He was at his post when the train passed Kerrsville, but when the train stopped at Grierson he was missed. It is thought that Mr. H. stepped from the bumper of a car and fell upon the track.

The Sunbury Innocent.—U. H. Mills, of Sunbury, is a lanky looking youth who came to Harrisburg this morning to see the sights in the city. He was met at the depot by Jesse Coble, a hardened sinner, who gallantly offered to show Mr. Mills the city, and the latter accepted the proffered attention. Before starting Coble borrowed half a dollar from Mills and then piloted him through the back streets, up and down alleys and into all the obscure corners, finally landing on Front street at the Cumberland Valley R. R. bridge. Here Coble informed the Sunbury innocent that the customary price for showing strangers around was five dollars, but in consideration of the fact that he was a pretty good fellow he need only to hand over three dollars. Mills wouldn't

pay and moved off, but Coble followed him and was so importunate and impudent in his demands that Mills claimed protection of an officer, and after hearing the story Coble was taken into custody. The Mayor sent the tricky pilot to jail for twenty days, as it was ascertained at the hearing that he habitually begs in the vicinity of the depot. Mills was warned to beware of polite strangers and left the office promising to send a dollar to the officer who rescued him from Coble's clutches.—Telegraph of the 27th ult.

Cumberland County.—We copy the following from the Cumberland papers of last week:

On Sabbath afternoon, a colored woman named Sophia Young, who has been keeping house for some time past for Moses Jones, also colored, on Church alley, near West, committed suicide by hanging in a stable near by. The woman had been sick and the fear of not being able to provide for her four small children no doubt drove her to the commission of the rash act. She was at first discovered by Mr. Jones who had seen her walk down the yard and feared something was wrong. He cut her down and ran for a physician, but the woman was dead; her neck having been broken. Coroner Smith was notified and summoning a jury rendered a verdict in accordance with these facts.—She is supposed to have been about 45 years of age.

A most frightful runaway occurred to a fishing party from Mechanicsburg, on Monday night about eight o'clock.—The party were returning home, and when in the vicinity of Jacob Ostott's on the turnpike, the horse frightened at the sight of a hay stack, and reared and pitched away until he upset the wagon and jammed it into a fence corner. Mr. John Orris, innkeeper, had a shoulder blade dislocated, badly cut in the face and otherwise injured, but it is thought not seriously, although at this writing (Tuesday noon), he was in a flighty condition. His son, David, had an ankle sprained and moderately bruised. Mr. John Quickel, a one-armed man, is believed to be injured internally, and there are some apprehensions of fatal results as to his injuries.

Thursday afternoon during the race for purse No. 2, for \$200, open to all, a most exciting scene occurred. Two heats had been trotted, both of which were won by J. R. Fleck's "Garfield." In making the start for the third heat "Garfield" turned too short and the result was a broken wheel, which let one side of the sulky down and tangled up the driver, Mr. Fleck. The horse did not realize what had happened, and kept on his course around the ring, the driver becoming disengaged from the wreck after being dragged some distance. After completing a turn on the track, the horse dashed into a large crowd of people, but strange to say, no one was hurt. The frightened animal was finally caught and was found to be severely injured by the broken vehicle, but not so much so as to prevent running in the other heats, thus winning second money.

Juniata County.—We copy the following from the Juniata county papers of last week:

One of the soldier orphan boys, belonging to the McAllister school had a leg broken about 10 o'clock on Thursday night of last week, by a wagon on which he was to take passage to the McAllister school.

During the middle day of the fair, W. P. Thompson had a two-horse carriage and a one-horse carriage on the ground. A lady in hoisting a parasol, frightened the horse in the buggy, and he sprang forward against a hind wheel of the carriage. The wheel broke with a great noise, and that frightened the horses in the carriage, and the result was a double run-off. In the two vehicles were seated Mr. Thompson's whole family, all but himself. Quick as a flash after the collision of the carriages the horses started to run away. All the occupants were thrown out, and Mrs. Thompson was severely hurt, and was ill from the effects of the shock a number of days. The runaway teams were caught. The buggy was not much the worse of the escapade, but the carriage was badly broken. Not one of the three horses was hurt.

A New Paying Occupation for Ladies and Gentlemen.

The Handsome Niekie Plated New Home Lamp being introduced to the public this season, is the most meritorious article ever offered. Agents to make money with, is safer, and more convenient than the Student Lamp, which has heretofore had the reputation of being the safest lamp made, it has a clamp to firmly attach it to the Sewing Machine, Piano, Organ, Desk, etc. The fear of the ordinary lamp being accidentally upset or thrown from the table, is entirely relieved by this simple clamp contrivance. It can be adjusted to throw the light just where it is wanted to suit the eyes, and can be converted into a handsome wall lamp. It has the best argand burner, a filling indicator, and convenient match box, and its price is within the reach of every one. It has been fully tested, and editorially endorsed by the "Western Christian Advocate," "Am. Christian Review," "Herald and Presbyter," "Journal and Messenger," and "Christiana Standard," the leading Religious papers of Cincinnati, and is endorsed by the Mayor and Post-Master of Cincinnati, the Agent of the American Express Company and Presidents of Insurance Companies, as being the safest most convenient and best lamp made.

There are three reasons why Agents should seek such an article to canvass for—first for its absolute safety and great convenience, it is needed in every home—second its low price makes its sale immense,—third it will be a credit to handle such an article. One southern Agent writes, it sells faster than Gen. Lee's Portrait sold right after the war, another writes it beats the palmy days of the Sewing Machine, its rapid sale, low price, and liberal terms surprise old Agents. Address Home Lamp Co., Cincinnati, Ohio, mentioning our paper and they will give you full particulars and exclusive territory to canvass in.
