Sept. 8

ENROLL IN THE FREE BOATING COURSE

"Boating", a practical and highly informative course in the safe and skillful handling of pleasure boats is offered free by the Lancaster Power Squadron starting Monday, September 8, 7:30 to 9:30 p.m. in the Manheim Township Middle School, Neffsville. The course is open to men and women and to youths 12 years and older. There will not be any advance reservations or enrollment. Persons wanting full information about the course are invited to attend the first session.

Norman Williamson, Lititz, will be in charge of this 10 session course. He is experienced in power boating and in sailing. Several other experienced members of the Power Squadron will discuss and demonstrate various kinds of information such as boat trailering, marine charts, buoys and other aids to navigation, right-of-way, sound signals and lights.

The course covers both sailing and power boating and shows what to do under various water and weather conditions. It offers a remarkable amount of useful information that makes boating on lakes, rivers and in coastal water easier, safer and more enjoyable.
