Local Department.

PENNSYLVANIA R. R.—MIDDLE DIVISION.

Table with columns for Westward and Eastward, listing stations like Harrisburg, Yorkville, and New York, with corresponding times.

Brief Items.

Capt. B. F. Miller, of Newport, has been appointed Notary Public.

It seems to be a well-authenticated fact that the Marshal Furnace, at Newport, will soon go into blast.

Mr. Michael Hortling, residing near Newport, has been taken to the Asylum at Harrisburg for medical treatment by order of the Court.

In consequence of the illness of Judge Bucher, Judge Junkin will be absent on Tuesday; therefore the jury trial ordered for that day will be postponed, and the jury notified not to come.

Mr. Wm. Burn, of this place had a slight paralytic shock on Saturday night. On Sunday he was able to be out again but walked with great difficulty.

Quite a number of persons in this part of the State are having the Western fever. Very many of them will have the Eastern fever in less than a year from now.

Chicken thieves visit people in Newport, and that is how it happens that Mr. B. M. Eby is short of five nice fowls, and Ben. seems to have a pretty correct idea as to who took them.

The First District Union Sabbath School Association of Perry county will hold its third session at the Buffalo Stone Church, in Saville twp., on Saturday and Sunday, March 16th and 17th, beginning on Saturday at 10 1/2 A. M.

The smoke house belonging to Mr. John Smiley, in Carroll twp., was visited by thieves a few nights since, who stripped it entirely. They got eighteen pieces of meat, but lost two of them a short distance from the house.

Chas. A. Barnett, Esq., has had a fine monument placed in the cemetery of this borough to mark the resting place of his father and mother and his grand parents. The monument was made by Mr. A. V. Hombach of Newport, at a cost of \$500.

Three tramps affected with too much whiskey created a disturbance in a barber shop at Duncannon on Monday of last week. They were arrested, and taken before Squire Shearer and two of them were subsequently sent up here to jail.

The barn belonging to Mr. Porte Beale, near East Waterford, Juniata co., was burned on Wednesday evening, the 27th ult. Mr. Beale and his wife were absent at the time, but the girl who was at home, succeeded in getting the stock out of the burning building. We are sorry for Porte.

Kicked by a Horse.—A few days ago, Mr. John Shaver, a former resident of this county, but now residing in Bedford county, was kicked by a horse. The kick fractured the skull, and at the time our information was sent, the injured man was in a precarious condition.

An Old Bible.—A lady friend writes us from Gallon, O., saying that B. F. Rinehart of that place has a German bible that was printed at Nuremberg in 1765. The book is 16 1/2 inches long 10 1/2 broad and 5 inches thick and is looked upon there as quite a curiosity.

Fire in Liverpool.—Our Liverpool correspondent sends us the following:—On last Wednesday evening the dwelling belonging to the heirs of Margaret Beigh was destroyed by fire in this borough. The fire is supposed to have originated from a defective flue. The family had made preparation to remove the day following, and consequently were enabled to save most of their household goods.

Badly Cut.—On Friday afternoon last, George Eckert, Jr., while chopping at the coal hearth near his father's house cut his foot very severely. The bit of the ax entered the top of the foot and nearly split it from the toes up to the instep. He bled so severely that when Dr. Strickler arrived to dress the wound, the young man had fainted. The wound was carefully dressed but it will be a long time before George will get much use of that foot.

Badly Hurt.—On Thursday last a lad about 12 years of age, son of David Maxwell, residing in Centre twp., met with a severe accident. While on a wagon he slipped his leg through the spokes of the hind wheel so that the motion of the wheel brought his leg against the standard, breaking the bones and badly

bruising him, besides dislocating the ankle. Dr. Ard attended to his injuries. The accident happened near the Airy View school house, and his father carried the lad on his back to his home, a distance of nearly a mile and a half.

A Valuable Discovery.—The Carlisle Volunteer says we are informed that the Hon. Wm. Burgess, a member of the House from Franklin county, in connection with several other gentlemen, has discovered a very large and valuable deposit of Baryta in the Southern part of that county, and that a movement is on foot for the formation of a stock company, for the purpose of operating the mines. There is a strong probability of the establishment to grind and prepare it for market, being located in Harrisburg.

Two Mares Stolen.—On Friday night, the 1st inst., thieves stole from the stable of Mr. Miller, in Susquehanna twp., Juniata county, Pa., two mares. The one was nine years old, dark brown, and blind in the left eye. The other was four years old, chestnut brown, with foal; one white hind foot and white spots on the back—rubbed by buggy saddle. For the recovery of the animals and the apprehension of the thieves a reward of fifty dollars will be given. Address S. Miller, Oriental, Juniata county, Pa.

Fall of a Bridge.—The wooden bridge across the Potomac river near Williamsport, Md., on the line of the Cumberland Valley railroad, it will be remembered was swept away by a freshet last fall. The bridge is being reconstructed with iron, and yesterday afternoon, while a number of workmen were engaged on the last span it gave way from some cause unexplained and precipitated eight men into the river, injuring four of them severely—two, states our informant, perhaps mortally.—Patriot of 7th inst.

Telegraph Rates.—The rates fixed by the officials of the telegraph company have been made so low, that the line will be a convenience that will be appreciated. Persons wishing to send a ten word message to Philadelphia or any other point where the Western Union line charges 25 cents, from Newport, can send the same message from the Bloomfield office for ten cents extra and longer messages at same rate. The rates for messages that go only between Newport and Bloomfield are 25 cents for ten words or less, each word exceeding ten, two cents.

Queer, isn't it?—The Altoona Tribune publishes the following astounding piece of news:

Young Ferguson, who was implicated in the robbery of the Newport, Pa., bank, has returned to his home. He states that wherever he went he met some one whom he thought recognized him. So he wandered about from place to place in terrible fear lest he should be arrested. So he concluded to go to Brazil and was on board the ill-fated Metropolis. Rescued from a watery grave, he has now returned to his former home, a ruined and broken down young man, with all his hopes for a useful life blighted and nothing but degradation and punishment before him.

How astonished Ferguson and people generally in this county will be at the above.

Cumberland County.—We copy the following from the Cumberland county papers of last week:

During the first few days of last week, George and Mrs. Fry, his wife, living near Graham's Bridge, on the West-pennsboro' side of the creek, about 2 1/2 miles North-east of town, were seized with severe vomiting during the night. This continued to a more or less extent during a period of several days. They were so strangely and unaccountably affected that they called to their aid the services of Dr. G. W. Stewart. The doctor was not long in divining the cause of their sickness and at once informed them that they were both poisoned. They were astonished at this revelation for they had believed they were without an enemy in the world. At least they felt satisfied that they had harmed no one to the extent that would justify the taking of their lives. An investigation and inquiry at once ensued which resulted in the discovery of arsenic in the water bucket and on some cooked meat which had been placed in the cupboard for warming over. Then the next thing was, who did it? Mr. F. remembered of some arsenic which had been placed in a hole in the wall on the outside of the house—placed there to be out of harm's way. This was looked after but found to be gone. Circumstances put together led the family to fasten suspicion on the wife of Simon Blosser, living in the other end of the house. It is asserted that Mrs. B. sometime previous had taken extreme offence at Mr. Fry and that she had manifested her feeling by refusing to visit the Fry family. What other circumstances led to the suspicion we are not fully cognizant of, but matters culminated in her arrest on Thursday last by officer Killian, and she had a hearing before Justice Barr of this place. It was found that the testimony in this preliminary trial was insufficient to remand her to jail and she was merely bound over in three hundred dollars recognizance to appear for trial at court. Dr. Stewart's analysis revealed enough of arsenic to effectually poison thirty men, and the escape of Mr.

and Mrs. Fry seems almost miraculous.—Newville Star.

Rats!—A certain lady living on West Locust street in this borough, caught a rat in her bustle one day last week. She was up stairs starting down she felt an unusual stir in her bustle. Reaching around she was horrified to find a living, stirring object there, and ran down stairs frightened nearly out of her wits. Frantically holding on to that bustle, she rushed out into the yard, and shook her clothing violently, when out jumped a huge rat, which had taken temporary quarters in the ample folds of her bustle. The rodent escaped, and the lady has discarded her useless appendage, not wishing to carry a rat trap on her person.—Mechanicsburg Ledger.

Willie Hockersmith, aged fourteen years, son of Mr. Joseph L. Hockersmith, died of lock-jaw, in Shippensburg on Wednesday night last. About two weeks since Willie was kicked in the face by a two year old colt, but no serious results were apprehended until a week ago, when he complained of a stiffening in his jaws, which was pronounced by the physician lock-jaw, from the effects of which he died as above stated.

Sunday evening, last the house of Mr. Fred. Martin, on Keller street, Mechanicsburg, was the scene of quite a serious affair, which might have proved disastrous. A coal oil lamp exploded with great noise, setting fire to the wall paper and some books lying near by. With great presence of mind Mrs. M. seized a rug and smothered the flames with but little damage.

On Saturday last, as Capt. Wm. M. Shriver, clerk at the St. Clair House, (accompanied by Mr. A. W. Walker,) was proceeding to his home in Centreville, the buggy broke down about three miles west of Carlisle, when the horse ran away and broke the vehicle to pieces. Both gentlemen were thrown violently to the ground and received painful injuries.

On Saturday, Miss Mary Francis, employed in the Upper Holly Paper Mill made a narrow escape from being crushed to death between the two large rollers of the plating machine. It appears her clothing was caught by the rollers and not until they were torn from her body was she extracted from her perilous situation.
