Friendship firemen battle blaze on Henry Street

Fire on Henry St., Mount Joy

by Bill Martin

An overloaded circuit was the cause of a fire that damaged a 2 1/2 story double house on Henry Street in Mount Joy, Saturday, August 23.

Mrs. William Cox, 11 S. Market Street, discovered and reported the fire at 2:58 p.m.

When firemen arrived, smoke was pouring from a rear second floor bedroom window on one side of the house. The fire, which was described as very hot, was extinguished quickly after the roof was ventilated.

County Fire Marshall, Paul Knier, stated the fire started in wiring near a receptacle in the wall of the rear bedroom because of an electrical overload.

The second floor was extensively damaged and the attic had moderate damage. The estimated damage to the building was listed at \$13,000.00 by

Assistant Chief Jim Markley. No estimate was available for the contents.

Firemen were credited with their quick response in saving the remainder of the house. There was slight water and smoke damage on the first floor. Salvage covers were placed on the rug and over the furniture. The other 1/2 of the house, occupied by Mary Keck, was described as in good shape with only very minor smoke damage to clothing.

The Mount Joy Ambulance crew treated Dennis Fackler, Leo Shank, and Doug Estock for minor smoke inhalation. Mrs. Eileen Teleky, who was in her house at the time escaped the fire without injury.

Firemen were in attendance four hours. Cold drinks were provided by the neighbors and Ladies Auxiliary. Mount Joy and Florin Fire Departments responded to the blaze with approximately 60 men.
