

A Strange Surgical Operation.

They are grafting a man's left-hand middle finger in place of his nose, at Bellevue Hospital, New York. He had had a disease which rendered necessary the removal of his nose, and he didn't like the way people looked at him in the streets, so he asked the visiting surgeon to give him a new nose. The scar in healing had contracted his features frightfully. His left-hand middle finger was frozen in ice and salt, to destroy the nail, while he was under the influence of anesthetics. The skin was then removed from the end of the finger to about the origin of the nail—the frozen, nailless, finger already described. Two flaps were raised from the palmate surface of the finger, and a silver wire, armed with a needle at either end, was passed through the end of the finger. Two flaps were also raised from the face on either side of the opening of the nose, and then the end of the finger was placed in a pocket made in the skin where the nose formerly had been. The raw surfaces of the flaps of the finger were then stitched to the raw surfaces of the flaps of the face. His hand being thus over his mouth, blood ran down his throat and nearly choked him. Artificial breathing was produced by opening the larynx and putting in a tracheotomy tube. He has now been under the influence of morphia for a month. They are now gradually stopping the supply of blood from the finger, and when the new nose is supplied with life from the face the finger will be amputated at the middle joint.

State Prison Burned.

New York, Jan. 26.—At a quarter past eight o'clock this morning a fire was discovered in the shoe shop connected with the King's county penitentiary at Flatbush. There were 425 prisoners and 360 outside hands in the building at the time. The fire was first discovered on the first floor at the west end of the main building. Flames were subsequently discovered in the attic in the middle of the main building.—Warden Shevlin took prompt measures to get every one out of the building and for the suppression of the flames. Though the building, which is a three-story structure, was constructed of stone, there was so much wood work about it that the flames found plenty of fuel, and it was entirely consumed; only the bare walls are left. It was erected ten years ago, and cost the county about \$100,000. The building was not insured, as the county never insures its property.

An Unhandy Hotel.

A young husband and wife from an interior county stopped at the Weddel House, in Cleveland, on Monday night week and were assigned a room on the first floor—from the skylight. About one o'clock the young man made his advent in the office, with a small water-picher in his hand, and glancing inquiringly around stepped to the street and looked out into the gloom. He then retraced his steps and started for the ladies' entrance. A bellboy, whose curiosity had arisen, followed in pursuit and overhauled the solemn-visaged guest on Superior street. Turning quickly, he said: "Bub, where's your well? Strikes me things are mighty onhandy around this tavern." The boy found the "well," and then initiated the visitor into the mysteries of the bell-cord.

One Wife for Cash, One for Love.

John Dyer of Kendallville, Indiana, desired to marry two women—the widow Myers for the sake of the \$3,000 she possessed, and Belle Bly because he loved her. He determined to get over the difficulty by marrying Mrs. Myers, killing her and then marrying Miss Bly. The plan was partially successful, for he married Mrs. Myers, and then destroyed her by poison; but had talked to Miss Bly in a way that aroused her suspicion, and she started an investigation that has resulted in his condemnation to the gallows.

Three Bodies found in a Barrel.

New York, Jan. 27.—A special from Atlanta Ga. says: Two barrels, shipped to B. J. Avery & Son, Atlanta, plow manufacturers, were open yesterday and found to contain the corpses of the half grown persons, which owing to recent development of this vicinity regarding body snatching, caused considerable sensation. The police were notified, and it was soon found that they belonged to another Avery, a druggist, of Peachtree street, and were for the Atlanta, Electric Medical college and came from near Cincinnati.

A Lawyer's Big Bill.

Henry L. Clinton, the principal counsel for W. H. Vanderbilt in the Vanderbilt will case, has sent in his bill to his client. The bill Mr. Vanderbilt is called upon to pay amounts to \$250,000. It is made up in items and each particular service is specified. Mr. Vanderbilt has refused to pay it, and it is said Mr. Clinton has given him a week to consider the matter.

Mrs. Williams, aged 16, has applied for a divorce, at Kansas City, from a man whom she married when she was 12. She intends to go into wedlock again as soon as she gets free.

THE WEEKLY PRESS FOR 1880.

NEW ATTRACTIONS.

A PENNSYLVANIA SERIAL STORY.

PRICE REDUCED

TO

\$1.25 For Single Copy,

Or \$1 in Clubs of Ten or More.

(Including Prepaid Postage.)

In order to place THE WEEKLY PRESS with in the reach of the Republican voters of the State the price has been reduced to One Dollar and Twenty-Five Cents for the year, by the single copy, or to One Dollar for the year, by clubs. The Press is thoroughly devoted to the principles of the Republican party, and maintains the Republican organization because it believes that the prosperity and progress of the people cannot be safely entrusted to any other existing political organization. During the year 1880, the most stupendous political conflict of this epoch will take place. Upon its issue will depend the political destiny of the country for many years.

"The Press" steadily re-visits the aims of the "Solid South," which is now organized to capture the Executive, to retain Congress, to remodel and control the Supreme Court, and to subordinate every public interest to the overmastering purpose of controlling the policy of the Nation, and thereby gaining by legislation and peaceful means what it lost on the field. "The Press" enforces the duty of enforcing in full force the Constitutional Amendments made to secure the fruits of the war; upholds the right of every lawful voter to a free and unobstructed exercise of his right; inflexibly insists upon an honest return of the votes cast; justifies the use of all necessary means to prevent fraudulent voting and fraudulent return of votes; accepts as fundamental the equal right of every citizen to the adequate protection by the law of his political as well as his civil rights; maintains as wise the Republican policy of Resumption and honest financial legislation; defends as sound the Protection to American industry; and, in general, follows whithersoever the Republican principle leads.

SPECIAL MEASURES have been adopted to strengthen the Paper in all its departments. THE EDITORIAL DEPARTMENT will be in the hands of able and experienced writers, and the range of subjects discussed will be as wide as in any other first-class newspaper in the Union. THE LITERARY, THE AGRICULTURAL, THE FAMILY AND THE CHILDREN'S DEPARTMENTS will remain in charge of experienced and capable editors; and the Market Reports will be full and accurate.

CLOSE ATTENTION will be given to the State News of Pennsylvania, New Jersey and Delaware. OUR FOREIGN CORRESPONDENCE will include letters from Europe and all portions of the World. A SPECIAL FEATURE of "The Weekly Press" will be a Serial Story in illustration of Frontier Life in Central Pennsylvania, prior to, and during the Revolutionary War, in which John Brady and his sons John and Samuel, and other Border celebrities will be prominently introduced. This story will be written by Mr. Charles McKnight, author of "Our Western Border," "Old Fort Duquesne," and "Simon Girty," and will be begun about the middle of November.

Special terms will be made with Carriers. Specimen copies sent free on application. Parties sending \$1.25 will be entitled to receive the paper from date till January 1, 1881.

CATARRH.

C. B. LITTLEFIELD & Co.—DEAR SIR:—I have been troubled with Catarrh in all its forms for the last 20 years, and have used all remedies recommended to cure, but received little or no benefit, until I tried the Constitutional Catarrh Remedy. I have only used one bottle and a half, and I am feeling better than I can say it has cured me. My daughter-in-law has also been afflicted for the last four years. She is now using the remedy with the same result. I can truly say it is a wonderful medicine, as I know from experience that it will cure any case of Catarrh. I formerly lived at Napanee, Ont. Hoping that you will introduce the medicine through the Dominion thoroughly, so that my fellow sufferers may have an opportunity of getting cured of this disease. Yours respectfully, NELSON SHOREY.

N. B.—I have always been subject to headache; since taking the Constitutional I have not been troubled in the least. It will cure headache in two or three hours. N. SHOREY, Zwim.

DR. CLARK'S INDIAN BLOOD SYRUP

Laboratory, 77 W. 3d St., New York City, LATE OF JERSEY CITY.

The Best Remedy Known to Man!

Dr. Clark Johnson having associated himself with Mr. Edwin Eastman, an escaped captive, long a slave to Wakamethla, the medicine man of the Comanches, is now prepared to lend his aid in the introduction of the wonderful remedy of that tribe. The experience of Mr. Eastman being similar to that of Mrs. Chas. Johnson's son, of Washington Co., Iowa, an account of whose sufferings were thrillingly narrated in the New York Herald of Dec. 15th, 1878, the facts of which are so widely known, and so nearly parallel, that but little mention of Mr. Eastman's experiences will be given here. They are, however, published in a neat volume of 300 pages, entitled, "Seven and Nine Years Among the Comanches and Apaches," of which mention will be made hereafter. Suffice it to say, that for several years, Mr. Eastman, while a captive, was compelled to gather the roots, gums, herbs, berries and barks of which Wakamethla's medicine was made, and is still prepared to provide the same materials for the successful introduction of the medicine to the world; and assures the public that the remedy is the same now as when Wakamethla compelled him to make it.

Edwin Eastman in Indian Costume.

SEVEN AND NINE YEARS AMONG THE COMANCHES AND APACHES. A neat volume of 300 pages, being a simple statement of the horrible facts connected with the sad massacre of a helpless family, and the captivity, tortures and ultimate escape of its two surviving members. For sale by our agents generally. Price \$1.00. The incidents of the massacre, briefly narrated, are distributed by agents, FREE OF CHARGE.

Mr. Eastman, being almost constantly at the West, engaged in gathering and curing the materials of which the medicine is composed, the sole business management devolves upon Dr. Johnson, and the remedy has been called, and is known as

Dr. Clark Johnson's INDIAN BLOOD PURIFIER.
