

READ THIS LABEL CAREFULLY

Then...

If you ever need a new electric water heater . . . insist on one worthy of wearing this label. It is placed on installed water heaters that qualify as low-wattage units. (That's heating elements of 2500 watts or less.)

The advantage is you can go to a larger tank . . . have all the hot water your family will ever need . . . and, in the long run, still use less electricity than a water heater commonly referred to as a quick recovery type.

In these days of rising energy costs, that's good to know!

An Energy Saving Message From **PP&L**

Chorus plans fall schedule

by Mrs. James B. Heilig

The Mount Joy Community Chorus has been rehearsing during the summer months and will get into full swing for the 1975-76 season with its first fall rehearsal on Tuesday, September 9 at 7:30 p.m. in the Fellowship Hall of Trinity Lutheran Church, W. Main Street, Mount Joy.

The members of the chorus, under the direction of Miss Dorothy E. Schock, extend an invitation to anyone in the Mount Joy area and neighboring towns, sixteen and over, interested in music and who enjoys singing, to join the group.

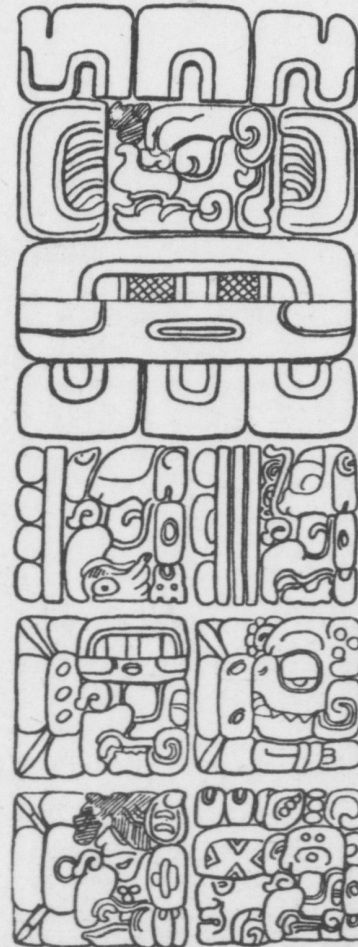

It is requested that former members of the chorus who do not propose to continue with the group, please return all music and black folder given only for use while participating in the activities of the chorus. Please return, as soon as possible, these items to Miss Schock, 33 Frank St., Mount Joy or Mrs. James Heilig, 23 W. Main St., Mount Joy.

The chorus rehearses the first and third Tuesdays of every month at 7:30 p.m. at Trinity Lutheran Church, Mount Joy. Because the first Tuesday of September follows Labor Day weekend it was decided to rehearse the second and third Tuesdays of September—the 9th and 16th.

C. Webb wins M.S. degree

Claudia J. Webb, 128 East Main Street, Mount Joy, is one of 21 men and women awarded master's degrees by Bucknell University at the conclusion of the recent summer school session.

Mrs. Webb, who earned a bachelor of science degree from Bloomsburg State College in 1972, received the master of science in education degree.
