An Important Decision.

Judge Thayer in the Common Pleas on Saturday read an opinion in the equity suit of Price et al. vs. Jenks et al., which was argued several days ago. The plaintiffs and the holders of a mortgage, and the defendants are the assignees for the benefit of the creditors of William Nichols, the the maker of the mortgage. The mortgage covered a mill with its boiler and shafting at the corner of Girard avenue and Franklin street, where Nichols carried on business as a boisery manufacturer .-The point before the Court was whether the machines worth \$37,000, which Nichols, who had made an assignment, claimed should go to his assignees, to be paid to his creditors. Judge Thayer decided that the machinery was not included within the mortgage, was not part of the freehold, and the creditors were accordingly entitled to it. His Honor therefore dissolved the preliminary injunction which had been entered against the assignces.

Shot Dead by His Brother.

Frank L. Weaver, thirteen years old, and his brother, Harry L., aged nineteen, of 514 Spruce street, were playing in the saloon of their brother-in-law, Richard Parke, 218 south Eleventh street, yesterday morning, Frank having a black-jack and Harry an old rusty six-shooter of the pepper-box pattern. The latter amused himself by snapping the weapon until it finally exploded, sending a ball through his brother's heart, killing him instantly .-Harry was arrested and locked up at the Nineteenth district station-house, where an inquest was held, a verdict of accidentally killed rendered and the prisoner discharged from custody. He says the revolver had been used as a plaything for some time, and that he had no idea it was loaded .- Phila. Star.

A Nice Wife.

St. Louis wives must be unusually affectionate-in a horn. Mrs. Thomas, of that city, heard a pistol fired by her husband in the next room, at six o'clock in the evening, but didn't go in, supposing he was cleaning the pistol. When she went to bed at ten o'clock he was lying with his face toward the wall and was breathing heavily, still holding the pistol in his hand. Even then this remarkably cool wife didn't investigate, but supposing it a drunken freak, went to sleep. When she woke up at five o'clock he was dead, but she only thought him sound asleep, and didn't find out till she came to wake him up at nine o'clock A. M., that he had committed suicide at six o'clock the evening before by shooting himself in the right ear.

The Epizooty.

The Philadelphia North American, says: - The epizooty has again made its appearance in this city, and has begun its attack upon the horses of the street car companies. Thus far it has assumed but a mild form, and it is not believed that it will have the same effect upon the animals as it did several years ago. A prominent veterinary surgeon, who is emyloyed by a number of the railway companies, states that ten per cent, of the horses which he has charge of are already affected, and he fears that the rain which set in last evening would increase it to twenty-five per cent. within the next forty-eight hours. Very few of the horses are incapacitated for

A Sad Case.

A Scranton, Pa., dispatch says: -A young woman named Teets was found dead on Saturday in a wretched garret in Cedar street, in the heart of this city, where she died of hunger and neglect .-Her baby two days old, was discovered beside the starved mother. Mrs. Teets hid her poverty from her neighbors, and several days ago out off her hair and sold it to buy food, while her worthless husband was carousing in a saloon. She also sold all her clothing to sustain life, and the only article of apparel found in her apartment was an old night dress that was wrapped around her child.

Months to Cool.

PITTSBURG, Oct. 5 -This morning the largest casting ever made in this country was turned out at the Black Diamond Steel Works, this city. This casting was an anvil block for a seventeen-ton steam hammer, and its weight was 160 tons,-Five furnaces were built expressly for melting the iron, and seven hours were occupied in running the metal. The hammer will be the largest in the country, the next largest of ten tous being at Nashus, N. H. Four months will elapse before the block will be cool enough to handle.

More Beats.

The Post-office Department has issued an order stopping the delivery of registered letters and postal money-orders addressed to R. J. Kosboth, of 48 Broad street, New York City, who, it is alleged, is engaged in conducting fraudulent stock operations, doing business under his own name and that of the aliases of the Mutual Stock Co., Nos. 1 and 2.

REWARD for any case of Itching, Blind, Bleeding, Ulcerated or PILES Protruding Piles that BerBing's Pile Piles Remedy falls to cure. It allays the itching, absorbe the tumors, gives immediate relief. Prepared by J. P. Miller, M.D., Philisoliphia, Pa. CAUTION.—Area genuine unless verapper on bottle contains his signature and a Pile of Stones. All druggists and country stores have it or will get it for you. Ruptur

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury trusses inflict, may how be consulted at his New York and Boston cifices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant to may consider it, for every man who has died from it once flattered himself that it was but a trilling aliment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as inworthy special attention. It is not a stand still alletion; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.

Patients from abroad san receive treatment and leave for home same day. During treatment any kind of active exercise of labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture. HIS BOOK ON RUPTURE gives the most reliable proots from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extremely bad cases before and alter cure, and mailed to those who send to cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Satuaday, and Ta-saday he may be cansulted at his New York office, and Wednesdiy, Thursday, and Friday, at his 8 ston office, each week. Remember, in writing or calling, the address is

251 BROADWAY, Cor. MURRAY Street, N. Y., and 43 MILK Street, ROSTON.
Beware of certain considence men and imposters who represent themselves as Dr Sherman. 40d4
