Brief Items.

See IRA WENZEL'S new advertisement on 6th page.

Our farmers are busily engaged cutting their grain.

Duncannon has a new horse carriage, and will now get 500 feet more hose to put on it.

On Monday last George, a son of B. F. Breneman, fell from a load of hay on the farm of John Shearer, in Centre township, and broke his arm.

A son of Philip Peters, of Buffalo township, had two fingers badly mashed while loading ties on Monday of last week.

Frank, aged about 14 years, son of B. F. Barnhart, Esq., of Ickesburg, fell from a cheffy one day last week and broke an arm.

Rev. J. S. McMurray, formerly Presiding Elder of the Juniata M. E. District had the degree of D. D., conferred on him last week at commencement of Dickinson College.

Mr. George Kinter, of Millerstown, last week, shipped four head of cattle that weighed in the aggregate 4,200 pounds. The four had increased in weight 1,000 pounds since October last.

Rev. P. P. Lane formerly pastor of the Lutheran church in this borough, died at Manchester, Md., on the 24th ult., and was interred with masonic rites, in the Cemetery near this place, on the evening of the 26th ult.

An excursion train will leave Newport for Harrisburg on the morning of the 4th of July, at 7.32 and leave Harrisburg at 5.30 P. M. Tickets 85 cents.

The train leaves Duncannon at 8.12 A. M. Tickets 45 cents, for the trip.

Shermansdale has a Town Clock. It is erected on the Foundry and renders entire satisfaction. The machinery of the clock was invented and manufactured by a citizen of that village.

An election for officers for the ensuing quarter of N. C. T. U., of Bloomfield, will be held on SATURDAY EVENING, July 5th. A full attendance of the members is requested.

WM. BURN, President.

A meeting of the Duncannon Borough School Board was held the other evening who awarded the schools to the following teachers: High, L. E. McGinness; Grammar, Lizzie Cromleigh; Intermediate, Lydia A. McDonald; Primary, Amanda Passmore.

The crops in Franklin county generally promise well. The wheat crop will not be much short of a full average. There will not be so much straw as last year, but it is filling remarkably well, and will thresh out better to the dozen than last year. The hay crop is satisfactory, corn and oats are promising, and the potato crop if present appearances are sustained will be large.

The Subscriptions to the stock of the Duncannon and Bloomfield rail road are accumulating. The book will soon be brought to you for your signature if your name is not already on.

Fire.—On Wednesday last the roof of the Duncannon rolling mill took fire. The flames were extinguished before great damage was done. During the fire the hose burst in several places.

An Associate Judge is to be elected this fall, and already persons are putting forward their favorites. Among those we have heard mentioned for the office is our townsman, Mr. William Grier.

If the democrats should select him as their candidate, the republicans would be compelled to put forward a strong man to oppose him, as Mr. Grier is not only a popular man, but one well fitted for the office.

Of a Chandler.—On Sunday morning upon opening the Presbyterian church in this borough it was found that one of the large chandeliers had fallen. The force of the fall was such, that the point of the bronze was driven through the floor, leaving the chandelier standing erect. Six of the arms were broken by the fall, and it was otherwise shattered, and yet only one lamp was broken. The fall probably occurred between 11 and 12 o'clock on Wednesday night, as the persons living near heard a noise at that time which they were unable to account for.

More Big Pensions.—On last Monday Lewis Potter, Esq., obtained a pension for Margaret Criswell of Carroll township, on account of her son Moses Criswell who died in the army, on which she will draw \$900 in one payment.

Also, a pension for Elizabeth Sheaffer, of New Germantown, mother of John Sheaffer, who died in the army, on which she draws \$985 33 in one payment.

Fathers and mothers who have lost sons in the service should write to Lewis Potter, Esq., New Bloomfield, Pa.

Hurt by a Storm.—On Friday afternoon Mr. Zimmerman residing on the Neilson farm in Centre township, ran out to close the large barn doors as a storm was coming. The wind however threw the doors with such force that Mr. Z. was thrown quite a distance, and knocked senseless, and was otherwise badly bruised. He was taken to the house, and Dr. Strickler was speedily sent for, but it was some time before he showed signs of life.

He is now in a fair way to recover. The door was driven several feet into the barn floor by the force of the wind, and two other hands were knocked down, but were not seriously hurt, though one of them, Jesse Clouser, was considerably bruised around his knees. The storm was of short duration, and we hear of no other damage.

Leg Cut Off by a Reaper.—The York Dispatch says: On Thursday afternoon a frightful accident occurred on the Black Rock road, about four and a half miles from Hanover, to a child of Mr. Horn. It seems that Mr. Horn was cutting grass with a reaper, and was just about finishing up, when the child asked permission to get a flower that was in front of the knives of the reaper.

Mr. Horn told the child to stand out of the way until he made another cut, when the flower could be procured. The child, which was about seven or eight years of age, refused to listen and ran in front of the reaper and rushed upon the knives. One of its legs was entirely severed, and the other so frightfully mangled that it will have to be amputated.

A New Insect Pest.—A new pestiferous insect has made its appearance in the southern part of Chester county, and is making sad havoc with some of the corn fields. It is a beetle from 1/2 to 1 of an inch in length, brown in color, has a long wire-like proboscis, and a body adorned with wings, which it uses for carrying itself from one point to another, although its depredations are committed beneath the surface of the earth.

This little pest buries itself under the ground, and with its proboscis probes the tender shoots of corn shortly after making their appearance above the ground, and as a result of which the leaves begin to wither and soon die. This pest is entirely new in that section of country, and the farmers are in a quandary as how to get rid of the unwelcome visitor.

C. V. Sunday School Assembly.—This gathering of S. S. workers will be held on the Oakville Camp Ground, June 30th to July 5th. It is the first of the kind to be held in Central Pennsylvania and promises to be an occasion of rare interest, and will be under the superintendence of Rev. J. A. Worden, A. M., of the Presbyterian church. A course of lectures will be delivered by eminent divines, among whom are Drs. Lyman Abbott, J. P. Newman, H. W. Warren and others, and a course of Normal Instruction will be given by practical and well-known workers. The most extensive arrangements have been made for the accommodation of those who desire to avail themselves of the 'Chautauqua' near the home. Excursion tickets will be sold on all the leading railroads of the State, and all expenses will be at nominal rates. For particulars address W. M. Frysinger, Harrisburg, Pa., Sec'y.

Sad Occurrence.—On Tuesday last, an accident, attended with fatal consequences, occurred at the residence of Reynolds Baughman, a few miles north of Newburg, on the North Mountain. His daughter, about two or three years of age, from some cause unknown to us, fell into a well on the premises, and was taken out in a lifeless condition. We understand her neck was broken. Mr. Baughman was digging the well at the time of the occurrence.—Shippensburg News.

A Festival will be held on the 26th of July on the old Sandy Hill Campground. For further particulars see next week's paper and posters.

Rolland, the would-be robber of the Bank of Chambersburg, and as graceful a scamp as ever trod in shoe leather, has been more closely confined than before his attempted escape from prison a few months ago. Always fertile in resources in getting rid of a difficulty, and not liking the extremely narrow boundary of his quarters, he recently complained to the officers of the penitentiary that his health was rapidly declining for want of exercise. It was determined to remove this cause of complaint, so Rolland was ordered to be taken out of his cell, and trotted between two of his keepers along the corridors.

A friend who happened to be present at a recent airing of the kind, says that Rolland was in night dress and urged at so rapid a pace by the keepers that he was manifesting his displeasure by considerable profanity.—Repository.

Cumberland County.—We copy the following from the Cumberland papers of last week:

The hay crop throughout this Valley, both in quantity and quality, this season is unprecedented. The weather has been highly propitious, and we are safe in saying that there is not a ton of spoiled or inferior hay in the Valley.

In consequence of puddlers being shipped from the mill at Fairview to Mr. McCormick's mill at Harrisburg, where the puddlers are on a strike, the puddlers on Thursday last at the former place shut down. On Friday the plate mill was also closed, and the entire force are on a strike. Over 300 men are out of employment.

Mrs. John O. Conner, daughter of Mr. John Arney, was bitten in the hand by their house dog on Friday last. She was feeding the dog, and had placed a plate containing food on the ground and when in the act of picking up the plate the dog bit her as above stated. Mr. Arney immediately procured a gun and shot the dog.—Carlisle Volunteer.

On Friday last, at Pine Grove Furnace, Jacob Sowers, a tender, while in the act of drawing the molten metal from the stack, slipped and plunged with both feet into the stream of liquid iron. At the time he had on a pair of much worn boots which instantly admitted the white hot metal to his flesh, burning both feet so badly that it was feared amputation would be necessary.

Several days ago the leg of Lewis Irwin, of Carlisle, became sore and continued to get worse until it was found necessary to take off the limb. Mr. Irwin being a poor man, but possessor of great nerve, determined to save a doctor's bill by being his own surgeon, and at once successfully performed the necessary operation. We are pleased to learn that the limb, at the place of amputation, is healing and he will soon be able to get around again by the aid of a cane.—and his cork-leg.—Mirror.

Juniata County.—We copy the following from the Juniata county papers of last week:

Hail destroyed a field of wheat, a field of corn, and nearly destroyed a field of grass for Commissioner McMeen. The field of wheat was plowed and sown in buckwheat, the corn-field was re-furrowed and re-planted, and the grass has been left to revive as it may. The strip of storm that showered the hail was quite narrow.

On Monday last Samuel Earnest of Patterson, flagman on the Millfin gravel train, was seriously hurt. He was in the act of getting off the train while in motion, and losing his hold fell with great force to the track, cutting an ugly gash in his head, and lacerating the flesh on one of his arms, besides sustaining other injuries. He was taken to his home in Patterson and his wounds dressed.

A very fine bred four-year-old mare belonging to Mr. Isaac Sieber was sorely injured by the cars at Port Royal, last Thursday, that she had to be killed. A boy was grazing her at the fair grounds and taking fright broke loose from him and ran away. Coming to the railroad track she dashed into a passing train of cars, from which she received the severe injuries. Mr. Sieber bought the mare from Mr. A. Grubb, of Philadelphia. She was a very promising animal. Her mother was the noted trotting mare Fanny Allen, whose record was 2:25.

A Strange Affliction.

The Lewistown True Democrat says: Mrs. Joseph Filson of Locke's Mills is afflicted with a disease that puzzles the physicians. She has all her life been a large woman, but of late her body, especially about the chest and abdomen, has swelled to enormous proportions as though puffed up with gas, until the skin is distended almost to bursting, yet there is no dropsy nor any other known cause for the swelling. The surface of the swelled parts is exceedingly sore, and she is unable to lie down in consequence. The case is exciting much interest in the neighborhood.

School Board Accounts.

On April 24th, 1871, an act was passed, which can be seen in the pamphlet laws for that year on page 112, regulating the publication of borough and township accounts, which does not, judging from the neglect, seem to be understood. In 1876 an act was passed, see page 91 of pamphlet laws, relating to school accounts, which says:

SECTION 1. Be it enacted, etc., That it shall be the duty of each board of school directors, in the several school districts of this Commonwealth annually, and at the close of the school year, to place in the hands of the proper auditor a full certified statement, itemized, of their receipts and expenditures for the past year, including the assets and liabilities of the district, of all kinds, with all books, papers and vouchers relating to the same, to be by said auditors examined, and, if found to be correct, approved; such statement to be spread upon the minutes of the board of directors, and, in a condensed and fully classified form, published in not less than ten written or printed handbills, to be put in the most public places in the district, or if deemed preferable in the two newspapers of the county in which this district is situated having the largest circulation among the citizens interested; and for any neglect or failure to perform the duties enjoined by this act, the officers named therein shall be considered guilty of misdemeanor, punishable by a fine not exceeding three hundred dollars, to be paid into the school fund of the district in which the offense shall have been committed.

SEC. 2. That the publication of the accounts of school boards herein provided for shall be in lieu of all other publication of said accounts now required by law; and all acts or parts of acts inconsistent herewith be and are hereby repealed; Provided, That the provisions of this act shall not extend to the cities of the first class.

Justices Can't Commit Tramps.

The new vagrant act, which became a law last April, to take effect August 15th of this year, will, according to the opinion of Judge Ross, as by him announced in the Montgomery County Court, last Saturday, considerably affect justices of the peace, the Judge holding that after the date mentioned, the justices will no longer have power to commit as vagrants, as they have been doing, but will be required to commit to jail for trial and let the court finally dispose of the matter. This will also cost the county about three times as much for each tramp as the present system does. Under the present law, it costs the county about \$7.20 for his arrest and commitment, while after August 15th it will cost about \$35 to accomplish the same end. The Mayor is of the opinion that every time the Legislature tampers with the tramp law it makes it worse.

NOTICE TO SCHOOL DIRECTORS.

Blank forms for the Annual District Report, and Affidavit and Certificate have been sent to each Secretary in the county. These should be properly filled up and signed, that they may be forwarded to me immediately after the new board is organized. The State appropriation is paid to districts in the order in which these reports are received. Delay in forwarding the reports last spring was the cause of many districts not receiving the appropriation until this spring. Perry county is the only one in the State in which all the districts have received last year's appropriations. Notice the "Directions" and "Special Directions" carefully in preparing reports. Last spring four-fifths of them were incorrectly prepared. Do not place figures, &c., on the dotted lines, but in the proper columns. The account should balance as in the example given with explanations. S. B. FAHNESTOCK, Co. Supt. Duncannon, May 24, 1879.
