#### Brief Items.

/ The Census shows Newport to have a population of 1,396.

A stroke of lightning killed four head of cattle in a field in Mifflin county.

Jacob Hoffman of Centre twp., had a toe mashed off by a wagon wheel last week.

The United Brethren in Christ are erecting a fine comfortable church at Shermansdale.

Mr. Wilson Shearer of Carroll twp., is building a house on his property near. Shermansdale.

The Bloomfield Cornet Band will help the citizens of Millerstown to celebrate the Fourth, on Saturday of this week,

If you cannot come to town and want a pretty Lawn dress, Laces for trimming &c., send for samples, to F. Mortimer.

The census shows that Carlisle has grown backwards, [there being a decrease in population of one hundred since 1870.

Grain cutting come on so early this year that many farmers had to leave hay cutting before finishing in order to take the grain in proper season.

The sign is down—I mean the sign of the Elliottsburg Hotel. It was partly blown down in a recent storm, and for fear of accident, it was taken down.

L. D. Woodruff, of the Johnstown Democrat, has been renominated for the legislature in Cambria county. Lucian's record was good during the last session.

Newville's population doubled or near-ly so, since 1870. The borough limits were extended beyond what is known as the south ward, and this is what doub-

Oatmeal is a superb drink for harvest bands. It quenches thirst, and is very nourishing. Two pounds are worth a 1000 gallon tank of rye. So says Abra-ham Good. During the thunder shower on Satura-day afternoon, the lightning struck a shock of wheat in the field belonging to Jonathan Michener, in Penn twp., and burned it up.

Recently, the lightning struck the dwelling of George Throne, near Mum-masburg, Adams county, setting fire to the carpet in a room on first floor, which was extinguished. The lightning pass-ed down the stove-pipe and stove to the floor. No special damage.

Mr. John Wagner, wife and son were somewhat hurt by being upset in Ickes-burg on Sunday a week. The accident was caused by a balky horse turning too short. The injured persons were taken to the house of Mr. N. Hench, and in a short time were able to go home.

When those young folks in Spring township attend parties they should keep away from bee hives when they play "Bingo." Bees do not seem to like girls to be too intimate with them, and by the noise the girls made they don't seem to enjoy the society of bees.

The Mifflintown Sentinel says: Sul-ouff's blooded colt raised a little excite-ment in town yesterday morning, by getting away from John Heck, and go-ing it in a sulky on her own hook, down the pavements on Main street. She rather "strained" the sulky and twist-ed one of Bob. Parker's trees, but other-wise came out O. K.

The Newville Enterprise says: Our farmers are considerably worried on account of being short of hands. The hands that generally came from Perry county, have made up their minds that they would not come over this harvest, and they were Cumberland's standby. It is rumored that they were imposed upon last season and intend going to Marviand in the future. Maryland in the future.

Another change has been made in the Another change has been made in the railroad Schedule and now no train goes east that stops at Newport, later than 6:55 P. M. The only train runing through to Philadelphia is the Johns-town Express, from Newport at 12:24.— Rather poor railroad accomodations for this county. If they keep on chauge this county. If they keep on chang-ing the railroad company will soon make a good opening for a packet line on the canal.

A valuable horse in Lawrences twp., Clearfield county, had a hind leg broken on Wednesday last by being kicked by another horse. The owner at once erected a heavy frame and put a roof over the horse. He was then raised up by means of straps so that he stands on three feet. The broken leg was set and a hole dug to prevent its resting on the ground, and the horse is still in that position, with some prospects of recov-ering the use of his leg.

No Paper .- Next week no paper will be issued from this office. Our boys want a "Fourth of July," and are entitled to it as we shall still issue fiftytwo numbers this year. So please remember, "No paper next week."

A Sad Affliction .- We are sorry to learn that Samuel Smith, Esq., who recently went from this place to Kansas has lost his mind to such an extent that it has become necessary to place him in an insane asylum. This is a sad affliction to come on a man in the evening of life.

Change of Venue. - Last week a case from Snyder county was tried by Judge Junkin in Juniata. The present management of the so-called Selinsgrove and North Branch Railroad Company brought an action to recover subscription from a certain Snyder county man .--Payment is refused on the ground that the money was subscribed with the understanding that it was to be used in the grading of a particular piece of the road, and that it was not to be paid until \$25,000 had been subscribed to be expended on the same stretch of road.

" We are going to remove it," quietly replied one of the party. "I don't care if you are-show methe

man," "Well, I'm the man, and what are you going to do about it ?" said the big man of the lot as he stepped out.

" Didn't you know that was my wife's grave ?" asked the Hoosler with a considerable fall to his volce. No sir."

"Well it is, sir - my first wife's grave."

" And what of that ?"

"What of that !" Why-why, sir, if I hadn't married a second one about a month ago and kinder forgot my grief, I'd take that stake and pin you to the fence with it ! It's lucky for you fellers -mighty lucky for you-that I don't feel half as bad as I did !"

We wonder if the engineers who run the line between New Bloomfield and Newport will cross any woman's grave, or will there have to be some old fogles buried before the surveyors will begin.

Cumberland County .- We copy the following from the Cumberland papers of last week :

Are bangs an evidence of civilization? If so, the Indian maidens at the school are being rapidly civilized. We notice several of them carry their foreheads behind bangs of the most approved etric style.

A wheel was stolen off Mr. Adam Senseman's wagon, in the 1st ward, one night last week. When Mr. S. discov-ered his loss his first thoughts were of the army worm, but after reflecting a few moments, he concluded that the wheel had been stolen.

Mr. Wm. E. Green has a self-binding reaper, being something new and novel in our county. Mr. Wm. Sheaffer, of Huntsville, has a cream extractor. Both of these men have the first of the kind in this part of the county, and are among our most enterprising citizens.

among our most enterprising citizens. The Shippensburg News says : One of the most violent wind and rain storms, within our recollection, passed over this locality, Sunday afternoon about three o'clock. The storm moved in a northeasterly direction, and from all newspaper accounts was quite gener-al. In the vicinity of Shippensburg the destructive effects of the storm is notice-able on all sides. The State Normal School building suffered severely. The tin roofing on the northeast wing was completely re-moved by the wind and rolled up against the tower over the eastern part of the building, penetrating it in some places to the depth of two feet or more. There were about sixteen hundred square feet

were about sixteen hundred square feet of tin removed, which will all have to be replaced with new work. The inside of the building was also more or less in-jured from the water which passed through the damaged portion of the roof roof.

It is quite likely that the difference which has existed between the borough authorities and the county commissionauthorities and the county commission-ers with regard to the court house square will be amicably adjusted, and that a new pavement and a beautiful public square will be the result. On Saturday Borough Attorney Duncan Graham, Esq., visited Harrisburg to examine the musty records in the department of the interior to determine the limits of the grant from the Penns to the county.— Messrs. Biddle and Graham as attorneys for the county and borough expect to for the county and borough expect to present the result of their investigation to the proper authorities in a few days. -Sentinel.

Mrs. Samuel Carothers, who had her leg broken a few days ago is doing as well as could be expected. Perhaps you have not yet heard how it happened. As she was driving down the Pine Road a four-horse team belonging to Mr. Howard Rupert, ran off from him, and Mrs. C. seeing the team coming after her full speed, got frightened and think-ing to make herself safe jumped out. By so doing she broke her leg, and then by stepping on it she caused the bone stepping on it she caused the bone to cut through the flesh, stocking, skirt and dress. Then, she crept away on her hands and knees, and the team ran through between where she was lying and where the buggy was standing. The team was caught a mile or two below. We did not learn what fright-ened the team — Correspondent of the ened the team .- Correspondent of the Star.

#### FOT THE TIMES. Kansas Letter.

DORBANCE, Russel Co., Kan., June 18, '80. This is a very beautiful morning, as we had a very nice rain last night. If is heart-cheer-ing to all in this part of Kansas, as we have it very dry. The eastern folks would all be dis-appointed if they were to see our corn in these parts. It outgrows anything we have ever seen, but our oats are almost past expectation of getting any this season. Just at present the farmers are very busy cutting wheat, which is rather tedious as it is only from nine to eighteen inches in the straw. Some stands very nice on the ground, and others very thin. Now is the time to come to Kansas for har-gains, as there are any amount of people dis-couraged and ready to leave, making great sacrifices. Yet we don't look at it as so dis-couraging, for we live in hopes the rain will be in Kansas again as it has been heretofore. We see our part of country quite different in our particent in the described by every find. DORBANCE, Russel Co., Kan., June 18, '80. in Kansas again as it has been heretofore. We see our part of country quite different in our estimation to that described by our friend Bar-truff a few weeks since in THE TIMES. Our country is settled with different inhabitants to wolves and prairie dogs, and we have nice fruit trees over the country where they have had time to grow. We have as good soil as any one need wish for. This section of coun-try is settled by people from every part of the United States, and are as respectable and clever a people as you will meet anywhere. Now a few words to our acquaintances and readers of THE TIMES. We are well and like the country, and would wish many that we know would see our country, and would be in reach of some of the chances that are here, but it being dry this season we don't want to press our friends to come yet. We wish you all well. press our fr you all well.

#### MARRIAGES.

LITTLE-MACPARLANE-At Towanda, Bradford county, Pa, on the 16th inst., by Rev. Dr. J. S. Stewart, Mr. Wm. Little to Miss Ella, eldest daughter of James Macfariane, Esq., a former resident of this borough. MINDAGH-TAYLOR-On the 18th inst., at the residence of the bride's parents. David B. Mid-dagh, of Shepherdstown, West Virginia, to Mary Elizabeth, daughter of Sampson Taylor, of Al-toona.

toona. HETRICK-GHEEN-On the 17th inst., at the resi-dence of James Taylor, in Miller twp., by Kav. A. F. Yeager, John W. Hetrick, of Howe twp., to Sallie Green, of Shippensburg.

CHARLES-RUBROGLI.-On the 24th Inst., at the M. E. parsonage, in Newport, by Rev. N. W. Col-burn, Edgar P. Charles to Sarah P. Rubndoll, both of Liverpool.

Milton, son of Mr. John Clouser re-siding on Ensminger's farm, in Centre township, fell from a cherry tree on Tuesday last. He escaped with a slight fracture of the wrist.

It is said that new tinware rubbed with fresh lard, and then thoroughly dried in a hot oven, may be used in wa-ter and remain bright and free from rust indefinitely.

A living monstrosity is now exhibited at the farm of Wm. Fecht, near Mana-yunk, Mifflin county. It is a totally deaf and blind calf, without the projec-tion of the vertebral column.

Wolfe & Gruber's saw mill has moved from the lower end of Centre twp., to Juniata county. They will there get out lumber for W. R. S. Cook, & Co., the Newport boat builders.

A cradle run off with Ned Sponsler a few days ago, and hurt him in the leg.-Ned walks with a cane now and leaves cradles to those who understand them better. It is a grain cradle we refer to.

A cow belonging to Mr. S. M. Shuler of Liverpool got wedged in a narrow passage in the barn last week, and was so tightly squeezed that the partition had to be sawed away to get her loose.

Mr. John Hemperly residing on the M'Allister farm in Watts twp., died quite suddenly on Friday morning last. He was in his usual health on Thursday evening. His death was caused by heart disease.

Mr. John Yohn, of Newport, was thrown from a sulky in Carroll twp., last week and considerably hurt. The accident was caused by the breaking of portion of the harness causing his horse to run away.

There is a borough ordinance against using fire crackers or squibs within the borough limits and it would be for the safety of the community to have the law enforced. A fire cracker cost the city of Portland, a two million dollar fire.

Mr. John Minich of Loysville with a recently purchased Champion reaper, cut on his and Lightner's farm, ninety-seven and a half acres in five days. On seven and a half acres in five days. On Friday they cut twenty four acres which set up eleven hundred and sixty dozen sheaves.

Badly Cut.-On Tuesday last, Mr. Jno. Shuman, of Juniata twp., went out to cradle. In getting over the fence with the cradle on his shoulder, he fell, and in so doing, he grasped the scythe, cutting the hand across the palm so badly as to nearly sever it.

Since the above was in type, we learn that the wound was found to be so severe, that Doctors Shull and Orris thought best to amputate the hand, and it was accordingly taken off just above the wrist. Mr. Shuman is quite an old man-nearly 80 years of age, and the result of the injury, may yet prove fatal.

Dastardly Deed .- Sometime during last fall Jacob Marx, a merchant in Bendersville, Adams county, became the owner of a young dog which suddenly disappeared and was in time forgotten. Lately he had his well, from which they had been using water, cleaned out and to his utter amazement there was the missing dog. After the dog disappeared sickness followed in Mr. Marx's family by which he lost two children. Whether this was the dir ct cause of their death we are unable to say. The deed seems to have been done by some evil disposed person, as the pump bed was closed up.

Who Can Tell ? - Some weeks since, while a party of Detroit surveyors were running a railroad line down in Indiana, the survey carried them across a cemetery. In the course of the survey, a small stake was driven into a grave, and before it was removed and carried ahea d a lathy, long-legged Hoosier overhauled the men, peeled off his cost and danced round as he yelled out:

" Show me the man who dared drive bat stake in that grave !"

Juniata County .- We copy the following from the Juniata county papers of last week :

Harry Remminger, nephew of Henry Swanger, of Walker twp., fell from the top of a cherry tree, on Monday, while picking cherries, a distance of twenty-five or thirty feet, and was headly hurt.

Judge Bartley, of East Waterford, while hiving bees a few days ago, was severely stung about the wrists. It was feared serious results would follow, but we understand the danger is passed.
