Among those entered at Gilmore's Garden for the next walking match, we notice the name of Stephen Spellacy, Millerstown, Pa.

A son of Mr. James Mickey of New-port had his wrist dislocated by a fall when trying some gymnastic exercise on Tuesday last,

The hands in this office are indebted Jesse Clouser for a treat of good cider. We hope he or some other man will call with another lot as good.

A Lewistown exchange is warning its readers against purchasing lots in Chris-ty City. It copies a strong article from the Current Review News Doniphan county, Mo., showing up "Christy City."

A man named Samuel Lintz, while hauling logs off the mountain in Rye twp., was caught by a rolling log and had one leg badly crushed, and was oth-erwise terribly bruised.

Joseph Ebersole, of Williamstown, brags about a sunflower stalk in his gar-den that is nearly twelve feet high, which had on it eighteen flowers. This is some sunflower, certainly.

A new postoffice has been established in this county, called "Cesna's Run." It is in Madison twp., on the main val-ley road, with Elias Snyder as postmaster.

Mrs. Wm. Rothrock of Millerstown, had a paralytic stroke on Sunday from which her recovery seemed doubtful, for several days. On Saturday we were informed that she was recovering.

The Steelton Item comes to us enlarged to the size of THE TIMES, and printed in quarto form. It looks well and we are much pleased to see this evidence of Joe's success. May "ads" crowd him so that he will have to enlarge again ere

On Monday of last week a horse driven by Henry Keller, of Rye township, became frightened at the cars at Marysville, and in starting to run, caught on a large hook, tearing a terrible hole in its side. The wound was sewed up and perhaps the animal will recover. recover.

Persons wanting heaters should read the advertisement of Richardson, Boynton & Co. We have two of these heaters in use, one at our residence and another at our place of business, and, having used them, we can, with entire confidence recommend them to persons wanting an economical and easily managed heating apparatus to write to Richardson, Boynton & Co., New York.

Sudden Death .- On Thursday evening the wife of Samuel Moore of Howe twp., dled very suddenly. She was making a call at the residence of Dr. Singer in Newport, and while talking her head fell forward and it was only a few minutes before she was dead. The doctor pronounced the cause of death to be apoplexy.

Killed.-Chas. F. West, son of Rev. Wm. West, was killed on the railroad near Huntingdon, on Tuesday last. He was employed as brakeman, and while at his duties, missed his footing and fell on the track. He was a young man of much promise, and was aged about 21 years. Mr. West is well-known in this county, and the family will have the sympathy of his many friends in this affliction.

Another Fatal Accident .- On Sunday a week, Mr. Thomas Evans, of Duncannon, while walking on the track near the Cove Forge, was struck by the engine of a freight train, receiving such injuries as caused death shortly afterwards. He was walking on one track and left it to step in front of a train coming in the other direction. Mr. E. had removed to Duncannon only a year or so ago from Philadelphia.

Jumped From a Train.-On Friday afternoon a man jumped from the fast line west when near Baily's Station. The train was stopped and went back to pick up the supposed corpse when it was found the man was not only alive, but was not apparently seriously injured. Since recieving the above information we learn from the Altoona "Tribune" that the injured man was named Shaw from Clearfield county, who had been in the insane asylum and was being taken home by his friends.

A Bad Jump. - James Shutt, of Buffalo twp., on Wednesday was on his way to Mt. Patrick on business, driving a fine blooded five year old horse in a buggy, and when within about half a mile of his destination the animal scared at a wheelbarrow in the hands of a pedestrian, and in a twinkling of an eye jumped twelve feet straight down over a bank into the canal full of water, taking the buggy and Mr. Shutt along. The animal drowned, but Mr. Shutt got safely ashore and the vehicle, considerable damaged, was raised out of the water.-News.

The Newport Bridge.—The new bridge at Newport is approaching its completion, though the contractor has had several little experiences. On one occasion the Commissioners having objected to some material that was put into the piers, the contractor got angry and discharged his hands, refusing to complete his work. The Commissioners thought the bondsmen would if he did not, and the contractor on second thought took the same view of the case and hired his hands again. On another occasion the masons struck on account of non payment of wages, but the matter was satisfactorily arranged and they went to work again. It is expected the bridge will be ready for public use by the middle of December.

September Weather Report. - B. M'Intire, Esq., hands us the following report of the weather for the month of September, 1879:

Average of thermometer at 8 o'clock A. M., 54° 32′, of Barometer 30 inches minus five-tenths. Average of greatest heat 64° 5′, and of cold, 48° 8′. There fell 2 inches and seven-tenths of rain, an unusual small quantity for this month. The warmest day was Thursday the 2nd, the thermometer running up to 77°, and the coldest. Saturday the up to 77°, and the coldest, Saturday the 27th, the thermometer registering 32°. On Friday the 26th was the first frost that injured vegetation. This was the coldest September for some years.

Duncannon Items .- The squeezers in the rolling mill were broke last week. A ball that had got too cold had been put in and the consequence was the large cog wheel on top was broke in two places, a cog broke out of the small wheel and several other breaks. Mr. James Gamber was slightly injured on Tuesday by falling with a bundle of state in his arms while on the old stock house at the furnace.-Record.

Curlous Discovery. - The quarrymen employed on the farm of John Yingst, of Swatara township, this county, recently unearthed several enormous teeth believed to have been belonged to a mastodon. The teeth measured 61 inches across the crown, and 8 inches in length and are in a perfect state of preservation, retaining the enamel. A gentleman who has examined them says they were found under ground at a depth of five feet, and were found several feet apart. There were also found evidences of other decayed matter, evidently the remains of an animal of immense proportions .- Harrisburg Patriot.

It is stated that the Bloomfield and Duncan-non railroad has fallen through. It does not suit the Pennsylvania railroad to have the terminus at Duncannon, and the people of Duncannon refuse to subscribe stock unless; it is the terminus. The Pennsylvania desires the terminus at a point a few miles north of Duncannon.—Valley Sentinel.

The Sentinel is mistaken in the above. The enterprise has not fallen through, but the refusal of the P. R. R. to do what they led us to believe they would do has caused a delay. The company have no intention of giving up the building of a road, but are quietly developing their plans, and all they ask is the aid and confidence of the community, and in return they will insure a railroad to this place.

An exchange thus touches up a class

of newspaper subscribers : "There is no difference between the man "There is no difference between the man who enters your premises at midnight and robs you of your money, and the man who takes a newspaper for a year or two and then removes to another locality without paying up arrearages or even informing the editor of his whereabouts. If there is any difference the latter is the greatest scoundrel of the two."

And we think the exchange is about

Bold Plundering .- On Wednesday afternoon of last week the house of Emanuel Sutch, of Sterrett's Gap, was entered by some person during the absence of the family, and from it were taken a new violin, some muslin, some calico, and a number of other small articles .-We think it high time that the bold robbers be caught, as even the poorest of our citizens are visited by them.

An Old Time Plece,-Mr. J. H. Ebersole, of Williamstown, has a twenty-four hour clock in his house, and in good running order, that has been in different branches of the family for one hundred and seventeen years, and the clock was not new when it came into possession of his grandfather at that time. The clock is apparently good for many years yet.

Cumberland County .- We copy the following from the Cumberland papers of last week:

While at play in New Kingston last Friday, Johnnie Armstrong, an inter-esting little boy, son of Mr. Wilkin Armstrong, fell and broke the femur of his right leg. Dr. Folk reduced the fracture

While out gunning last week in Hastings' woods, Penn township, Cumberland county, L. Coover shot a squirrel that measured two feet five-and-a-half inches from end of nose to tip of tail.

On Thursday, while the family of Mr. George Ruhl, who reside about a mile from Carlisle, were attending the Cumberland county fair, John E. Conner, aged eighteen, who has been living with Mr. Ruhl, disappeared, and has not been heard from since. He left all his clothing, excepting what he had on, and the following note on the floor: "I leave my best respects to you all. Goodleave my best respects to you all. Good-by forever. John E. Conner; out of heart." He has not been very well, and it is supposed he has committed suicide.

Juniata County .- We copy the following from the Juniata county papers of last week.

Miss Mary Fitzgerald, of Spruce Hill twp., had a paralytic stroke on Friday night of last week.

Mr. J. R. VanOrmer, of Walker twp., found one of his horses, on Monday morning in his field, with a long cut in No blood could be found the shoulder. anywhere to show how it was done.
