

The Bloomfield Times.

HOUSE, FARM AND GARDEN.

A Mountain Fruit Farm.

Solon Robinsen writing to the N. Y. Tribune, thus describes a fruit farm in Juniata County:

I am spending a few weeks in the beautiful valley of Juniata, and making frequent rides over the hills and among the old-fashioned Dutch farmers of this (Perry) and the adjoining county of Juniata; solid, wealthy, unprogressive as they were an hundred years ago.

Nearly all the orchards upon these old farms are of the most unimproved sorts of apples and seedling peaches of late ripening kinds. Only now and then a man seems to have thought of trying experiments in growing better sorts, or more than was wanted for family use.

"And how many trees are in this section?" "Six thousand."

Notwithstanding all the natural obstacles, every tree has been so exactly set in right angle lines that the transverse rows appear as straight as those on the horizontal and vertical lines. Thus, when furrows can be ploughed at all, they can be run six ways among the trees, which are set 16 feet apart for peaches and quinces and 20 feet for apples.

The first section of peach trees was planted in 1875, and the first full crop was being gathered today, the varieties—Cragford, Early (white), a fair size and good flavor; and Beatrice, a small, red blush, early peach, very delicious.

The Philadelphia market being overstocked, it does not pay to ship; so a drying house has been hastily erected, and a hot-air dryer, capable of drying sixty bushels a day, put in operation.

A word as to the incentive of Mr. Bradford's great work. A few years ago this tract came into his hands upon the false representation that it contained veins of iron ore. He bought it un- wisely. When seen it was found to yield no workable ore, and only a few common farm buildings. The question now was: "What shall I do with it?"

Have You Ever... person to be seriously ill... stomach or inactive liver... when these organs do you not find good health?— always regulates and never fails and pure, and of the system.

A NEW DEPARTURE! BEST PLOW IN THE WORLD!

THE SYRACUSE CHILLED PLOW CO. of Syracuse, N. Y.

Are now putting on the market a Plow that is as much superior to any Plow heretofore made as the Plows of the past few years have been superior to those made half a century ago.

THE SYRACUSE CHILLED STEEL PLOW

Its weight will be eighteen pounds less than our present styles. A first-class Steel Plow, made in the ordinary way, full rigged, retails for twenty-two dollars. Inferior Steel Plows retail from sixteen to nineteen dollars.

It will scour in soils where all steel plows and all other plows have hitherto proved a failure. With this Plow will be introduced a corrugated Plow Point and Jointer Point, on which we have also obtained a Patent, and which is also a great improvement, both as regards strength and wear.

The wheel will run under the beam or one side of it as desired, and always kept in line. The beam is adjustable for Spring or Fall Plowing, and also for two or three horses. The handles can be adjusted to accommodate a man or boy, on the same Plow.

It is a perfect Plow. Wooden beams are going out of use because they shrink, swell and warp, and never run two seasons alike. Iron beams are too heavy. Malleable beams become demoralized and bend, which is much worse than to break.

A Steel beam is the necessity of the day. It is three times as strong and very much lighter than any other style. When we say a Mold board is chilled, the farmers know it is so. We do not palm off on them a composition of various metals and call it chilled metal.

We can give but a very small discount to them, but we will pay the Railroad Freight. We propose to place this Plow in the hands of Farmers as near the cost of manufacture as possible. It will be the best Agricultural Implement ever sold.

It shall also be the cheapest. Persons therefore who are not willing to act as agents on the principle that "a nimble step is better than a slow shilling," need not apply for an agency.

No Plows on commission. All sales absolute. This is the only Steel Chilled Plow in the World. Steel costs several times more than Iron. But this Plow, full rigged, by giving small discounts, can be sold for Seventeen Dollars. Compare this price with that of any Iron Plow ever made.

It is cheaper than any other Plow now made would be at five dollars and a half. Where there are no agents we will, on receipt of Seventeen Dollars, send a Plow to any Railroad station in the State and pay the freight. Address, SYRACUSE CHILLED PLOW CO. Syracuse, N. Y.

IOWA MIDDLE REGION LANDS WESTERN IOWA.

THE IOWA R. L. LAND CO. offers for sale to all, at one price, the following choice OVER 1,000,000 ACRES CHOICE Rich, Rolling Prairie Lands,
