Ten Cents

Sharon Grissinger, last year's Homecoming Queen, crowns Kathy Beach. Miss Beach was escorted by soccer star Bob Barto.

Homecoming at D.H.S.; Kathy Beach queen; Indians lose; pictures, stories on pages 6,9,12

Majorettes Sue Pickle, Cindy Charles, and Jonan Shirk stood in front of the DHS marching band.

Gary Graybill to present proposal for house to Mount Joy Council

Gary Graybill

Gary Graybill, son of Mrs. Elva Graybill, will present a proposal to the Mount Joy Borough Council at their regular monthly meeting next Monday evening.

Gary will propose that the Borough permit his mother and him to continue living in the house on Manheim and Barbara Streets that they have been renting from the Borough for \$20 a month.

Part of Gary's proposal is that his mother and he will undertake renovating the house. The Borough Council had asked the Graybills in August to leave the house, inhabited by the family for the past 45 years. The Council planned to lease the building to the Mount Joy Historical Society for \$1 a year. The Society would renovate the building and convert it into a museum and public meeting place for Mount Joy residents.

The Council viewed their decision as in the public interest, since the house is located in the borough park.

Considerable sympathy has been aroused for the evicted Graybills. Mr. and Mrs. Glenn Weaver, 212 Fairview St., Mount Joy, and other citizens concerned about Mrs. Graybill, a widow, and her son Gary, have been circulating petitions urging the Council to change its decision.

The Lancaster newspapers have published numerous articles describing the plight of the Graybills.

The Historical Society, reacting to expressions of sympathy for the Graybills, has announced that it did not ask for the building; the borough offered it to the Society.

Borough officials have expressed personal sympathy for the Graybills, but see the problem as a conflict between private and public interest, in which they are committed, as public officials, to a solution that would benefit the greatest number of people.
