Brief Items.

Don't Forget the Auction in Mortimer's old Store-room, this (Monday) evening.

Thursday, November 27th, has been designated as Thanksgiving day.

Stanley, son of James Ort, of this place, fell while getting over a fence on Saturday, and fractured his left wrist.

John Fry, of Toboyne twp., brags about Rambo apples that measure 12 inches in circumference.

On Monday last, Mrs. Nancy Elliott, of Oliver twp., died very suddenly from apoplexy.

We return our thanks to Squire Clouser for a part of one of the large pumpkins raised on the vine he trained along the house. It was very nice.

Rev. P. Willard of Loysville, has raised a turnip, which measures 31 inches in circumference and weighs 8 pounds without the tops; good for him.

The railroad bridge crossing the Racoon creek a few miles West of Newport, was damaged by fire on Sunday a week.

The "Loysville Debating Society," will open for the coming winter, on Friday evening, November 14th. All are invited.

Kansas will have a supply of stone masons some of these days. Another of our Perry county masons, W. P. Delancy, is going out there next month.

The Concert given in the Court House on Saturday evening, in aid of the Presbyterian Sunday school, was well attended. The young ladies and gentlemen are entitled to much credit for their successful efforts.

Mr. Wm. Baker had his buggy badly broken by the wheel coming off as he was driving from the Pine Grove church on Friday a week. Some scamp had removed the nut from the axle, which caused the accident.

In Cumberland County Dr. Thompson, the Republican candidate for Sheriff, is elected by a majority of about 700. This is by no means a party triumph.

An Accident.—Dr. Sweeney of this place recently made a narrow escape. He was crossing a railroad near Philipsburg when a train struck the rear end of his buggy throwing out and bruising the doctor and breaking his vehicle.

Killed on the Railroad.—As the Mifflin accommodation was proceeding over the Pennsylvania railroad about a mile west of Newport, Thursday morning, a little boy named Miller, 7 years of age, who was sent to a neighbor's house for milk, was struck by the engine and had his skull fractured. He died later in the day.

Barn Burned.—The Journal says the barn on the farm of Mr. James H. Brewer located in Warren twp., Franklin county was together with all his feed, grain, four hogs, a lot of farm implements, &c., destroyed by fire at an early hour Sunday morning the 12th inst.

Go and See Them.—If you ever have an opportunity to see a performance given by Mr. and Mrs. Love don't fail to take it. For variety and spice their entertainments take the lead of any troupe that ever visited this place.

October Weather Report.—Extract from the record of B. McIntire, Esq., for October, 1879, to wit: Average of Thermometer at o'clock A. M., 32° 27'; average of Barometer, 8 inches minus 3-tenths. Average minimum heat, 65° 20'; average minimum cold, 47°.

Barn Burned and Bones Found.—On last Wednesday afternoon about four o'clock the barn on the farm of Mr. John Stephens, in Buffalo township, and which is tiled by his son J. Wesley was totally destroyed by fire, along with two horses, two hogs, all the grain, farming implements, &c. Bones supposed to be human were found in the foddering-room, and the conclusion is that some tramp perhaps with a lighted pipe in his mouth, lay down there to rest his weary body and in this position fell asleep, while fire fell from the pipe, setting the hay and straw on fire, consuming him and the barn and its contents.

Greatly Improved.—J. Coble of Newport, is now taking remarkable fine pictures, having greatly improved in the photographic art. Give him a call and try him.

Report of Temperance Meeting.

Friday evening the 21st ult., is an evening not soon to be forgotten by the people of Ellitsburg and vicinity not only for the rich treat they enjoyed there for the good resolutions formed.

Notwithstanding the blustering weather many of the best people of the community might have been seen wending their way to the Lutheran church in pursuance of a previous announcement that Prof. Emerson of Selingsgrove, was to deliver a lecture in behalf of Temperance.

After the preliminary exercises consisting of singing by the congregation, selections from Gospel Hymns, and reading of a portion of Scripture—Prov. XXIII, 19 to 35th verses, and prayer by Rev. J. M. Longsdorf, said gentleman introduced the speaker who in a very able and highly interesting manner addressed his audience for one hour on the evils of Intemperance.

After the lecture Rev. Longsdorf suggested that a temperance society be formed making the signing of the Murphy pledge the requisite qualification for admission into such organization. That his suggestion met with approval was evinced by the hearty response of names. Forty-five names were secured in so short a time and with such zeal as to show that we have people here who are ready for any good work.

An organization was effected with the following named officers: Pres., Geo. Hoobaugh; Vice Presidents, Wm. Rhoads, J. A. Stambaugh; Rec. Sec., Alice Conrad; Cor. Sec., D. K. Reeder; Treas., D. J. Kell; Ex. Com., Dr. Conrad, J. Berabetsel, Frances Dum, Ella Dromgold, D. H. Benish; Reclaiming Com., Jas. Foose, W. L. Hoobaugh, D. W. Frymire.

The next meeting to be held two weeks from date of last meeting in the Evangelic church. Ellitsburg, Oct., 30, 79.]

Letter From Tyrone Township.

Thinking that some items from this part of the county might be of interest to some of its many readers of your valuable paper I will contribute a few.

The mill situated in Sheaffer's Valley, belonging to J. & W. Lightner, which was being repaired by Rhoads & Co., is now finished and in good running order. Mr. Nelson (the miller) can now accommodate his customers with choice flour, chop, etc., again.

The fascinating charms of Kansas has robbed Sheaffer's Valley of two more of its young ladies. They started last Monday morning, leaving mother, friends, and home behind. Though the charms of the sunny west may be many, yet the place of one's childhood and school-days is by far the most pleasant.

Our sportsmen (Scott and Sam) are killing the wild turkeys very fast and also without respect to age, weight, or sex; they would as soon kill an old Boob Gobbler that would weigh twenty-nine pounds as a hen of less years and weight.

The corn crop in Sheaffer's Valley is like the wheat, it is long and heavy; Mr. Peter Lightner raised corn, some ears of which measured fifteen inches; his son Scott has a corn crop that can not be surpassed in the county.

Cumberland County.—We copy the following from the Cumberland papers of last week: Jacob Linderman, who lives at the brick mill, (formerly Rupp's) in Hampden twp., recently lost two interesting children by scarlet fever. They died on the same night within several hours of each other.

The works at West Fairview are not running on more than half time, owing to the scarcity of water. The foundation has been laid for the purpose of constructing a something to manufacture gas for lighting the interior of the mill.

Two men in West Fairview, the other evening, who were under the influence of strong drink, got into a quarrel during which the one cut the throat of the other. The cut proved to be too high up or it would undoubtedly have caused death. The would-be assassin was arrested and placed under bail.

One day last week while Mr. Jacob Weary was repairing his corncrib, he called upon Mrs. Weary to hold for him a board some eight or ten feet long. While holding this board Mr. W. was standing upon a ladder, which gave way, and suddenly precipitated him to the ground, lacerating his hand in a fearful manner on a protruding spike or nail. The ladder struck Mrs. Weary, knocking her senseless, almost severing one of her ears from her head, and scarring her face badly.

A young German named Fred Ortol, who for some time past has been in the employ of John Engle, on the South side of the township, and by his uniform good conduct won the confidence of the family, on Tuesday (election day) most wantonly and criminally abused that confidence. While the family were absent he entered the house, broke open Mr. Engle's secretary, took from it \$42 and a watch, then opened the trunk of Mr. A. M. Werner, the teacher who boards with Mr. Engle, and stole from him \$30, a pair of fine boots, a good over coat and a new hat.

The injuries sustained by Dr. Henry Miller, of Mexico, by having one of his feet caught in a threshing machine, an account of which we gave in our last issue, proved fatal on Monday. A few days after the accident occurred gangrene set in, causing his death. He was about 65 years of age.

On Friday morning of last week Miss Mattie Yoder, of Spruce Hill township, accompanied by the wife and child of Mr. Isaac Yoder, of Kansas, left home

In a buggy to spend the day with the family of Mr. William Patterson. In hitching the horse to the buggy to return home one of the holding-back straps was not properly fastened, but it was not discovered until they were descending the hill at Mr. Henry Yoder's residence when the buggy commenced crowding the horse, causing him to run away. In passing over a bridge at the foot of the hill the buggy got too close to the edge, and, upsetting, threw the occupants out. Miss Yoder was seriously bruised and two deep gashes in her face and head. Miss Yoder sustained some severe bruises about the body. The little child received a severe bump on the forehead, causing a large lump to appear, but it was more fortunate than the others, being able to go about next day.—Port Royal Times.

Teachers' Institute. The Annual Teachers' Institute will be held at Bloomfield, commencing December 1st, at one o'clock P. M. The following distinguished educators and lecturers will be present in addition to our home talent.

Prof. E. V. DeGraff, Albany, N. Y.; Col. J. P. Sanford; Hon. J. F. Wickersham, S. S. D., Supt. of Public Instruction.

Wednesday will be "Directors' Day." Dr. Wickensham will lecture on Tuesday evening and talk to directors and teachers on Wednesday forenoon. Directors should be present if possible. As teachers receive pay for their time while attending institute it is earnestly hoped that all will be present. Teachers are requested to bring specimens of pupils' work.

Boarding for full time, \$2.50 to \$3.25. S. B. FAHRENBERG, Co., Supt. Godey's Lady's Book for December

Closes the year 1879 with flying colors. The publishers have more than fulfilled their promises made in January, and each number of the year as it has succeeded has exceeded the last. In the December number we have an exquisite steel plate, from Darley's original design, suitable to the season, reminding us to whom we should render homage at the cheerful Christmas gatherings. In addition is a beautiful colored winter scene, and a double page of dainty trifles for Christmas presents, at once beautiful and suggestive.

The Mammoth Colored Fashion Plate is very fine, and the costumes of great taste and beauty. Besides this, are several pages of fashion patterns of articles to help a lady in making a tasteful and becoming toilet. The pages of literary matter are very choice—two Christmas tales and poems, a continuation of the series of "Representative Women," and several pages of the interesting novel, "A Rosebud Garden of Girls." The recipes for a Christmas Dinner make the month water, and in every department is shown the beauty and finish that characterizes every issue of Godey's Lady's Book. The publishers promise a still better book for 1880. It is a mystery how they can make one, but if they say so, they will do it. We will furnish Godey's Lady's Book and the Times for 1880 for \$3 on application at this office.

J. Ken. Mathews, the boss Watchmaker, will be at the Perry House Nov. 11th, and will remain for one month. 45 2t
