THE rapid advance in iron has had the effect to stimulate the importation of English iron, and in the end it may be found that the price has been forced up so rapidly that the gain in England will be great, and eventually prove a loss to this Country. A more moderate advance would have kept English fron out of the market thus aiding the devel-opment of our own iron mines in the long run, giving this country more substantial gain than will be had from this rapid rise.

WHEAT has made a great advance during the past week. At Philadelphia, on Saturday, red wheat was quoted at \$1.38 to \$1.39, white, at \$1.40. Many dealers think the advance will be maintained, while others look upon it as merely speculative, and prophesy an early decline, as they say the advance has been too large and rapid to indicate a healthy market. While it is thought that the foreign demand for wheat will be unusual, it is known that the crop of the U.S., has been several millions of bushels beyond the average.

#### The Riot Cases.

PITTSBURG, October 6.-The Supreme Court has decided against Allegheny county in the rlot cases.

The opinion is very voluminous, covering thirty-six large pages. It will be remembered that there were two cases before the court, one brought by a citizen of Pennsylvania, and the other by a citizen of another State against the county of Allegheny, for goods burned by the mob in Pittsburg. There were judgments against the county of Allegheny in both cases, and the opinion of Judge Pearson is to the effect that not only the citizens of Pennsylvania, but also citizens of other States are entitled to recover against the county of Allegheny for any goods destroyed by the mob in the riot. The opinion, naturally, covers a large number of points, but the substance is that given.

## Hanging a Molly Maguire — The Twenty-First Member of the Order Executed.

SUNBURY, Oct. 3 .- Peter McManus, the Molly Maguire, was hanged to-day for the murder of Coroner Hesser, in December, 1874. John O'Neil, who was to have been hanged at the same time, was reprieved last night, but the news was not communicated to him unil 8 o'clock this morning. McManus rested as could be exp High mass was said in his cell this morning. About four hundred people assembled in in the jall-yard and an immense crowd gathered in the street and on the house-tops outside. At 11.45 Me-Manus, accompanied by his spiritual advisers and the Sheriff and his deputies, walked down the stone steps into the jail-yard. The prisoner mounted the gallows steps with a firm tread and faced the crowd, apparently without any emotion. His attorney then said to him:

"Mr. McManus, we want you to say to us as your dying declaration, whether the statement you made to us is true or not-the statement that you made and signed in the presence of Father Koch and others."

McManus said that it was correct, and in answer to another question said he had nothing futher to say. The drop fell at 11.54. There was scarcely a convulsion and in 13} minutes his pulse was not perceptible. It was longer his heart ceased to beat.

## Singular Discovery of Stolen Bonds and Bank Notes.

BALTIMORE, October 2. - In September, 1878, during bank hours, the Nat tional Bank of Baltimore was robbed of two tin boxes, one containing \$35,000 in bank notes, belonging to the bank, and the other containing bonds of various coal and other companies, aggregating \$28,000, deposited by the late Col. Wm. M. Boone, together with stock certificates and private papers.

Since the robbery, detectives have failed to find any trace of the stolen property. On-Friday last a young man, while hunting in the woods near Woodberry, about three miles from this city, saw two men prospecting with an iron bar, apparently sounding for something buried. On Tuesday last, while gunning in the same vicinity, he saw two men digging at the same place, and they

finally drove off without finding what they were in search of. At night the young man, with several friends, went to the spot, and, after digging a while, unearthed a tin box, which proved to be that deposited by Col. Boone, with all the stoles bonds and a number of Boone's private papers. No trace of the other box was found.

## Terrible Railroad Accident.—Over 20 Per-sons Kitted and Many Wounded.

An accident occurred on the Michigan Central railroad, a short distance east of Jackson, about 1 o'clock Friday morning. The Pacific express train bound west, which left Detroit 40 minutes late collided with a switch engine on the main track at that place, telescoping the baggage and express cars and piling the remaining coaches, eleven in number, on the top of each other. The first coach was filled with emigrants, most of whom are killed or seriously injured. Many of the occupants of the other coaches were also killed or injured. It is supposed there are about 20 or 25 passengers were killed and 20 or 20 wounded, the majority of whom are thought to be emigrants and second-class passengers. Physicians and surgeons were at once summoned from Jackson to the scene of the disaster, and a special train carrying physicians left Detroit at

#### Masked Robbers.

Six masked robbers entered the house of Mr. Jacob B. Hill, in Fulton county, on the night of the 25th ult., and after securing the inmates, proceeded to business. They then built a fire in the hearth of the cooking stove and 'thrusting Mr. Hill's nude person in close proximity thereto, tortured him until he was compelled to disclose the place where his valuables were kept. Having received this information, the robbers secured \$126 in money and about \$1,100 in notes, and then decamped leaving the unfortunate inmates of the house in a helpless and deplorable condition .-Fulton Democrat.

#### Hid In the Grave.

A few weeks ago a gentleman of wealth residing near Zanesville, Ohio, died. After his death some valuable papers belonging to his estate were missing, and although known to exist, could not be found. Finally, after several weeks of ineffectual search, a member of the family happened to remember that he was buried in the suit of clothes which he wore on his last visit to Zanesville, and it was thought possible the papers might be in them. The grave was opened, the body exhumed and the missing papers, along with others of value, found in the side pocket of his coat.

### Express Car Robbed.

KANSAS CITY, Mo., October 9. - The Chicago and Alton train which left this city at 6.40 p. m. last night was robbed of its express money at Glendale, fifteen miles east of this city. The train was stopped by about twenty masked men, who kept up a continual firing while the messenger's safe was robbed. The messenger was knocked down but not seriously hurt. Fifty thousand dollars is the estimated loss. The agent at Glendale & missing.

### Stolen Altar Ornaments Dug Up.

In 1845 the Catholic church at Martinsburg, Va., was broken into and robbed of all its altar ornaments, among which were a half-dozen heavily plated candelabra. On Monday last three candelabra were found by a hunter buried in the woods near Martinsburg, where they had lain 34 years.

### Barn Burned in Fulton County.

M'CONNELLSBURG, Pa., Oct. 9.-A large barn upon the farm of Dr. W. F. Trout, near Fort Littleton, was totally destroyed by fire last night, together with the whole year's products of grain and hay. The loss is nearly \$20,000. No insurance.

New York during the month of Septamber was nearly double the number that arrived in September, 1878. An unusual proportion of them have gone or will soon go West and settle on farms.

The "Army of the Cumberland" meets in this city in November. A statue of Gen. George H. Themas, the noblest Roman of them all, will be unveiled.

Of all the farces and humbugs in this country, one of the greatest is that of the so-called "Washington Monument Assoclation," which undertook the erection of a monument some twenty-five years ago, and during the last twenty years it cannot be discovered that any progress has been made looking to its completion. The action of the present Board of Trustees, or rather non-action, plainly shows an entire want of efficiency and interest in the progress and completion of the work .-This Washington Monument business has become a disgrace to all concerned, and it is a burning shame that the American people have no higher regard for the memory of the "Father of his Country" than to allow it to be trifled with as it has been by those assuming to have it in charge. It has been hoped at times during the last few years that the work would be pushed on with vigor. Congress should see that it is.

Hon. John M. Langston, our Minister to Hayti, spoke last evening in this city on the subject of negro emigration. He is an enthusiastic advocate of it, differing in that respect with the older and wiser Fred. Douglass.

As Mrs. Ellen Marshall was leaving the Brooklyn ferry house a young man of about 22 sprang at her, seized a long and costly chain and drew it over her head, securing an elegant gold watch also. She seized the highwayman and a desperate struggle followed. The lady called loudly for help, but before any person came to her assistance the thief had succeeded in freeing himself from her grasp and escaped.

A friend and neighbor has a relative a practical Christian, who has a foreible way of putting things. The other day the subject of death-bed repentance was under discussion, when he said: "Some men think they can live any kind of a life, yet save their souls by a so-called repentance a few hours before death, but I have my doubts as to how that kind of washing will dry when hung on the heavenly clothes-

A desperate encounter occurred Friday night between Rev. George Long a Baptist preacher, and Frank Godey, about four miles from Springfield, Mo., in which the latter had his abdomen ripped open by a large pocket-knife in the hands of the preacher, and died several hours after. Both were driving heavy laden wagons in opposite directions, and neither would give way and let the other pass. Both got into a desperate rage, leaped from their wagons and joined in fierce fight, which resulted as above. Long was arrested.

Quite a sensation was created on Main street, Buenaveurnta, Cal., by the appearance of one Ramon Boneas in a state of complete nudity, who rushed frantically up the street from his residence and before he could be secured dashed into the Catholic Church where early mass was being held. Proceeding to the altar where the astonished father was officiating he lay down at full length, commanding to be nailed to the cross. About this time a constable escorted him to the lock-up. It is not known whether insanity or aguardiente was the trouble.
