

## DAVID L. WHITE Biographical Information

David L. White, 28, 241 W. Market St., was born and raised in Marietta, and graduated from Donegal High School in 1965. He furthered his education at Hiram Scott College, Scottsbluff, Nebraska, and was awarded the Hiram Scott College President's Award, for outstanding leadership and service to the college.

David L. White

White has a B.A. degree in education. His work experience has included positions with the YMCA, the Girl Scouts of America, and Community Services, Inc., of Lancaster.

### White's Statement:

Marietta can no longer afford to continue to elect its public officials solely on the basis of voting for neighbors or friends, the election a forgone formality. I hope that next year's council reflects an educated selection of Republicans and Democrats whose concern is not party politics, but meets head on with problems as:

The enforcement of boro ordinances on a fair and equal basis;

Fighting for the thousands of State dollars that we have available for numerous recreational projects, such as parks, playgrounds, and bike routes;

Planning and zoning, to insure the saving of our historical heritage, and preventing the multiple problems of commercialization.

In short, as the world becomes more complex, so do the problems of a small town. I believe that there my experience in administration, planning, and financing, that I can help to find solutions to our mutual concerns.

## E. DONEGAL TOWNSHIP Supervisor [1] Republican

LLOYD H. FUHRMAN

Mr. Fuhrman did not wish to make a statement to the Bulletin.

## MT. JOY TOWNSHIP Supervisor [1] Republican

CHARLES E. CROWE

Mr. Crowe, owner of a milk transport business, unseated incumbent supervisor Richard D. Cooper, last May in the Republican primary.

The vote was 203 to 201 and was challenged for a re-count.

Crowe won on a platform on which he still stands: that the township government should be friendly to farmers, have an open ear to all citizens, be honest, conscientious, dependable, and oppose mass tourism.

## MOUNT JOY Boro Council East Ward [2 seats] Democrat

H. B. GUTSHALL

### Biographical Information

Gutshall is the only Democrat running for Borough Council in Mount Joy. He and his wife, Anna Jeannette live at 134 East Main Street, Mount Joy. They have three daughters: Betty (Mrs. Roy Bixler) of Florin, Fay (Mrs. Robert Kettering) of Elizabethtown, and Shirley (Mrs. Weiland).

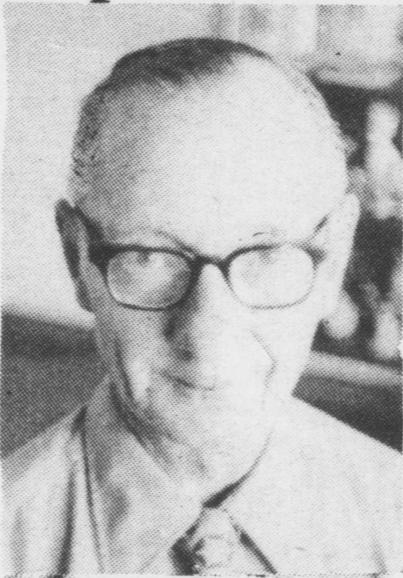

Gutshall has lived most of his life in Mount Joy and attended Mount Joy High School. He values most, however, the disciplined study of mental arithmetic and geography that he received in a local country school to which his father sent him.

He has been in the construction business 'all my life.'

### Gutshall's Statement

I think I can help the borough out with their construction problems.

## Republicans

Omar G. Groff

### OMAR G. GROFF

#### Biographical Information

Mr. Groff, 58, was born and raised in the vicinity of Mount Joy and has resided in the borough for the past 40 years. His wife, Caroline, and he have one son, Charles, a CPA associated with the firm of Pollock, Groff, and White.

Mr. Groff attended Mount Joy public school and was graduated from the high school in 1935. He has been associated with the poultry business for the past forty years, first as a foreman and now as a manager.

Presently vice-president of Borough Council, Groff is completing a four-year term, plus a two-year prior term to which he was appointed.

Groff is a member of St. Mark's United Methodist Church.

### Groff's Statement

(Interpreted by the Bulletin)

During most of the forty years Mr. Groff has lived within the borough he has seen it maintain its small town characteristics. Only in the past two years in an expanding economy has he seen a natural local development take place within and on the outskirts of the town.

He sees this recent change as having a great impact on the town, requiring some control of the new development.

The zoning ordinance of the borough was rewritten and recently adopted to regulate the use of undeveloped land. Groff feels that the new ordinance will

insure that future development will come in an orderly fashion and will not be a burden to the people who have lived here all their lives.'

Groff thinks that Mount Joy is perhaps maintaining fire and police organizations which are overly large. Certainly, he feels that the fire companies should be compensated for their service to areas outside the borough.

As an alternative to maintaining a large police force the borough should consider participating in forming a regional police force.

Mr. Groff is a supporter of the Council of Government (COG), which is a getting-together of the officials of Marietta, Mount Joy, East Donegal, and Mount Joy townships. He says, 'They all have their impact on us, and we have our impact on them.'

## CHARLES W. RICEDORF Biographical Information

Mr. Ricedorf, 34, resides at 242 Park Avenue, Mount Joy with his wife, Joyce E. and two daughters: Stacey, 9, and Stephanie, 5. He has been a resident of the borough for the past twelve years and is employed by The Sico Company as office manager. A past president of the Mount Joy Lions Club, he is presently serving as a member of the board of directors of Norlanco Family Health Center. Ricedorf is Chairman of the Administration and Finance Committee of the Mount Joy Borough Council.

Charles W. Ricedorf

### Ricedorf's Statement

I came on the Borough Council four years ago with the thought of upgrading our present services and streamlining the Administration affairs of our local government. We have made great strides in the past, but there is still much to be done. For the last couple of years it has become very difficult to balance our budgets. This task will become more and more difficult in the future.

All departments within our borough government must continue to be made aware of these expenditures and must begin to justify this to the people of Mount Joy. I have always been opposed to placing additional mills on real estate as a means for additional income. This is unfair taxation, because it places the burden on the property owners only and discourages home improvements. Why should the property owner be penalized for fixing up his property? Taxation should be fair and equal to all citizens.

The job of serving on the Borough Council would be so much easier if only the people in our community would indicate to their councilmen how they feel about different issues. After all, we are your representatives. I as a representative of the citizens will take all your thoughts and answers into consideration when voting on all issues. If re-elected, I will continue to look out for the good of all citizens and make all departments within government account for their time and expenses time and expenses.

## West Ward [1 seat] Republican

Harold K. Keller

## HAROLD K. KELLER Biographical Information

Mr. Keller resides at 268 Marietta Avenue, Mount Joy with his wife Helen and eight children. The Kellers have three sons: Timothy, Benji, and Matthew; and five daughters: Peggy (Mrs. Samuel Crowl), Patsy, Judy, Joette, and Amy.

Mr. Keller moved to Lancaster County in 1953. Before entering the profession of real estate he was employed by Eberly's Furniture Store and owned and promoted the Elizabethtown Antiques Show. Antiques continue to be a hobby of Keller's.

He attended auctioneering school in Iowa and conducts Realty and estate auctions in Lancaster County. Members

of Keller's family assist him at the auction sales.

Mr. Keller's primary business, however, is real estate. He is President of Triangle Realty, Inc., 1576 Littitz Pike, Lancaster. A licensed broker, he is chairman of the Multi-List Committee for the Greater Lancaster Board of Realtors. Keller has earned eight Real Estate Certificates from Pennsylvania University along with the GRI designation.

Recently, Keller was appointed by Judge Johnstone to the Board of View.

Keller is a member of Mount Joy Rotary. He and his family attend St. Mark's United Methodist Church in Mount Joy.

### Keller's Statement

(Interpreted by the Bulletin)

Mr. Keller stated that Mount Joy has been a safe and comfortable place in which to raise a family, but emphasized that the leaders of the Borough will have to work to keep the crime rate low, preserve traffic safety, and see that the railroad bridges are reconstructed.

Keller would like to see pride in home ownership maintained at a high level in Mount Joy and believes this can best be accomplished by not overtaxing the owners of property.

He sees the police department playing an important role in public relations for the borough. He is for a continuation of a policy of kindness and helpfulness on the part of the police, rather than an emphasis on apprehending citizens in minor violations. The police can perform a useful service by their courtesy and kindness to travellers passing through Mount Joy. To travellers they are representatives of the borough.

The police can help in preserving the image of Mount Joy as a friendly town.

Mr. Keller favors a program of beautification of the town, including planting of trees and shrubs.

He believes that in governing, personalities should be lost sight of in a common pursuit of the good of the town. By concentrating on that common goal 'we can assure that Mount Joy will be a better place in which future generations can live.'
