#### Not Our Agents. -- Weaver & Co., of Pittsburgh are not-authorized to receive advertisements for this paper.

Labor Troubles. -- A Harrisburg despatch states that matters concerning the striking puddlers are in no way changed. Fifty-seven mills in all have shut down. The puddlers say they are in receipt of information that at least twenty or thirty more will go out. A Pittsburg despatch states that the Eastern men will have to pay the puddler's demands, that the difference between the price paid there, \$7.25, and \$5 paid in the East, is so great that the advance of \$1 is a reasonable demand.

The iron men say they cannot afford the advance, with the apparant weakness in price of iron.

Sheriff's Sales. - High Sheriff Gray, will sell at public sale at the Court House, New Bloomfield, on Thursday, April 8, 1880, at one o'clock, the following properties, viz ;

A tract of land in Baville twp., con-taining 37 acres, the property of W. M. George.

George. A tract of 18 acres in Miller twp., the property of Phillp Campbel. A tract in Spring twp., containing 5 acres, the property of J. B. Kochen-derfer.

A tract of 10 acres in Tyrone twp., the property of Barah Jane and Jesse Mead-eth.

A lot of ground in Marysville, belong-

A for or ground engineer. A tract of 73 acres in Penn twp., the property of Frederick Barnett. Five acres of land in Saville twp., the

property of Wm. Jacobs. Fifteen acres of land in Penn twp., the property of Wm. Leedy. Four adjoining lots in Penn twp., the property of David and Enos Smith.

Narrow Escape .- Wm. Carter, a colored bey of this place, made a narrow escape on Saturday morning. In crossing the railroad track at Market street, with a mule hitched to a buggy, belonging to J. B. Hartzell, he failed to notice the approach of local freight from the East, and merely managed to get the mule out of harm's way when the engine struck the vehicle, considerably damaging it. The boy was badly scared, as he had reason to be, and jumping from the carriage a moment before the collision no doubt saved his neck, or part of it at least, for had he been in the carriage at the time there is no telling where he would have been thrown by the shockunder the cars just as likely as anywhere else.-Novoport Neuw.

and potatoes 30 cents to \$1.00 per bushel; eggs, 8 cents. Our trip to Kansas on the train was pleasant past all expectation on my part; we could if necessarry have trav-eled easy a day and night longer, as we had with us what was needed for satis-faction as far as eatables were concerned, and that was a big part in a family of eleven. The children stood it well but since were are out the weather is chang-able. We have had a couple days very stormy and cold, which caused the children to take cold, but at present we are on the mend again. The country now, looks a little gloomy as the prairie is dead and dry, but a rain and a little warm weather will make a big change. In this country the grain isn't apt to freeze out as in the east, as it is dry. The grain don't look very well in this section as the senson was dry in the fall, and the late sowing had no chance; but some looks well enough for 30 bushels per acre, if the senson is favorable. We see some spring sowing up nice, so there is still some moisture in the ground. The weils are still supplied with water in this section, but there are parts that the water is scarce, and hard to dig to freech. I now will close for this time, if life and health is spared I may let you hear from me some time again. If any information is desired, it can be obtained by addressing J. HARNEN, Derrace, Ency, and the senson time again. If any eggs, 8 cents.

Last Friday night, Mr. Peter Al-bright, a peaceable, hard working farm-er, residing near Middlesex, on Letort Spring, was visited by one or more of those flends whose only mission it seems, is to destroy. His stables were entered during the night, and four setts of valuable harness and one saddle so effectually cut up as to be of no use whatever. The mischief, evidently, was done with a pocket-knife. Not content with destroying the harness, the miscreant plunged a steel fork into the back of a new sleigh, which stood in an adjoining shed, and defaced it in a manner that could not but gratify even the possessor of such a devilish plift. Mr. Albright is unaware of hav-ing given occasion for displeasure to any one, and therefore does not know of a motive for which to attribute this out-rage. rage.

Mr. Moses Wagner of Blosserville, while walking near one of his horses re-ceived a severe kick on the lower jaw knocking him senseless for a short time the only injury received was a cut of about one inch in length on the lower inw.
