Hand Crushed .- On Monday last a son of Levi Kopp residing in Rye twp., had his hand badly mashed by getting it in the cogs of a cider mill. He was taken to Marysville and doctors Eppley and Traver amputated a portion of the hand.

Hand Cut.-Last Tuesday, while T. H. Burtorff, bookkeeper at Garber, M'Kee & Co.'s warehouse, in Oliver twp., was rubbing a young horse with liniment, the animal squeezed his left hand, which held the bottle, against a post in the stable, mashing the bottle and cutting his hand severely. The leader of the forefinger is entirely severed, and will, in all probability, leave that member stiff in the future. His hand was otherwise badly lacerated by the glass. Dr. Orris dressed the wounds .- Ledger.

A Scamp .- We learn that as Mary Shively, of Oliver township, was quietly wending her way home a week or two ago she was met by a strange man who said he was some relation, and wished to see her father. He persuaded her to take a shorter route through the woods which she had no sooner entered than the villain assaulted her. She resisted the rascals hellish efforts, screaming all the time for help, and finally succeeded in breaking away from the fiend. Tar and feathers are too good for such scamps. - Mc Veytown Journal.

Sudden Death.-Cyrus Jackson, who resided on Eleventh near Paxton street, died suddenly while at work at Balley's rolling mill, south Harrisburg, yester-day, of heart disease. He had just com-menced his daily labor, and while wheeling a barrow, stopped suddenly, falling over and expiring almost instantly. Coroner Shindler held an inquest over the remains and the jury returned a verdict in accordance with the facts. The remains were then conveyed to his home by the coroner and an undertaker.—Patriot of the 7th Inst.

Onlon Cure.—A young man in this place, says the Waynesboro Valley Record, was quite recently taken down with malarial fever, so pronounced by the family physician, his pulse marking one hundred. In the evening the family determined to test the onion cure. Several onions were accordingly bruised and applied to the soles of his feet and his wrists; the consequence was a thorough sweating during the night and an absence of the fever in the morning, the cure being complete. We can vouch for the correctness of this statement.

The Soldiers' Re-Union .- Thursday last was a gala day in Marysville, it being the place where the Perry County Soldlers' Re-Union was held. It is thought that at least 1200 people were present. At 2 P. M. the procession with

Chief Marshall Shuman Miller, Esq., and Assistant Samuel S. Leiby, Esq., of Marysville, followed by the New Bloomfield cornet band and the Duncannon delegation and the different delegations from all parts of the county headed by the Duncannon and Marysville cornet bands, took up its line of march and visited the different sections of the town and was cordially received. After the parade the crowd assembled in front of the stand erected in the square, consisting of two parallel arches, one above the other, about nine feet apart, between which the platform was erected. The smaller arch was draped with a large flag and bore the inscription, "Welcome." The larger was more or less decorated with small flags and closely hung with small wreathes in the centers of which were suspended the different corps badges; below these was suspended a banner bearing the inscription, "In 1861 United, Undivided in 1880,"

The orator of the day was his Honor Judge Junkin, and his address, as might be expected, was a fine one. At the conclusion of the speeches, the Association held a business meeting at Mechanics Hall, selected officers for the next year and fixed the place for the next annual meeting at Millerstown.

Cumberland County .- We copy the following from the Cumberland papers of last week :

A fracas took place at the depot on Thursday night in which a railroad lantern and the head of a young colored man were both badly used up. The lan-tern was used to quench the enthusiasm of the colored man, and was smashed to smithereens, while the man's head sus-tained a severe cut. Dr. Reynold sewed up the cut.—Newville Star.

On Friday afternoon a man named James Hurley, entered the Mansion house and called for a drink. He then took a small package from his pocket and poured the contents in the glass, saying he wished to take some medicine. Maj. Monyer saw the label and snatched the glass from him. The following morning Coroner Smith was notified to hold an inquest upon the body of a man found dead in the wagon shed of Samuel Hemminger, in South Middleton. It proved to be the same man.

A frightful accident occurred in Shippensburg on Thursday morning. Messrs. William Bush, Henry J. Duke and Samuel C. Hollar were working on a scaffolding on the latter's house, when the scaffolding gave way. Hollar, in the descent, caught on the second story window and mapaged to save himself; Duke landed upon the veranda and escaped with slight bruises, and Brush fell to the payement, sustaining infell to the pavement, sustaining injuries which will prove fatal.

#### Guilty of Wrong.

Some people have a fashion of confus-ing excellent remedies with the large mass of "patent medicines," and in mass of "patent medicines," and in this day are guilty of a wrong. There are some advertised remedies fully worth all that is asked for them, and one at least we know of—Hop Bitters. The writer has had occasion to use the Bitters in just such a climate as we have most of the year in Bay City, and has always found them to be first class and reliable, doing all that is claimed for them.—Tribune. them .- Tribune.

A New Paying Occupation for Ladies and Gentlemen.

The Handsome Nickle Plated New Home Lamp being lutroduced to the public this Season, is the most meritorious article ever offered Agents to make money with, is safer, and more convenient than the Student Lamp, which has heretofore had the reputation of being the safest lamp made, it has a clamp to firmly attache it to the Sewing Machine, Plane, Organ, Desk, etc. The fear of the ordinary lamp being acci-dently upset or thrown from the table, is entirely relieved by this simple clamp contrivance. It can be adjusted to throw the light just where it is wanted to suit the eyes, and can be converted into a handsome wall lamp. It has the best argand burner, a filling indicator, and convenient match box, and its price is within the reaci of every one. It has been fully tested, and editorially endorsed by the "Western Christian Advocate," "Am. Christian Review," "Herald and Presbyter," "Journal and Messenger," and "Christian Standard," the leading Religious papers of Cincinnati, and is endorsed by the Mayor and Post-Master of Cincinnati, the Agent of the American Express Company and Presi-dents of Insurance Companies, as being the safest most convenient and best lamp made.

There are three reasons why Agents should seek such an article to canvass for—first for its absolute safety and great convenience, it is needed in every home—second its low price makes its sale immense,—third it will be a credit to handle such an article. One southren Agent writes, it sells faster than Gen. Lee's Portrait sold right after the war, another writes it beats the palmy days of the Sewing Machine, its rapid sale, low price, and liberal terms surprise old Agents. Address Home Lamp Co., Cincinnati, Ohio, men-tioning our paper and they will give you full particulars and exclusive territory to canvass in.

It is said that the Arabs in mentioning their valuable possessions always class the wife second, the children third, and the horse first. Many persons in this country who know the value of the horse have provided themselves with a copy of Kendall's Horse Book for further information. You can do so too. Sent by mail for 25 cents.
