A DISPATCH from Washington has the following: "Inquiry at the pension office reveals the fact that business is behind-hand there to an extraordinary degree. The pension arrears act has completely overwhelmed the office."

THE President of a London bank, who is now on a visit to this country, and who is described as the ablest, most conservative and prominent of the English bankers, gives it as his firm opinion that our national bank system is the best ever devised by the wit of man, and wishes that England had as good a one.

SECRETARY SHERMAN will ask Congress for authority to discontinue the coinage of silver dollars, giving as his reason that he cannot get them into circulation. Let him start a newspaper, on the pay-when-you-get-ready plan, and he will have no difficulty in keeping his mints all running.' We don't mean this as a dun but if some subscribers should take it as such and insist on paying, we will try and bear up under it like a congressman getting back pay.

Mr. Tilden's Income Trouble.

NEW YORK, Nov. 14 .- The return to the Supreme Court of the United States in the case of the goverment against S. J. Tilden, in the income tax suit, has been completed by United States Commissioner Shields and will be transmitted to Washington to night. The record comprises over 370 pages of printed matter, embracing all the proceedings from the institution of the suit by the bill of discovery, which was filed May 1, 1879. mountains of Eastern Kentucky. No one who was any way friendly to the Underwoods is safe, and the reign of terror is so complete that no one dares attempt indictment of the outlaws in the courts, which have just adjourned. In Bowen and other countles the people are organizing against the regulators, and a determined effort will be made to bring them to justice.

Acquitted of Murder.

The jury in the case of Zechman, indicted for the murder of the old man Raber, after being out all night, came into court, looking haggard over their tong confinement. On being asked by Judge Henderson whether they had agreed upon a verdict, the foreman answered Yes, and said "Not guilty." The court room was crowded during the scene, and the verdict was received with with much dissatisfaction, the general opinion being that Zechman was as much guilty as any of the others. The two who are yet to be tried feel much encouraged over the verdict.

Western Tornadoes.

Sr. Louis, November 11 .- Mail advices from the interior of the State say a tornado destroyed the railroad depot and two or three other buildings at Pageville on Saturday, and General Joe Shelby and S. Shannon, who were in one house when torn down, were injured, the latter fatally, and two or three others slightly hurt. The town of Strasburg was also visited by the storm, and one church and three buildings were swept entirely away and four stores, three dwellings and a blacksmith shop were leveled to the ground. Several persons were injured, none seriously .--The towns of Fairview, Odessa and Dover also received slight injuries from the passing winds.

ST. LOUIS, November 11. - Advices from Northwestern Arkansas say that a tornado passed through part of Crawford Co. last Saturday, destroying nearly everything in its course, killing several persons and wounding others. No names of the killed are given. The storm seems to be the same one that struck several towns in this State the same day.

The track of the storm was 'about half a mile wide, and the centre near the National dam, Crawford county. It made a clean sweep of everything in its path. One house was lifted out of sight and nothing was left of it. John Newton was killed by a house falling on him. The storm at Van Buren was accompanied by hall. Stones were found in the streets two by three inches in dimensions.

Verdigris on a Pin Nearly Takes a Man's Life.

The Baltimore " News" says: Louis Wolf, a young man employed in the drug store of Messrs. Duble & Cornell, Williamsport, Pa., and whose parents reside at \$3 Leadenhill street, in this city, met with a serious accident on the 28th ult. He scratched himself, accidentally, on the right wrist with a pin, and it is supposed verdigris had collected on the pin. The poison pervaded the whole system, and he awakened early the next morning by severe pain in his arm and fever. Wolf sleeps in the store alone, and consequently had to wait until about 8 A. M. before he could see a physician. Dr. Detwiler was immediately summoned, and Wolf was conveyed to his boarding-house. He received the best attention, but for some time grew worse, and it was thought he could not recover .--For two days he was under the influence of morphia, and was so weak he could not swallow any food. Beef tea was administered to him by the physician, and on the 30th showed signs of recovery. On Sunday last he was able to attend church, and is now fully recovered.

Laid a Trap for Himself.

Col. T. A. Myer, of Richland, Stewart county, Ga., accidentally shot himself lately in rather a singular manner. He had set a gun for some one who had, a short time before, entered and robbed his store, and on the night in question, having forgotten the circumstance, he entered the store hurriedly and discharged the gun, receiving the contents of both barrels in his back. Fortunately the gun was loaded with squirrel shot, otherwise the accident would have most likely been fatal.

Queer Source of Contagion.

Dr. Abner Warner, of Niles, Mich., has a child slok with the measles, and insists that the contagion came from the hogs that were yarded in large numbers by drovers near his residence. The drovers defy the city authorities, and several suits are already in progress to test the validity of ordinances and the power of the board of health.

Diphtheria in Brooklyn.

Diphtheria prevails in Brooklyn to an extent that has alarmed the health board. and undertakers have been instructed that the bodies of all persons dying of the disease must be buried within twenty-four hours after death, and the funeral services must be private. Children are forbidden to attend school from houses in which there are persons sick with diphtheria.

tor Last Sunday, two boys aged 8 and 11 years, being left alone at home heard a disturbance in the chicken house, and found a lynx making away with some of the chickens. They were too young to know what the animal was, but picking up two clubs went at it. The lynx made fight, and scratched the youngsters somewhat, but they stuck to the battle and actually clubbed the animal to death. It measured five feet in length. -Berks Co. Exchange.

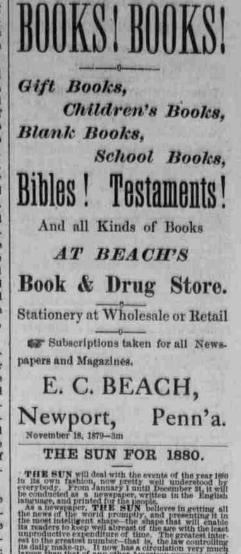

At dusk on Tuesday evening Samuel Hendrickson a well-known citizen of Howell, N. J., was driving home with his wife and with a valuable team, when at the South-street crossing of the Freehold and Jamesburg pike and the Freehold Railroad the wagon was struck by a gravel train and demolished and Mr. and Mrs. Hendrickson thrown senseless ten feet from the track, and fatally injured.

injuries are pronounced fatal. "PATRESON'S MAGAZINE" for December is on our table in advance, and is a marvel of beauty, even for "Peterson." There are two steel engravings, one called "The Pet Pigeons," an exquisite affilt, and the other a title page, representing a beautifal little child, asleep in his crib, with a rose bud in his hand, after a picture by the celebrated English artist, Millais. The colored fashions, also a steel plate, is one of the loveliest we have ever seen. Then there is a treble-sized colored pattern, in Berlin work, for an Ottoman, or Chair Seat, a Christmas gift given extra, to the subscribers of "Peterson." The literary contents are even better than usual, and this is saying a great deal ; Mrs. Frances Hodgson Burnett, Mrs. Ann S. Stephens, Frank Lee Benedict, and the autoor of "The Second Life, etc., etc., being among the contributors. One of the best and most amusing stories we have ever read, and by a comparatively new author ("Peterson," somehow, is called "Baby Stealing." is it a Swindle?

For several weeks we have published an advertisement of the Denver Land Company. We would not willingly advertise a swindle, but received this advertisement from a regular agent, and were paid promptly in advance for its insertion. Upon this subject a Denver, Colorado, dispatch says :

"Sidney A. Grant, of Cincinnati, and A. F. Wilson were arrested on Saturday for conducting a fraudulent scheme through the mails, under the name of the "Denver Land Company." They were taken before a United States Commissioner and committed, having waived missioner and committed, having waived an examination, and having as yet given no bonds, they will probably go to jail. The swindle was planned in Cincinnati. Stereotype plates were prepared, willob have already been inserted in over eight hundred first-class newspapers and peri-odicals in the Northern, Eastern and Middle States. Grant came to Denver to secure land for the nurnose, and boucht secure land for the purpose, and bonght 1.000 acres in Sand Hills, 40 miles North of Benver, in another county, which was recorded as North Denver. Although Grant was here but eight days, a perfect avalanche of letters have come through the mails for S. A. Grant and the Denthe mails for S. A. Grant and the Den-ver Land Company. The fraud was ex-posed by the local newspapers and bit-terly denounced by the citizens. The postmaster reported the swindle to the Department and Friday night received orders to deliver no registered letters and pay no money orders to Grant. The arrest was made by Special Agent H. Hall. Special Agent Fusay, who is also here, has asked the Department for an order to withhold ordinary letters from Grant."

Our subscribers, after reading the above, can believe what they please and do what they see fit about mailing the party any moncy. We take out the advertisement till further investigation is made.

Disgraceful Scenes at a Funeral.

ROCHESTER, N. Y., November 6 .- A disgraceful scene occurred at a funeral yesterday in Henrietta. The widow of the deceased and his sons by a former wife differed concerning the arrangements of the funeral and place of burial. Graves were dug at Bloomfield and Mt. Hope, in this city. The corpse was forcibly transferred from one coffin to another in the street and the burial proceeded at Bloomfield without further difficulty. It will probably be necessary to guard the grave.

A Sad Case.

Mary and John Piatt, husband and wife,247 East Twenty-eighth street, New York, were arrested last Tuesday in their apartments for being habitual drunkards and neglecting their infant child, and at the Yorkville police court were sent to Black well's Island Penitentiary for three months each. LITTLE ROCK, Ark., Nov. 5.-Advices from the Indian Territory report the Arkansas river entirely dry at the big bend. This was never known to occur before. Corn crops are very short in the Cherokee, Choctaw, Chickasaw, Seminole and Creek nations. Much suffering in consequence is anticipated.

The deceased leaves a wife and three children in Clearfield, and he had only working in the mine at Philipsburg for about two weeks.

130" A black rusty needle, one and a-half inches in length, was extracted from the arm of a Hollidaysburg woman the other day. The woman is forty years of age, and not having at any time a remembrance of the needle penetrating her arm or any part of her body, the supposition is that it was swallowed in her food and evidently worked its way through the body and came out at or near the elbow of the left arm.
