

THE TIMES Local Department.

PENNSYLVANIA R. R.—MIDDLE DIVISION.

On and after Jan. 1st, Trains run as follows:

Table with columns: WESTWARD, EASTWARD, Way, Mail, Acc., P.M., A.M., Principal Stations, etc.

Pittsburg Express leaves Harrisburg at 11.00 P.M. Dunsmuir 11.30 (fare); Newport 11.57 (fare) and arrives at Pittsburg at 12.15 A.M.

Safe Postponed.—The sale of personal property advertised by Dr. Fuget to take place on Thursday, the 2nd inst., has been postponed.

PUBLIC SALES.—Bills for the sale of Real and Personal Property have been printed at this office, as follows:

Saturday, Jan. 25th.—Joseph Newcomer, Ag't for Esther Webber will sell at Loysville a quantity of household furniture.

Brief Items.

At 7 o'clock on Sunday morning the mercury stood at zero.

We hope all our readers had a merry Christmas and wish them all a happy New Year.

We notice that Wm. Shuler formerly of this place, is now residing at Pueblo, Colorado.

The ice houses in this place were most of them filled on Thursday and Friday last, with ice from 7 to 8 inches thick.

On Thursday a week, Solomon Zeigler was considerably bruised by falling from a building in East Newport.

Mr. C. N. Rice delivered his lecture on the Sun, at Alry View school house, on Friday evening last. It was instructive and entertaining.

During all the past week sleighing has been pretty good throughout this county. It is not often that three inches of snow gives so many days sleighing.

A man named Stine was thrown from his carriage at Greencastle on Thursday and killed. The horse had taken fright at a railroad train.

Mr. Wm. Barringer, of Harrisburg, delivered two very earnest temperance lectures in the Court House, in this borough, on Saturday and Sunday evenings last.

On Sunday morning a week, a colt belonging to Mr. David E. Stephens, of Howe township, got a leg broken in the stable, and had to be killed. The animal was a valuable one.

The matrimonial market in this vicinity seems to be brisk. We notice that Mr. Edgar, the Presbyterian minister in this place has three in to-day's paper, and another one engaged for tomorrow.

W. C. Heckendorn residing in Webster City, Iowa, says the times are very dull there and the day he wrote, which was the 23rd inst., the thermometer was 16 degrees below zero, with snow 3 inches deep.

William Niles, aged about nineteen years, son of Professor J. W. Niles, was drowned at Sunbury on Wednesday while attempting to cross the Susquehanna on the ice. The body was recovered.

Numerous barns in Bucks county have been burned of late and there is much excitement. Near the ruins of one a letter was found stating that sixteen more would be burned during the winter.

President Hayes sent to the Senate the name of Jonathan Jessup as postmaster for York, Pa. Mr. Jessup was appointed first in 1864. If he serves this new appointment to be will have had an uninterrupted term of eighteen years.

One day last week, while a little daughter of Mr. Samuel Spotts, of this borough, was playing beside a cook stove, the stove tipped over enough to throw a kettle of hot water on the child, scalding her severely about the face and neck.

A Harrisburg butcher purchased a mammoth ox from a farmer near Kingston, Cumberland county, the other day, and was obliged to slaughter it on the premises, because Taurus refused to leave the place. The carcass weighed, when dressed, 1,600 pounds.

A horse belonging to Slinger Whitmore got one of his front feet fast in crossing the railroad track at Newport, a few days ago, and only got loose after throwing himself down, by pulling the shoe and part of the hoof off, the shoe having just been newly put on. The planks at the crossings should be put so close to the rails that such accidents would be impossible.

Fresh Baltimore oysters will be on hand for sale by F. Mortimer on Friday of this week.

Run Off.—On Monday a week a young horse belonging to Adam Barner at Liverpool, was hitched in the sleigh by his boys. While driving in from the farm the animal got scared by the boys fooling in the sleigh, and ran away, upsetting the sleigh and throwing out the boys. The animal ran into Liverpool, and after passing through several streets brought up in the canal, where he was secured.

School House Burned.—On Monday morning smoke was observed coming out of the roof in the Summit school house in Saville twp. The teacher was at once notified, but the fire had made such headway in the attic that it was impossible to extinguish it. The books and some of the desks were removed, but the building was destroyed. It is only about a year since the building was erected, the former structure having been burned down by incendiaries. The fire this time was caused by a defective flue.

Let Us Have the Same Prayer.—At the opening of a recent session of the New Hampshire Supreme Court the following model petition was offered, it being known that the docket was crowded:

"O Lord, bless this court; bless these lawyers, and make them know that life is short, and time is precious and not to be wasted in empty declamations; for Christ's sake. Amen."

As business in our courts has increased so much that two weeks' court is required, it would be a good idea to have such a prayer here, that is if our lawyers are not beyond the influence of prayer.

A few evenings ago, as John Harvey, of Roxbury, Franklin Co., was returning home from Chambersburg, when some four miles out of town, he was waylaid by robbers. Two men came on the road and caught at his horse, and two more ran out of a woods. He got away from them but they shot after him. It occurred after night.

We Call Attention to the advertisement of the Meriden Purchasing Company which will be found on the 8th page. We have satisfied ourselves that the firm is perfectly reliable, and orders sent them will be filled as promised. Persons wanting their catalogues can get one of us, or may send direct to West Meriden Company.

Mr. EDITOR.—Dear Sir:—We have a free gift for the ladies of Loysville and vicinity, and we know of no better way to bestow it than through the columns of your worthy paper. The gift is a free and cordial invitation given by The Loysville Debating Society to the ladies above mentioned to attend the society on Wednesday evening of Jan. 1st, 1879. When the following question will be discussed; Resolved—That drunkenness is more destructive to the human family than war.

Yours Respectfully, R. W. D. Sec. Cumberland County.—We copy the following from the Cumberland county papers of last week: Daniel Drawbaugh, of Lower Allen township, this county, is the inventor of a perpetual clock, which, by utilizing magnetism as a dynamic force, has been ticking away without winding for four or five years, and is said to show no disposition to stop before its parts are worn out by friction.

Just after the departure of the train West from Harrisburg on Saturday evening, and in the temporary absence of Mr. James Clark and his clerks from the Cumberland Valley road office, the office door was forced and the ticket money drawer pried open. The thief got away with twenty dollars. He is probably the same man who robbed the Newville depot as the deed was accomplished in exactly the same style.

Vick's Floral Guide. This work is before us, and those who send five cents to James Vick, Rochester, N. Y., for it will not be disappointed. Instead of getting a cheap thing, as the price would seem to indicate, they will receive a very handsome work of 100 pages, and perhaps 500 illustrations not cheap, but elegant illustrations, on the very best of calendered paper, and as a set-off to the whole, an elegant Colored Plate, that we would judge cost twice the price of the book.

A New Magazine. "Leisure Hours" is the name of a new Magazine which has been sent us by the publishers, J. L. Patten & Co., 47 Barclay street, New York. The number before us contains illustrated articles of Travel, Biography, etc., besides stories, sketches and poetry, and is published at the popular price of \$1 per year. The illustrations are handsomely gotten up, and the reading matter is of the best quality. The forty pages of this Magazine are filled with matter that will be interesting to all our readers. In order that all may have a chance to see and examine this Magazine, the publishers offer to send it three months for 25 cents, and to present every three months subscriber with a charming chromo motto, entitled "Faith, Hope and Charity." The words of this motto are printed in fifteen oil colors upon a dark ground, and are entwined with floral designs of great beauty.

Church Notices. Preaching in the Presbyterian church next Sunday at 11 A. M.—"Date of Christ's Birth"; and 6 P. M. Sabbath school at 9 A. M. Prayer meeting at 6 1/2 P. M. Wednesday evening. Subject—"Malachi";—his prophecy and place in history. Preaching in the M. E. church next Sunday at 10 1/2 A. M. Sunday school at 9 A. M. Also, preaching at Mt. Glend at 2 1/2 P. M.; Landisburg 6 1/2 P. M.

A Knowing Dog.

Two gentlemen who were passing the Ethan Allen estate, in Worcester, Mass., recently, were attracted by a large Newfoundland dog which was inside the fence and kept running towards them, and then returning in the direction of the pond in the grove, where something was evidently wrong. The curiosity of the gentlemen was excited, and they followed the dog to the pond, where they found another dog of the same breed in the water, and unable to get out. His front paws were on the curbstone, but he could not get sufficient hold to draw himself out.

Railroads Abandoned to the Snow.

WATERTOWN, N. Y., Dec. 25.—An unprecedented snow-storm has been raging in this section since Saturday last, resulting in the largest fall of snow—four feet—ever known here. No trains from Rome, on the Rome, Watertown and Ogdensburg Railroad, have arrived here since Monday night. All trains have been abandoned on both roads.—The storm does not extend so far north as Ogdensburg. The weather is moderate. No serious casualties are reported.

POUGHKEEPSIE, N. Y., Dec. 25.—Railway telegrams show that all passenger and freight trains from points west of Rochester are at a standstill, and that the detentions are generally of the most serious character.

OSWEGO, N. Y., Dec. 25.—The storm has increased since yesterday afternoon, and trains on the Delaware, Lackawanna and Western, and Rome, Watertown and Ogdensburg Railroads are stalled in the snow. No trains arrived from the west since yesterday.

A Strange Sight.

There was a strange sight in a New York tenement house, on Tuesday afternoon—a mother standing guard over her dead baby while the father struggled with a well-dressed stranger, who, as both the parents firmly believe, had slipped into the room to steal the little body. The well-dressed stranger is now under lock and key.

The new editor of the Lynn Reporter strikes out with a salutatory which can safely be called "original." He declares that he cleaned out his office "armed with a pair of overalls." There seems to be a little discrepancy here, but if a young editor chooses to put his arms where his legs should be, he is only emulating General Pope's famous declaration, that his headquarters were in the saddle.

Uranine.

This is the most recently discovered, and perhaps the most remarkable, of all the coal tar or aniline group of coloring substances, now so the finest fabrics. Uranine is said, by chemists to be the most highly fluorescent body known to science. Its coloring power is astonishing; a single grain will impart a marked color to nearly five hundred gallons of water. A most interesting experiment, which anybody may try, consists in sprinkling a few atoms of Uranine upon the surface of water in a glass tumbler. Each atom immediately sends down through the water what appears to be a bright green rootlet; and the tumbler soon looks as if it were crowded full of beautiful plants. The rootlets now begin to enlarge, spread and combine, until we have a mass of soft green-colored liquid. Viewed by transmitted light, the color changes to a bright golden or amber hue; while a combination of green and gold will be realized, according to the position in which the glass is held. For day or evening experiment nothing can be prettier than these trials of Uranine, which are especially entertaining for the young folks. We are indebted for examples of the color to the editors of the "Scientific American," who are sending out specimens, free of charge, to all their readers. The subscription is \$3.50 for a year, or \$1.00 half year; and a better investment for the money could hardly be named.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility, and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 Powers' Block, Rochester, New York. 504w

For Sale at half Price.—A parlor heater nearly new, and complete in every respect. It is one of the approved Diamond pattern. Apply at this office.
