In Harrisburg, last week, on calling up the bribery cases, much surprise was caused by W. H. Kemble, Charles B. Salter, W. F. Rumberger, and Jesse R. Crawford entered pleas of guilty. There had been talk for several weeks that the defense had a surprise in store for the prosecution, but it was generally supposed by those who had heard these predictions that some unprotected point of the commonwealth would be attacked .-The penalty which the act of Assembly attaches to the offense of corrupt solicitation, to which Messrs. Kemble, Salter, Crawford and Rumberger have severally pleaded guilty, is a fine not exceeding \$1,000, and imprisonment not exceeding one year.

Emil Petroff who was tried for same offence was found guilty.

PRESIDENT HAYES in his message to the Senate upon the Inter-oceanic canal question reaffirms the Monroe doctrine with great emphasis. If a canal is cut across the American isthmus, it must be under American control. The protection of the commercial interests of the United States and the interests of such American citizens as may invest their capital in this enterprise can not be entrusted to any foreign power. A canal across the isthmus will be a part of the ocean highway between the Atlantic and Pacific States, and would be, as it were, a continuance of our own coast line, while its relations to "our power and prosperity as a nation, to our means of defense, and our unity, peace and safety, are matters of paramount concern to the people of the United States."

The California Trouble,

SAN FRANCISCO, March 9 .- A manifesto will be published to-morrow morning by the citizens' protective union giving the motives for their organization in order that the organization may be properly understood. They declare the objects and purposes of the organization to be, first, the preservation of the public peace; second, the protection of life and property; third, the restoration of confidence in the security of life and property from all violence; fourth, the resuscitation of the legitimate commerce, industries and business of the people .-All of which they expect to accomplish within the law.

They declare that the time has come when a line must be drawn between those who are in favor of law and order and those who are for riot. All good citizens are invited to join. There is no neutrality. In this crisis they can only be excused by extreme age or pitiable cowardice.

Dr. Hahn's Cremation Accomplished.

Dr. Hahn's body arrived at Washington Pa., from New York on the evening of the 9th inst., accompanied by Dr. Happel and A. Kauffman, father-in-law of the deceased. The body was cased in a plain iron coffin and immediately conveyed to the crematory. It was then placed in an iron crib and covered with a sheet saturated in alum. No service were held. At 8:05 P. M., the body was carfied to the retort room by four men and shoved in head foremost. A slight odor as of burning hair prevaded the vicinity. In twenty minutes the sheet began to expand, the bones of the feet could be seen devoid of flesh, and at the end of an hour the friends left satisfied. Orders were given to have the ashes forwarded to New York.

Chinese Laborers Wanted in Mississippi.

St. Louis, March 8.-Hon. Henry F. Scharrett, a planter of Pass Christian, Miss., is now here and says that in view of the negro exodus from the south and the disturbed condition of things in California, the planters in his section have canvassed the question to some extent of attempting to obtain Chinese laborers. Correspondence has already been had with one of the Chinese companies and probably some Chinamen will be sent to work in south Mississippi in a

According to the Derrick's monthly report 285 wells were completed with a daily production of 7,744 barrels, against 342 in January, producing 6,228 barrels. On the last day of February 578 rigs were up and 480 wells drilling, against 445 rigs and wells in January. In consequence of the great activity the market closed very heavy.

A Blo Haul.

CHEYENNE, March, 10 .- A bold and successful robbery of gold bullion occurred at Sydney Neb., to-day, while the Union Pacific express agent Snyder was at dinner. The amount taken is variously estimated at from \$120,000 to \$200-000. An entrance was effected through the floor of the express office.

LATER. A telegram from Sydney just received states that the treasure has been recovered except \$13,000. It was found under a pile of coal near the Union Pacific track where they had seen the robbers conceal something in the afternoon. They are being pursued.

A Reckless Shooter.

Mr. Barker of Brown county, Illinois, seeing his two female cousins approaching, said jocularly: "I'll give them a salute." Drawing a revolver, he threw his hand back over his head and pulled the trigger. The first shot struck Barker's uncle in the head, and he fell dead. The young man didn't see the result of his first salute and fired again. This time he hit a young man, who stood near his uncle, and he died in forty minutes. Barker was arrested and will be tried for murder.

H. B. CLAFLIN & Co., the extensive New York dry goods merchants, have been robbed of over \$40,000 by Davis Roberts, an old and trusted employee. The case was worked up against him very adroitly. Roberts was head cutter, and it was found that with the old rags and waste cuttings, which were bagged and sent to Faulkenburg every three weeks, were bagged uncut velvet, sllk, etc. Foulkenberg only paid him ten per cent. of the value of the goods. Both have been arrested. Roberts has two adult daughters and is completely broken down at his exposure.

CAIRO, Illinois, March 7.-Two weeks ago George Kohl, a farm band in the employ of Fred. Whitcamp, Sr., reported that Whitcamp had been drowned by falling into the Mississippi river. This statement was at first believed, but later, suspicion led to an investigation which resulted in the arrest of Kohl, who, to-day, confessed that he, assisted by Whitcamp's wife, had murdered him. The body was found buried in the rear of the stable on the premises. Mrs. Whitcamp was arrested to day.

OSCEOLA, March 7.-The coal miners have been on a strike here for two weeks. The operators and min ers held a meeting yesterday, but the result of it has not been made public. The probabilities are that work will not be resumed before the first of April. There has been no trouble as yet.

CLEARFIELD, Pa., March 7 .- The strike of the coal miners in the Houtzdale district is in full blast, but no serious trouble has occurred. They will probably resume work soon.

NEW York, March 7,-Delegates from various Irish societies and Hibernian organizations in Brooklyn met this after-Patrick's day, but to send the money usually appropriated for such occasions to the suffering poor of Ireland.

OUR WASHINGTON LETTER.

WASHINGTON, D. C., March 10, 1880. The apparent new zeal of Mr. Tilden as a Presidential candidate has given use to much speculation as to its cause. The general impression is that the apparent Grant victory at the Harrisburg Convention had something to do with stiffening his back bone. The nomination of General Grant undoubtedly would materially improve the Democratic chances of success; and not simply because of the dissatisfaction it would create in the republican party, but because of the harmonizing influence it would have on the Democratic party and the terrible weapon which it would place in their hands. Mr. Tilden is shrewd enough to see that the third-term issue would then supplant all others, and put his party in a new light before the country. His hopes are placed in the scheme of the Cameron ring to force Grant upon the Republican party, in spite of the apparent demand for Blaine by the masses. But it is just possible that his hopes will not be realized.

So far the friction in running the House under the new rules has been greater than any gain through their adoption, but this, probably, will not continue. As they become familiar to the members, through study and the very acute rulings of the Speaker, business will move on smoothly. That is, if business is presented for action. So far there has been unprecedented delay in reporting the appropriation bills, and an apparent disinclination on the part of members in both Houses to go on with those already reported.

A long debate is threatened over the Fitz John Porter case. I spoke briefly of the strength of Porter's chances in a recent letter. Its weakness is not in its merits or demands, but in the fact that some Democrats as well as Republicans seem disposed to make a party question of it, and work for political advantage, instead of voting as their Judgment might dictate. Of the passage of the relief bill, with the full Democratic vote, and the votes of some Republicans in both Houses, there is little

In deciding that the Federal election laws were constitutional the Supreme Court has settled finally a question that had become of great interest, and was likely to enter into legislation during the session. The Democratic party has not the power now to repeal those laws, and, after the Courts decision, will hardly dare refuse to make reasonable appropriations for carrying them out. OLIVE.

Samuel Redman, driver for Wells & Co.'s Paper Mill, Muddy Run, Upper Oxford, Chester county, was in the stable cleaning a very vicious kicking mule, and had kicked the animal for not obeying him, and caught hold of the animal's tail, whereupon the brute let both hind feet fly, and struck the man in the face with such force as to mash his forehead, split his nose fairly in two, knock out the right eye, break his jaw and mash the left cheek fearfully, -in short, not a portion of his countenance was left uninjured.
