

Death of a Millionaire Miser.

A Cincinnati paper says: An inventory has been taken of the property of the late Jerry Tullis, an eccentric old bachelor, who died near this city recently in circumstances of actual want, and it fully bears out the stories that were current as to his great wealth. He had titles to about 500,000 acres of land located in different States of the West and South. In Cincinnati alone he owned 40 houses, 10 of them in one block, and in Hamilton county, outside of Cincinnati, he had not less than 900 acres of valuable land. He had 40,000 acres in Kentucky, a recent purchase, worth about \$100,000, and 12,000 in Iowa, for which he was lately offered \$12 an acre.

He also had a large amount in government securities, investing at one time \$90,000. His taxes in Hamilton county last year amounted to \$6,000. He has a nephew and other relatives living here, and it is believed that he left a will, but search up to the present time has failed to discover the document. It is expected that litigation will follow, and lawyers are looking for fat pickings.

Skepticism.

Nowadays people doubt almost everything. They forget that the known facts of to-day constituted the knotty problems of hypothesis but a few years since. Unsuccessful practitioners of medicine quote the doubts and uncertainties experienced by Sir Astley Cooper, who lived not long after Harvey discovered the circulation of the blood, as evidence that but little is known of medicine aside from conjecture, entirely ignoring the fact that their competitors are daily healing diseases which Cooper thought incurable. Is not such ignorance criminal? Catarrh, the most common and most incurable of all chronic diseases, readily yields to the healing and soothing properties of Dr. Sage's Catarrh Remedy when used with Dr. Pierce's Nasal Douche. If the case be complicated, the blood must be enriched and purified by Dr. Pierce's Golden Medical Discovery. No remedy yet known equals the Discovery in permanently curing affections of the lungs, liver, blood and skin. If afflicted with constipation try Dr. Pierce's Pleasant Purgative Pellets. They are a sure cure. Dr. Oliver Wendell Holmes, in a late address, speaking of our progress, said, "To those of my generation this modern world, which most of you take as a matter of course, is a perpetual source of wonder, a standing miracle. Science and art have so changed the aspect of every day life that one of a certain age might well believe himself another planet or in another stage of existence." No longer does the sedentary man or the delicate woman suffer from torpid liver, constipation or drastic medicine. Science has demonstrated that the concentrated extracts are more potent and reliable than the huge doses resorted to by our forefathers, hence the great sale and popularity of Dr. Pierce's Pleasant Purgative Pellets, which are scarcely larger than mustard seeds, yet are safe and certain as a cathartic alternative and anti-bilious remedy.

The following names are a few of the many who have been cured by using the Pellets, to whom the doctor refers:

Chas. W. Struble, Wauseon, O.; David Thompson, Mountfort, Wis.; Mrs. N. M. Hastings, Troy, N. Y.; L. T. Mac, Pilot Point, Oregon; Wm. R. Bott, Hyde Park, Pa.; Caleb Cowing, Eddytown, N. Y.; A. D. Brown, Lisle, N. Y.; L. Fogg, Stillwell, Ill.; Thos. W. Landon, Fairmount, Md.

A popular doctor of Utica (N. Y.) while escorting a lady home the other evening, attempted to relieve her cough and sore throat by giving her a troche. He told her to allow it to dissolve gradually in her mouth. No relief was experienced and the doctor felt quite chagrined the next day when the lady sent him a pantalon button with a note saying he must have given her the wrong kind of a troche, and might need this one.

From the Boston Evening Traveler.

It is, perhaps, but a simple act of justice to the proprietors of Wistar's Balsam of Wild Cherry for us to say that our personal experience in the use of this article has impressed us favorably. One of the proprietors of the "The Traveler" was entirely cured of a severe cough of 4 months' continuance by the use of this Balsam, and several of our friends and acquaintances, who have tried the article, have found it of great service in relieving them of severe coughs and shortness of breathing, with which they have been afflicted. 50 cents and \$1 a bottle. Sold by all druggists.

PROVIDENCE, R. I., March 17.—Ann Maria Fisher, colored, was yesterday arraigned and committed for trial, charged with causing the death of an infant of a woman with whom she had quarrelled by putting arsenic in its nursing bottle. Arsenic was found in the child's stomach.

Eleven hundred tickets for the west were sold at the Harrisburg depot of the Pennsylvania Railroad last month, double the number sold in February, 1877. The largest number were for Kansas.
