Mt. Joy Chamber of Commerce urges action on railroad bridges

The Mount Joy Chamber of Commerce has sent the following letter to the Borough Council;

Gentlemen:

At recent directors meetings, the main topic of discussion were the railroad bridges, their condition, the possibility of injury to some one, or even worse, a fatality.

We realize the Penn-Central Railroad will not repair them due to their financial condition. We are requesting that the Mount Joy Borough Council give serious thought to closing of some of the bridges to vehicle traffic. The town in reality is a divided town because of weight restrictions placed on the bridges. Closing some of the bridges

would not have any adverse effect on the town, no more than it already has.

I would greatly appreciate knowing your reaction to this suggestion, and if any definite action will be taken now or in the future concerning the closing of some of the bridges.

Respectfully yours,
Gerald Alleman
President

\$500 to the '74 building fund. An armètale plate was sent as a token of appreciation for the donation.
