

Riot in North Carolina.

WELDON, N. C., May 6. — The election of Town Commissioners was the occasion of a serious riot here this morning between whites and negroes. Both races had candidates in the field and great excitement prevailed. About ten o'clock the riot began, and clubs, knives and pistols were freely used. Quite a number of persons were shot, cut and bruised. One man, a negro, was killed, and the injuries of several others are regarded as dangerous. A military company was telegraphed for to Norfolk, as the indications of a fresh outbreak were imminent. The presence of the Virginia military on the other side of the river exercised a beneficent effect, and at last accounts the town was quiet.

The Fall River Failures.

FALL RIVER, May 6.—The sudden stoppage of the bankrupt mills has caused a decrease of about 15,000 pieces of print-cloths per week, which has had the effect of quickening and improving the market. The books of the Sagamore Mill are said to be in a much better condition than the others, and can be more easily straightened out. The bills payable of this mill as far as traced, are \$430,000, and the amount of unrecorded notes discovered thus far by the directors is \$90,000. There has been among some of the heaviest creditors talk of funding the indebtedness of the Sagamore and restarting the mill. By many of them it is believed that this plan would be alike practicable and judicious.

A Mistake Corrected.

While riding in a Niagara-street car, at Buffalo, New York, said Mr. A to Mr. B, "I was mistaken the other day." "How so?" said Mr. B. "You remember we were talking of Dr. Pierce and his Invalids' and Tourists' Hotel, and I questioned the doctor's ability to cure catarrh and consumption, and stated that a friend had used his medicines with but little or no relief. To satisfy you I wrote my friend, and here is his reply":

DECATUR, Ill., August 6th, 1877.

In reply to yours, just received, asking what effect Dr. Pierce's medicines had on me, I would say, three years ago I expected to die with consumption. I had long suffered with catarrh, my throat and lungs were badly affected, and my system was rapidly breaking down. I had tried many physicians and remedies without benefit. Having seen good results follow the use of Dr. Pierce's Medicines, I resolved to give them a thorough trial. In six months' time I was entirely cured.—No medicines stand higher, in my estimation, than Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. They not only saved my life, but have made me a hearty and strong man.

Very truly yours,  
S. M. IRWIN.

He Died Satisfied.

"I should like to live to draw two breaths after I am acquitted, and then I would die satisfied," said John Smart, of Burnet county, Texas, who had lain in jail nearly a year on a charge of murder, and was brought into court on his couch sick.—At 11 o'clock the verdict "not guilty" was brought in, and at twelve the old man died.

The sabre is about to be ruled out of the cavalry regulation as a useless weapon for the soldier. It is found that soldiers do but little killing and not much wounding with the sabre, and they are unhandy things to dangle at the side unless they are of use. The medical statistics of Germany show that in the recent war with France, of 65,000 wounded, a little over 200 only were injured by the bayonet; out of 2,286 killed, 138 only had any signs of sabre wounds.

Tonic.

Every one, at times, feels the necessity of some restorative of the vital powers, depressed by mental or bodily exhaustion.—In such conditions, let every one, instead of flying to the alcoholic or medicinal stimulants, which must be followed by depression equal to their excitement, reinvigorate his deranged system by the natural tonic elements of the Peruvian Syrup. Sold by all druggists.

If reports from the mining regions be true the coal fields have produced another crop of secret societies of the Molly Maguire order. The latter organization is going out of fashion, as well as going out of the world at the end of the hangman's noose, and the new clubs are taking its place. These conspiracies seem to be formed chiefly in the interest of politicians, lawyers, sheriffs and undertakers. No one else can derive a particle of benefit from them.

BLADFORD, Pa., May 6.—A fire started in a small stable here this afternoon and the flames spread over two acres of the business portion of the city. A large hotel, livery stable, several stores, oil offices and dwellings were burned. Loss, \$100,000.—No one was injured. Insurance records not accessible.
