NOTICE TO SUBSCRIBERS.

Look at the figures on the label of your paper. Those figures tell you the date to which your subscription is paid.

MR. ADOLPH BORIE, who recently died in Philadelphia, leaves among other legacies \$10,000, to Gen. Grant.

THE GOVERNOR of Connecticut gives the young men of that State some good advice in regard to moving away.

AN OVER LOADED grain elevator at Chicago broke down on Thursday last, entailing a loss of \$50,000.

A BILL has passed the New York legislature empowering women in that State to act as school trustees, or to take part in the election of those officials.

THE GREAT ADVANCE in paper has compelled many of the low priced journals to advance their price, though some have endeavored to meet the trouble by using an inferior quality of paper.

THE friends of Mr. Geo. H. Stuart, of Philadelphia, have completed their tribute to his worth and integrity by founding "The Merchants' National Bank," and electing him as its President.

The vault of Westport (Conn.) national bank was broken into at 3 o'clock Wednesday morning, and between \$3,000 and \$4,000 were stolen.

The explosion was so violent that the plate glass front of the bank office was blown into the street, the neighbors were aroused, and an alarm of fire was raised.

steel safe containing valuable bonds and a large sum of money. This safe had not been touched.

The Raber Murders to be Hung.

The supreme court, sitting in Philadelphia, on Monday rendered a decision affirming the degree of the criminal court of Lebanon county in the case of Israel Brandt and Josiah Hummel who were convicted in August last of the murder of Joseph Raber.

Terrible Nitro-glycerine Accident.

BRADFORD, Pa., February 9.—This morning at 9 o'clock Howard Hackett and James Feeney started from this city for Coleville in a sleigh, carrying one hundred pounds of nitro-glycerine.

The house of Charles Seely, a one and a half-story frame building, fifty feet distant, was shaken to pieces by the concussion. Mrs. Seely was sitting in the house at the time but escaped serious injury.

Miscellaneous News Items.

A workman in a Pittsburg mill, while working at a swiftly revolving grind-stone on Monday, had his hand caught in the frame work and pressed tightly against the stone, and before he was released three fingers of the imprisoned hand were ground almost entirely off.

A singular homicide is reported from Rutherford County N. C., a negro man, while sitting in front of an illicit still-house, was approached by a white man and asked for the loan of his knife.

The following message, intended to break bad news gently, was sent to the widow of a man who had just been killed by a railroad accident: "Dear madam—Your husband is unavoidably detained for the present. To-morrow an undertaker will call upon you with the full particulars."

The case of two girls, 8 and 12 years of age, now in the Van Buren County, Mich., poor-house, is peculiar. The mother lost her palate through scarlet fever. Her speech thus affected, and the family living in the woods, has become literally the mother tongue of her children.

Aaron Barnes of independence, Iowa, was advised to go to the poor-house, as he was old, infirm and destitute; but he said: "I'd die first," and hobbled away from the village-store toward his lonely shanty. He was not seen after that for a week, and was then found dead, from hunger and cold, by a messenger who brought the news that his claim for \$1,600 pension money had been allowed.

A dispatch from Princess Anne, Md., to a New York paper says there is "indignation and excitement over the discovery made to-day that Sidney Shores' a wealthy farmer, aged 45 years, residing near Dames Quarter, had secretly married his step-daughter, a child of 12 years, who is also his first cousin. Shores is reputed to be worth \$100,000, and has lived in good style on a farm of several hundred acres near Dames for nearly fifteen years."

About twelve o'clock Tuesday night a party of men with blackened and masked faces entered the dwelling of the somewhat notorious Donnelly family, at Lucan, Ontario, and murdered the father, mother, son and a niece. A small boy named Connor took refuge under a bed and escaped unharmed. The party then set fire to the

house, which, together with the bodies of the murdered inmates, were totally consumed. Another son, residing about three miles from the homestead, was called to his door about the same hour and was shot dead. The township is wild with excitement.

Tramps don't often go to church, but one did so at Corona, Long Island, the other evening. It was a Catholic church, and tramp lay down behind a pew and went to sleep. During the night burglars broke in, and their operations awoke the tramp. Thinking they were ghosts, he gave a yell, which brought the priest, who was asleep in the parochial mansion. The burglars also mistook the tramp for a ghost, and hurried off swearing they would never rob a church again. The priest gave the tramp some old clothes as a reward.

A Justice in Charlotte, S. C., was dumfounded recently to see a pretty little woman, dragging a man after her, enter his office and walk boldly up to the magisterial desk. She led the unwilling prisoner by means of a scarf about his neck, and ever and anon gave both scarf and neck an energetic jerk. Justice Davidson was informed by the fair one, who spoke in mellifluous sweet tones, that the man had failed to put in an appearance on the day fixed for their wedding.

THE BEST IN THE WORLD! Arm and Hammer Brand.

Absolutely and Chemically Pure.

CHURCH & CO'S

BI-CARB. SODA

—AND—

SALERATUS

Which is the best thing.

Pure Saleratus or Bi-Carb Soda (which is the same thing) is of a slightly dirty white color. It may appear white except by itself, but a COMPARISON WITH CHURCH & CO'S ARM AND HAMMER BRAND will show the difference.

See that your Saleratus and Baking Soda is white and pure, as should be ALL SIMILAR SUBSTANCES used for food.

A similar but severe test of the comparative value of different brands of Soda or Saleratus is to dissolve a dessert spoonful of each kind with about a pint of water (hot preferred) in clear glasses, stirring until all is thoroughly dissolved. The deleterious matter in the inferior Soda will be shown after settling some twenty minutes or sooner, by the milky appearance of the solution and the quantity of floating flecky matter according to quality.

Be sure and ask for Church & Co's Soda and Saleratus and see that their name is on the package and you will get the purest and whitest made. The use of this with sour milk, in preference to Baking Powder, saves twenty times its cost. See one pound package for valuable information and read carefully.
