THE Ways and Means Committee has decided to report in favor of reducing the duty on bichromate potash fr om four to two cents per pound, and to place chrome iron upon the free list.

NEW JEISEY legislature has passed and the governor has signed the till prohibiting the sale of liquors to minors under 18 years old, without a written order from their parents.

POTTER COUNTY is a temperance county, and the result is shown in the report of the District Attorney at the late session of court.

He reported that he had no bills to present to the Grand Jury; the Sheriff, that he had no prisoners in jail, and the Directors of the Poor that no one was maintained at the expense of the

THE GREENPACKERS held their State Convention at Harrisburg, last week. After long consideration a satisfactory platform was adopted and the following · gentlemen were nominated: For Judge of Supreme Court, Frank Dewees; for Auditor, A. S. Roberts. The Convention suggested Hendrick B. Wright, as .a suitable man for next President.

AN ENGLISHMAN named Williamson has been arrested at Baltimore who confesses to being the author of the anonymous letters and other forms of annoyance which have interfered so seriously with the domestic peace and happiness of the Rev. Dr. Morgan Dix of New Work for the last month or two. Upon the face of things it does not appear that the rogue is a lunatic or a blackmailer, or a personal enemy of the good Boctor's and his motive can only be ascribed to pure deviltry.

## tinconstitutional.

SAN FRANCISCO, March 22.- The United States Circuit Court this morning, in the Parol habeas corpus case, involving the validity of the law recently enacted forbidding the employment of Chinese by corporations, decided that the law4s unconstitutional. The case will probably be taken to the .United States Supreme Court, Benjamin Butler having aunounced his willingness to manage the case there for the people.

## Pardons Refused.

The board of pacdons convened in special session on Saturday, last to consider the applications for pardons in the bribery cases. This action being taken two days in advance of the time set by the court for passing sentence seemed to point towards an intention to grant pardons, and tamper with sustice. We are glad to be able to state that all the applications were refused. Had the result been different, the opinion would have been general that money had effected the decision. The sentence of the court will be eagerly looked for.

## An Eagle Carries off a Child.

MILTON, N. C., March 22.-In Person county yesterday morning, as the little three year old child of William Murray was sitting on a style feeding chickens, a large eagle swooped down on the chickens, scattering them in all directions. As the child was moving off the eagle made a second swoop, catching the child in its talons and with its prey rose in the air; but the child was too heavy and the eagle managed to flutter a short distance to the limb of a decayed oak .-Its talons were so entangled in the clothing of the child, that it could not get loose and the weight soon made it come down to the ground. The frightened father of the child came up and killed the eagle. The child, save some deep scratches, was uninjured.

#### OUR WASHINGTON LETTER.

Wassington, D. C., March 24, 1880. It is said that one of the Supreme Court indges bas a Presidential Headquarters here with people in attendance, and that the usual arts of aspiring politicians are understood and practiced there. That justice ought to take the earliest opportunity of announcing that be has no responsibility for the " Machine" thus run in his in-

There is a curious story affeat that the Democratic National Committee is not satisfled with its own selection of Cincinnati as a place of meeting of the Convention in June next, and will revise its action. There seems to be no good reason for that part of the story which attributes to one of the prominent candidates special anxiety on the subject.

Messrs. Townshend and Garfield lost their respective tempers in the House yesterday. It was all about the reference of a bill. Mr. Townshend, who is a very bright and popular member of the House, had presented a bill to reduce the duty on salt, printing materials, and other absolute necessities of life, and, knowing that to refer it the Committee on Ways and Means was to bury it for the Session, asked and obtained its reference to another Committee. To this, upon discovery of the fact, Mr. Garfield objected, and hence the controversy. The talk continues to-day. The end of it all will be, that the bill and all like it will be sent to the Ways and Means Committee, and that means the tomb.

The House Judiciary Committee is delaying action on the Acklen case. It seems strange that when a member stands guilty of such gross discourtesy to the Committee of foreign affairs as Mr. Acklen does that there need be any delay in taking up the case and meteing out the deserved punishment.

Mr. Teller in the Senate yesterday, offered an amendment to the bill to ratify the agreement submitted by the confederated Ute Chiefs for the sale of their reservation in Colorado, which provides that \$1000 be paid yearly to the widow of N. C. Meeker, during her lifetime, the same to Miss Josephine Meeker, and Mrs. Price, and the sum of \$500 to her two children.

Miss Annie G. Rapine, who had recently professed religion, and was to be baptized on Sunday, was accested in E rie on Saturday for wholesale blackmailing. She had bled many respectable people in town by threats of exposing a criminal intimacy with herself, which was, in some cases, an actual fact.

The Rev. C. H. Coon, a young reformed mimister has been dismissed from the Young Men's Christian Association of Reading on a charge of criminal intimacy with Miss Hattie Anthony, of Reading, at a hotel in this city. He charges that it is a case of blackmail, and a number of his friends support him in that opinion.

227 An instance of "luck in horseshoes," though not the kind of luck generally attributed to that cause, occurred in Maryland last Monday. A negro stole a load of hay from a farmer in Anne Arundel county. The farmer examined the tracks of the wagons going from his farm and discovered that in one of them were prints of horseshoes of unusual size. He went to the county blacksmith and learned that the negro referred to owned a horse with very large feet. On further investigation he discovered that the negro had passed through a turnpike gate with a load of hay on the night in question, and by this mean he was enabled to fasten the guilt upon him, thus reversing the usual rule that there is good luck in horseshoes.

Emmina, N. Y., March 24 .- At Lawrenceville, Tioga county, Pa., 20 miles from Elmira, yesterday afternoon, Sidney Green shot his wife, then himself, both dying instantly. They were married six years ago. Shortly after their marriage Green began to abuse his wife and he went west, returning the former part of this month. Green sought an interview with her at the house of a friend, and soon after shot her five times. On being pursued he shot himself in thehead.

A remarkable case was reported in N. Y., last week. A man was found staggering about the streets and was "run in" at the Charles street station. He said he was suffering untold agony in his stomach, but was as usual about to be committed as " drunk," when the surgeon arrived and suggested an examination. He was found to be apparently all right, when the surgoon attempted to brush away a thread from his stomach, but found it would not brush. On further examination, the thread was found to be attached to a needle which had disappeared inside, putting the man in terrible pain, but how the needle got there neither the man nor any one else knows.

WILMINGTON, Del., March 24 .- John Sauerlander and wife, residing at No. 513 French street, were terribly burned by the explosion of a coal-oil lamp last night. They were going to their bed-room, the man with a little child in his arms and the woman carrying the lamp. When the clothes of the husband and wife ignited from the burning oil the latter seized the child, ran down the stairs, opened the side door, rushed into the street, and, placing the child on a neighbor's step, knocked at the door. She started back to attend to her husband, but before she had advanced many steps fell to the ground exhausted. Her head, face and bands are burned. Mr. Sauerlander died at 12:30 o'clock next morning. His wife is recovering.

Mr. Editor:—On last Thesday evening a few of the temperance folks of this place went over to Pine Grove church and held a meeting, with prayer, singing and talking. The church members and neighbors took up the matter at once and organized the Pine Grove Temperance Union, and elected officers as follows: Pres., Samuel J. Campbell; Vice Pre'a., John Pec, A. J. Clouser; Sec., Wm. F. Asper; Treas. C. L. Kline. We resolved to meet again on next Friday evening, April 3d, when we expect a great many more signers, and that there will in time be a very prosperous Union working there. The members there realize the necessity of personal work, and, that as "charity begins at home," so does temperance work. I am happy to be able to give the extended list of appointments for Rev. J. H. Dobbs, as follows: Landisburg on the evening of March 30th; Emory Chapel, Sist; Ickesburg, April 1st; Milleratown, 2nd, and Duneannon on the 3d. The Reverend gentleman comes highly reccommended, and is equal to Francis Murphy as an orator. Truly yours,

M. B. Esuleman.
