A young man residing in Saville twp., came in late at night a short time since and reported that he had been robbed. Saturday morning a week, a slight fire occurred at the Orphans' School, at White Hall, Cumberland co., entailing a loss of about fifteen dollars, but which might have proven of a more serious character had it not been discovered. Fires in Liverpool.—On Friday night at about 12 o'clock, a fire was discovered burning in the building owned and occupied as a tin shop by R. S. Williamson, in Liverpool. The building with its stock, and the books of Mr. Williamson were all destroyed. There had been no fire in the building, and no person on the premises after 8 o'clock, and the fire when discovered was burning in a part of the building where there was no flue or stove pipe, therefore the only conclusion is that the fire was incendiary in its origin. There was an insurance of \$600 on the property.

A Perilous Leap.—About 4 o'clock yesterday afternoon, a horse attached to a vehicle belonging to a countryman, took fright on Third street, and breaking loose from the shafts ran away out State street, over the pavements (south side), heading towards the river. When the frightened animal reached Front street, it plunged recklessly down over the embankment at Cameron's wharf, and leaped into the river without injuring itself. It was captured, after wading into water up to its flanks, and taken from the river in the neighborhood of the boat house.—Harrisburg Patriot.

A Prisoner Confesses.—The cases of Bradley Murray and Charles were before the Court on Saturday last by habeas corpus. The result was that the prisoners were all remanded for trial.—Charles gave bail again for his appearance, but was at once re-arrested on a charge of a similar nature in connection with a fire which occurred about two years ago, and again gave bail. In addition to other testimony offered by the Commonwealth, Bradley made a confession which corroborated the truth of the charges.

Fell Dead.—Yesterday morning, says the Chambersburg Herald of Saturday last, Mr. Philip Selig, one of the warehouse men at the Cumberland Valley freight depot, went to work as usual. He assisted in loading some barrels of flour on a car and had finished it and returned to the freight office where he sat down on a chair and threw his arms across the table. Mr. Isaac Keefer was standing talking to him. He spoke of the fine morning, the return of spring, and said he had never felt better in his life. Without a moment's warning he threw his head back on the window ledge and was a corpse in an instant.—Some two years since Mr. Selig had an attack of heart disease.

Thieves visited the chicken roost of John Horning, in Millin, on Monday night, and stole therefrom five hens and one rooster.

On Sunday afternoon a number of boys, and men, were at the river shore in the vicinity of the canal sluice, south of town. William Parker, a lad aged about 12 years, son of E. S. Parker, was at the edge of the water, laying or washing his hands in the river. James Keiser stood further up on the bank, and threw a stone that struck William Parker on the back of the head with such force that the boy fell as if he had been killed. Moses Pannabaker saw the boy fall forward into the river, but did not know the cause of the fall. Noticing that he did not get up, he ran to the prostrate lad and lifted him out of the water. He was unconscious nearly all

that afternoon, but gradually came to, and is now partly restored to his usual health. In addition to the blow on the back of the head the mark of a severe blow is seen on the forehead of the boy, which was caused by the head of the lad striking a stone when he fell forward into the river.—Sentinel.

John Hamilton, son of Mrs. Samuel Showers, by a former marriage, was shot in the abdomen on Thursday, by Wm. Hooks. The latter was handling a small pistol, when it was accidentally discharged, with the result stated.—The wound is not dangerous, though the ball has not been extracted. Dr. Elder was called and attended to the case.

Cumberland County.—We copy the following from the Cumberland county papers of last week:

On Monday, Samuel Newman, the colored porter at the Mansion House, Carlisle, accidentally fell down stairs, a half-barrel keg falling upon him, breaking his neck and crushing his head. He was from 30 to 35 years old, and leaves a wife.

On Monday night last John Westafar, who lives alone just opposite the railroad depot, awakened to find himself almost suffocated with smoke. He hastily descended to the room below, to find the fire doors, mantelpiece and woodwork in the immediate vicinity on fire. With difficulty he succeeded in quenching the flames. Had the dense smoke obtained complete mastery over him, he would have perished with the house. Mr. W. had been smoking meat in the fire place, from which the fire originated.—Newville Enterprise.

On Thursday night last, as M. Rankin Stover, son of Isaac Stover, of near Thomson's bridge, was returning home from Green Spring store, on horseback, when making the turn from the State road, near John F. Kendig's, his horse slipped and fell, falling upon the young man's leg, severely fracturing it near the ankle. His cries for assistance brought Mr. Kendig to his relief, and he was removed to Mr. K's, house and afterwards to his home. Dr. Betz, of Oakville, was summoned, and adjusted the fracture. Young Mr. Stover had contemplated leaving for the West next week.

Annals of the Court.—The regular Orphans' and Argument Court of Perry county convened on Tuesday the 11th inst., at 10 o'clock A. M., and continued in session until Wednesday evening following. The accounts of Administrators, Executors, Guardians and Trustees not having exceptions enclosed were confirmed. The Argument list was cleaned up, and a mass of miscellaneous matter that had been awaiting the action of the Court, was put in legal shape. The following summary of business transacted contains all that is deemed of any interest to the public:

Argument List. P. K. Brandt for use of G. Cary Tharp vs. Michael Miller, Theo. Miller and Philip Peters, et al. vs. Michael Miller, Theo. Miller, Jno. Patterson and Philip Peters were cases tried at a former term of the Court, a full account of which was then given to the readers of the "Court Proceedings" in this paper. A motion for a new trial was made by the plaintiffs and the reasons pro and con were urged before the Court, which after a patient hearing holds the granting of a new trial under consideration.

Newport Building Association vs. Michael Hartzell was a case in which the money arising from the sale of the deft's real estate, was ruled into Court for appropriation. Deft. was one of the sureties upon the bond of William Zion, late P.M., "which means Post Master" in Newby's verbiage. When the place which once once knew the late P.M., know him no more, perhaps forever, the sureties liquidated his arrangements with their Uncle Samuel and as the co-sureties upon the bond with Hartzell paid the amount, they claimed to stand in position of U. S. Government, whose claims are always first liens upon a debtor's property, and that the amount which Hartzell was to contribute must be first paid out of his property to them. Argued and held under advisement.

Abraham Good, Plf. in Error, &c., vs. Jacob Gingerich, Deft. in Error, &c., was a certiorari to Jos. Wait, Esq., to remove the proceeding in a judgment rendered by him. Although in this case the plff. could not be anything else than "good," unless his name was changed by an Act of Assembly, yet the Justice did not deem his case good, and the result was that the plff. was not suited because the Justice non-suited, and when the case came before the Court the judgment of the Justice was affirmed.

In the appropriation of the proceeds of the real estate of Alfred C. Stewart, of Duncannon, a contest arose between W. J. Stewart and the Susquehanna Building Association, both of whom were lien creditors and both claimed a certain balance of the money. Argued and held under consideration.

Perhaps no vessel ever tossed on the heaving billows of the "raging canal" that has occupied so much time, and been so conspicuous in litigation as the canal boat J. B. Hartzell. It has already been the subject of prominent notice in the annals of the Court, and it is only necessary now to say that the last phase of the case was an attempt to arrest the sale of the boat by the sheriff upon a writ issued by W. R. S. Cook on a judgment obtained upon a bill for repairs. Amidst the uncertainties as regards the true owner of the boat, there was a certainty established and that was that Cook & Co. repaired the boat and were never paid therefor, and in an opinion filed the Court revoked the order arresting the sheriff's sale, and now in all human probability the sheriff will sell

to a new party and the admiralty powers of the Court of Common Pleas of Perry Co. will never be bothered more by this gallant rider of the foam crested waters.

FOR THE TIMES.

Kennedy's Valley Items.

KENNEDY'S VALLEY, March 10, 1879. MR. EDITOR.—We have not seen anything in your paper from our valley for some time, we thought it might not be beams to any a few words.

To-day several of our most energetic young men left their true loves' behind them, and started for the far west, among whom were Messrs. David Bargman and George Rice, we hope success may attend them.

The Kennedy's Valley debating society is in a flourishing condition, with headquarters at Croll's school house. The most enthusiastic speakers are Messrs. Croll and Keck, with a host of smaller guns.

There has been quite a protracted meeting in progress for some time, under the auspices of David Morrison, Sr. We hope it may be attended with success, for surely we need it.

Timber is the principal product of the valley this winter. The leading men in this business are Morrison & Bros. Ties and other railroad material are the chief production. Those gents are ready to make contracts for the people's freight rail way. We have not heard whether proprietor Doctor Bivens intends completing the road this summer or not.

There is plenty of fun here, Mr. Miller gave several of his friends a sociable hour a few evenings ago. Our young friend tipped the light fantastic to until the small hours of the night, after which all dispersed to their homes, high-pledged with their evening's entertainment. For fear of encroaching we quit. R. A.

A Land Problem.
