Boden's stage team got frightened at Newport and made a vigorous run for home. The team was stopped at Sixth street before any damage had been done.

A Carlisle man, annoyed by a noise in his fire place, removed the fire board, when out flew two large owls, which were captured.

The long dry spell of weather has caused many wells to go dry that never gave out before. We know whereof we speak as we see one of the sufferers.

An interesting California letter will be found on the 2nd page written by a son of Squire Magee, of Centre township.

A man who does not take pains to keep things around his house comfortable and in good repair, has no right to complain if his wife is careless regarding his meals and clothing.

Dr. Stites' horse when attached to a sulky ran away on Tuesday last, and the doctor finding he could not control him jumped off behind. The accident was caused by a broken axle.

A large portion of the top of the Underwood mines, near Dillsburg, fell in on Sunday night. The portion caved in is near the shaft, and had it occurred in daytime, the miners would have been fatally imprisoned.

A chap named Carter was arrested and placed in jail at Harrisburg for inflicting severe injury on a little daughter of Harry Patterson, of Newport.—The blow which struck the child was intended to hit the father.

Diphtheria is claiming many victims among the children in the townships along the Juniata. Last week Mr. Isiah Brunner living on Mr. Rice's farm in Miller township lost a fine little boy by this disease.

Weather Report.—B. McIntire, Esq., hands us the following report of the weather for September. Average of Thermometer at 8 o'clock A. M. 59°-22°—of Barometer 30 inches minus 5-tenths. Average of greatest heat 70°-9°, of lowest cold 56°-2°. There fell 2 inches and 6-tenths of rain. Tuesday the 3rd was the warmest day the mercury registering 77° above zero. Monday the 23rd was the coldest and first frost, the mercury sinking to 39°.

A Serious Fall.—A correspondent from Eschol sends the following under date of Thursday last: To-day about 10 o'clock A. M., Mr. Robert Paden fell from above the threshing floor to the floor, in Mr. Isaac Long's barn, receiving severe injuries. Up to this time, 1:45 P. M. no physician has been in attendance, and the extent of the injuries which Mr. Paden has sustained is not known. It is supposed that one arm is broken in two places. He seems to suffer very great pain, and it is probable his fall will result fatally.

Soldiers Re-Union.—The re-union at Millerstown on Wednesday last, was a very enthusiastic gathering. The committee of arrangement and the citizens of the borough are entitled to much credit. The town was handsomely decorated with flags and banners. Governor Hartman, General Hoyt, General Latta, Colonel Norris and Hon. Mahlon Chance, of Ohio, were present and made addresses. The address of welcome was made by Rev. Logan, of Millerstown, and the response was made by Charles H. Smiley, Esq., of this place. Music was furnished by the bands from Newport, Bloomfield and Marysville.

Stenger Nominated.—The Congressional conference met at Newport again on Thursday evening last and balloted for a candidate with the same old result: Magee 9, Stenger 9. On Friday morning after several ballots with a similar result, R. Swineford of Snyder county, one of Mr. Magee's conferees, cast his vote for Stenger, which gave Stenger 10, Magee 8, thus giving the nomination as Democratic candidate for Congress in this district to Mr. Stenger. The contest over the nomination has been very earnest, and the result causes much feeling among the friends of Mr. Magee.

The Trade Dollar.—The trade dollar is taken by the merchants of this town at its face value. The idea of refusing a piece of money with 420 grains of silver in it, and willingly accepting one with only 412, is simply ridiculous. If you find a merchant or a bank who will not accept such dollars in a reasonable quantity at their face value, the best thing you can do is to transfer your dealings to some person more fair and liberal. We are glad to get them in any of our business transactions, and the only complaint we make regarding them is that there does not enough of them get into our possession. Bring on your trade dollars or, in fact, any other dollar.

Another Run Off.—On Wednesday last as Rev. W. Logan and Charles H. Smiley, Esq., were going from Newport to Millerstown they met with quite an accident. When about a mile from the bridge the animal scared at a goat. Mr. Smiley jumped out to catch the horse by the bridle, but just as he was going to grasp the head of the animal a sudden turn took him out of reach, and in another moment the horse was running back towards Newport at a break-neck speed. Mr. Logan had also jumped out just after Mr. Smiley and neither gentlemen were hurt. The horse ran with the buggy till near the bridge when he shied into a deep ditch, breaking the vehicle almost into kindling wood, and cutting himself badly. The buggy was a very fine one, and is consequently a serious loss to Mr. Logan. This is the second runaway within a week caused by a goat.

Dropped Dead in Church.—A dispatch received here on Monday said that Rev. A. H. Aughe, formerly a pastor residing in Newport, had dropped dead while attending the Synod in Millin on Saturday. A correspondent of the Democrat and Register gives the following account of the sad occurrence: One of the most sudden and distressing deaths that I ever witnessed occurred in the Evangelical Lutheran Church in Millintown, during the session of the Central Synod, on Saturday afternoon, about three o'clock. A discussion was pending concerning church papers, when Rev. A. H. Aughe arose and made a few remarks in favor of the old standard organ of the Church known as the Lutheran Observer. He then sat down, but soon arose again and wrote on an envelope, on a window sill near which he sat, these words, "The sting of death is here." This he placed in his side pocket and sat down. At this moment he was observed sinking and was caught by some of the brethren near by and laid upon the seat. Joseph Rothrock immediately ran for Dr. D. M. Crawford, who arrived promptly, but only to find that the immortal spirit was already winging its flight to the eternal shore.

Carlisle Presbytery.—This body covering our own and five counties to South of us met last Tuesday evening at 7 o'clock in the Presbyterian church of this place, and was opened by a sermon by Rev. S. McLanahan, of Waynesboro, Franklin county, from text Heb. 11, 13, "Confessed that they were strangers and pilgrims on the earth." After sermon

the Moderator, Rev. J. Edgar, of Bloomfield, constituted the Presbytery for business by prayer, and the roll was called, some 45 ministers and elders responding thereto. After roll the minutes of preceding meetings were read and approved, and Presbytery adjourned till Wednesday morning.

On assembling at 8:30 Wednesday, devotional exercises were engaged in for one-half hour, led by Rev. Dr. Robinson, of Harrisburg, and at 9 o'clock, after some smaller items of business, the various churches were called upon through their representatives to give account of the state of religion among them.

The reports almost all showed a paucity of additions to church membership, but increased attendance on prayer meetings and Sabbath Schools evidently laying the foundations for future blessings like those witnessed in the Presbytery some two years ago when one thousand additions took place. Among other minor business in the afternoon session the churches were in like manner called upon through their elders to state their punctuality or want thereof in the payment of pastor's salaries, and in this respect gave a good report only a small number being delinquent, and they exhorted to more diligence in the future. During the evening session Rev. Geo. Norcross of Carlisle, preached from Matthew 20 22 "Ye know not what ye ask." Then followed various small but necessary items of business, among them the recommendation of two ministerial students to Board of Education, and a recommendation of Elder street, Harrisburg colored church to gifts of churches for its building debt. Presbytery finally adjourned at 10 o'clock P. M. with thanks to Bloomfield for hospitable entertainment.

For The Bloomfield Times, Penn Township and Vicinity.

PENN TOWNSHIP, October 5th, 1878. MR. EDITOR:—Thinking a few items from this township would be of interest to the many readers of your valuable paper, I herewith submit the following:

The schools in this township commence as follows: Duncannon Village (or Lower Duncannon) and Baskinsville, on Monday, October 21st. The following named persons have been selected to teach: Duncannon High, Mr. S. H. Green, salary, \$43 per month; Duncannon Second, Mr. H. R. Stewart, \$33; Duncannon Primary, Miss Ida C. Wilson, \$32.50; Upper Cove, J. Alex. Stevens, \$27; Middle Cove, D. Boyer, \$33; Lower Cove, C. L. Steel, \$27; Michner's, J. E. Stevens, \$33; Hickory Grove, Miss Della T. Hutton, \$33; Mount Pleasant, Wm. J. Shebley, \$33; Baskinsville High, C. O. Smith, \$33; Baskinsville Primary, Miss Ida Stewart, \$30, term five months.

There are still a great many bass caught in the Susquehanna river. Mr. G. W. Dill caught eighty on Thursday last with hook and line, at Green's dam. Wild goose hunting is also indulged in to a certain extent. Last week a couple of gentlemen were informed that a flock were about half way across the river opposite Duncannon. They secured a boat, and after great exertion and a thorough wetting (as the river was very low, and they were compelled to get out of the boat occasionally) they succeeded in shooting four of the geese, when they discovered, to their chagrin, that they were tame geese, belonging to Mrs. Fissel, a resident of Duncannon.

On Saturday last there was a Republican Mass Meeting at Duncannon, which was attended by a great many citizens of Perry. The speaking was very good and if the political parties would practice what they preach, we would have a noble government. On one point all political parties should agree. We have had enough of men who are willing to use their positions to further their own interests, and it is time that more attention were given to the quality of our representatives—as much as to the political principles they profess. What our country needs is a lively campaign on the issue of character.

That fearful disease diphtheria, is raging in this vicinity, and many children are dying; there are also a great many cases of Malarial fever, but it is not so fatal as the above disease, however, it causes a great deal of distress, as in many instances whole families have been prostrated at the same time, so that no one was able to help the other. The Duncannon Iron Works, are running full time, with the exception of the Nail Works, which has been idle for a few days on account of some defect in the boilers, which will be repaired in a few days when they will resume operation. W. A. H.

Juniata County.—We copy the following from the Juniata county papers of last week.

About 11 o'clock, on Saturday night, the barn on the farm of Joseph James, in Fermanagh township, was destroyed by fire. The loss is estimated at \$1,000. The tenant, Westley McCahan, had three mules, four hogs, spring wagon all his harness and farming implements and crops burned. We have not learned how the fire originated. Mr. Reynolds was occupied the greater part of his time hauling ore, and the loss of his team is a very serious one.

There will be an excursion from all points in the Juniata Valley between Harrisburg and Altoona, to the Port Royal Fair, beginning on the 8th day of October, 1878, and continuing three days. It is believed by many people, that William Kenawell, who was found dead on Sunday a week, was the victim of a murder, at the hands of some one who knew him.

Cumberland County.—We copy the following from the Cumberland county papers of last week:

The Shippensburg "Chronicle" says, Some miscreant entered the Lutheran Church, on Saturday night last, and took the money out of the collection boxes of the Sunday School. He needs a sea-grass necktie.

Thursday morning while the passenger train, eastward bound, on the Cumberland Valley railroad was traveling along at schedule speed, a short distance above Mechanicsburg, some miscreant deliberately threw a small iron cog-wheel through a car window, striking a little boy above the eye, cutting a severe gash in his forehead.

(Tuesday) morning, at half-past five o'clock, Mr. Jacob G. H. Ring, son-in-law of Robt. McCartney, sr., suddenly died at his residence, on South Bedford street, Mr. Ring, as all our citizens are, no doubt, aware, was a helpless paralytic, going about on a wheeled chair. Just previous to his death he had awakened and was engaged in conversation with his wife, when he was seized with paralysis at the heart and in a twinkling was a corpse. Carlisle Mirror.

About two weeks ago, a cow belonging to Sheriff Gill was taken in custody by the High Constable, for running at large within the limits of the borough, contrary to a borough ordinance. Sheriff Gill was notified of the action of the High Constable, and also that there was a fine to pay before the cow could be restored. The Sheriff refused to pay the fine, and the cow was advertised and sold on last Saturday, landlord Dechant being the purchaser. The price paid was \$5 50—we presume about one-fourth her value. Suit has been or will be instituted against the Town Council for damages.

On Saturday morning a frightful run off occurred on East Main street. Mr. Wm. Martin, of Mt Holly, was delivering a four horse wagon load of sand at the market house, and in coming out of the alley to Main street, the horses frightened at the "Baldwin," which was just passing, and forthwith they broke into a dead run down Main street, landing against some of the stone work at the railroad bridge. The lead horses were badly cut and hurt, and Mr. Martin was obliged to send them home in careful hands. The other two horses were considerable scratched and the tongue of the wagon was broken. Those who saw the runaway say it was an exciting scene.
