One of the worst rains of the season, passed down Sherman's Valley, on Monday night. In Wheatfield and Carroll townships, much damage was done to fields and crops.

Last week, Mr. George Ensminger lought about one hundred and sixty acres of land situate in the lower end of Centre township, from Mr. D. M. Rinemith for \$1000.

The Duncannon Presbyterian Sunday School will hold a basket picnic at Allen's Cove, on the 9th inst. Arrangements have been made to go and return on Mifflin accommodation.

A tenant house on Col. Andrew Loy's farm near Sandy Hill took fire on Mon-day night and was destroyed with all its contents, as the occupants were absent from home at the time.

The large barn of Adam Bomberger, in Cornwall township, Lebanon county, with seven horses, seven cows, and a large lot of hay and farm machinery, was destroyed by fire on Tuesday morn-

A cow belonging to Saml. Baker in Spring twp., was found with a leg broken on Monday. The accident had been caused by some party who was dogging the animal out of a field. The loss of the cow, as she had to be killed, was quite severe on Mr. B.

On Friday morning Andrew Leonard, a brakeman on the P. R. R., had a foot crushed by slipping and falling under his train as the cars were moving. The accident happened at Losh's Run. Dr. Orris of Newport dressed the injuries and he was taken to his home in Har-

The persons from the Dogtown neigh-borhood, who stole the cherries and mutilated the trees on "the John Berry property," can settle the matter with me now cheaper than after a warrant for their arrest is issued. The new law regarding such trespass is rather severe. F. MORTIMER.

We have received a card got up with advertisements surrounding the list of appointments for the Blain M. E. Charge. We don't know whose work the printing is, but we do know it is the worst printing we ever saw, and are heartily sorry we paid anything toward the expense of getting it up.

Quite a queer case of poisoning occurred at Williamsburg, Blair county, a few days ago. It is supposed that it was caused by burning potato bugs in the stove while bread was in the oven baling. The whole family were taken with nausea as soon as they commenced using the bread.

On Friday night some scamps broke into the spring house on the farm of W. A. Sponsler, Esq., and carried off a large roll of butter a lot of meal and several crocks of milk. The empty milk vessels were found in the edge of the wheat field.

Mr. Abraham Deihl, of Centre twp. two miles west of this place captured four live ground hogs, the old one and three young ones, on Friday, July 1st, and has them at his residence. Any person wanting one or more of them to raise as pets can have them by calling at his home in Centre township.

Quite an excitement was created at Littlestown last week by a midnight raid of creditors on the effects of a debtor. A rumior having gained credence that the sheriff of Adams county was about to seize the personal property of William Spangler, who was doing an immense tusiness in his coach factory, his credi-tors, of which there are many in faithes-

town, made a raid upon his shops and warehouses during the night, and in a few hours everything was cleared out and removed. This is a new way of getting paid, and spoiling the expectations of preferred claimants.

Personal.—Mr. Wm. West, who was born in this county ninety-four years ago, was here on a visit last week.

On Thursday last we had a call from Mr. M. M. Foose, son of Isalah Foose who formerly resided in this place. Martin now is one of the favorite teachers in Mechanicsburg.

Mr. Wm. McKee of this place was juite ill last week and his family feared atal results. We are glad however to how that his symptoms are now more

An Entire Family Pelsoned .- On Sunlay J. Zeigler, of Montgomery's Ferry, cathered a quantity of what he thought were "sarsaparilla roots," which it was intended to prepare for medicinal purposes, but it turned out that they were poisonous, he having mistaken them for sarsaparilla roots. Himself, wife and three children ate of the roots and became deathly sick. Large quantities of sweet milk were administered to them, which produced vomiting and thus saved the lives of the entire family .- News.

Good Stock .- Amos Watts, of New ort, and Samuel Woods of Blain, have been bringing some very good horses into this county from Virginia and elsewhere. At the sale of June 4th, of 22 head, the average price was \$160 per head. At the sale June 25th, of 18 head, the average price was \$157. The high-est prices paid are as follows: Calvin Ritter, one horse for \$225.50; Isaac Hollenbaugh, \$195; Dr. McDonald, of Concord, \$190; Fred. Cooper, \$200; Samuel Willard, \$202; Geo. Snyder, \$175. Perons were present from Dauphin, Frank-In and other points.

Squirrel Hunting. - As considerable misapprehension seems to have arisen as to the time for shooting squirrels it is deemed timely to publish the law on the subject, which is as fellows:

SECTION 2.—No person shall kill or expose for sate, or have in his possession after the same has been killed, any grey, black or fox squirrel between the first day of January and the first day of September in each year, under a penalty of five dollars for each and every squirrel so killed, exposed for sale or had in contrastic.

This section is from the act to amend and consolidate the several acts relating to game and fish, approved the third day of June, A. D., 1878, and the law has not been changed.

Jane Weather Report. - B. McIntire, Esq., hands us the following report of the weather for the month of June: Average of Thermometer at 8 o'clock A. M., 61°36', and of Barometer, 30 inches minus 6-tenths. Average of greatest heat 70°34', and of cold, 56°30, Wednesday the 19th was the warmest day, the Thermometer registering 760, and Wednesday the 22d the coldest, the mercury sinking to 48°. There fell 9 and 6 tenths inches of rain, the largest quantity for the month of June for many years and the average of the degree of heat was lower.

Whose Baby ?- On Tuesday morning last a spring wagon belonging to Mrs. Dunkleberger, residing near Shermandale, was found to have been taken from its usual place and was drawn up in front of the house. Examination brought to light the fact that it contained a baby apparently near a month old. It was a pretty blue eyed little one, and had evidently came to stay, as with 1 were two suits of nicely worked clothing. There is no clue as to whose child it is, or who placed it where found. The little waif was taken to the alms house where it will be well cared for.

Dropped Dead, -On Wednesday morning last Mr. Jacob Hostetter, residing near Marshall Furnace, in Oliver twp., dropped down and almost instantly expired. He was not complaining of feeling badly at the time, and the cause of his death is not known. A short time ago he had burned his foot badly and it was yet pretty sore, and some persons think that he trod on his heel in such a manner as to carry an intense pain to his heart, but this is hardly probable. Mr. H. was a worthy, steady man in the forty-second year of his age, and his sudden death leaves a widow with six fatherless children. He formerly resided on the farm in Centre twp., now owned by Mr. Geo. Ensminger.

A Heavy Hallstorm. - Reports from various sections of Lebanon county say that the hallstorm on Sunday morning was the most destructive that has visited that section for twenty years. At many places crops of fine, promising tobacco were entirely destroyed, and the loss from the destruction of this crop will probably be larger than that of any other. The water at some places during the continuance of the rain reached a depth of two feet. The crops of Isaac Strohm, in South Lebanon twp., were almost entirely ruined, and he says that what he will take off the farm will not half compensate him for his labor

bestowed upon it. In a house in North Lebanon twp., there were eighty-nine window panes broken, and in another thirty-five. On the farm of Mr. Michael Shenk, South Lebanon twp., the storm played sad havoc. There were hall stones to the depth of two feet. On the farm of Mr. Abraham Grob, Heidelberg twp., a barn was blown down and other damage done.

Killed .- The man and boy injured at Carlisle to an extent that caused their death on Tuesday night are Mr. Aleck. Timothy and his grandson, Charley Scheffer, son of Mr. Frederick Scheffer. The former resided at 325 Cherry avenue, this city. He carrying a gun and his grandson a fishing rod and tackle, accompanied by their dog Dash, boarded the afternoon train on Tuesday, going up the Cumberland Valley railroad for a aunt through the country near Carlisle. The seventh anniversary of the birth of the boy occurred on that day. From the facts that can be learned It appears that they tried to reach the Middlesex station, east of Carlisle, in time for the evening train, and while walking on the track were struck by that train, the boy being carried some distance before his body became disentangled from the wheels of the train. The bodies were found through the assistance of the dog Dash. The boy lived for several hours after the accident. The remains of both were brought to this city at 7.40 o'clock yesterday evening. They will be interred in the Harrisburg cemetery to morrow evening at 6 o'clock.

Mr. Timothy was engaged as an employee at the Pennsylvania railroad depot for a number of years. He was fifty years of age last May. He leaves two daughters, both married. Mrs. Timothy is a cripple, she having lost her left foot by accident some years ago. The verdici of the coroner's jury attaches no blame to the Cumberland Valley Railroad Company or any of its employees .- Harrisburg Patriot of the 30th

Buncamon Items .- From the Record we copy the following:

The rain on Monday afternoon flooded into the rolling mill so strong that work was suspended at the bar mill.

The pear trees throughout the borough are dying by the hundred. The cause is not known.

A section of shafting at the nail factory broke on Monday causing a part of the machines to suspend work the balance of the day.

Two citizens of Mifflin twp., while plowing corn, a few days ago, had quite an exciting time. Their horses frightened at a white cow, among the bushes in an adjoining field, and ran away, jumping over the fence into another field, leaving the plow and plowman on the opposite side of the fence.

Some of the farmers near Newburg are selling their milk to peddlers who gather it for the creamery in Shippensburg, and pay them 2 and 2½ cents a quart for the new milk. It is estimated that it takes thirteen quarts of milk to make a pound of butter, and that it pays better and is less trouble to sell the milk at the price offered. Five and six cents a quart is the price of milk in this

About nine o'clock Sunday evening a six year-old daughter of Mr. George Simons, on the Alexander farm, near the Poor House, overset a coal oil lamp, which broke, and the burning oil dashed over the head and face of the child. Before the fire could be extinguished the

poor child was very badly burned on the head and upper part of the face. The child's eyes are very much swollen and the skin peeled off its forehead, but it is considered out of danger.

A brutal attack was made on a German hailing from Mont Alto, on Saturday last, by a crowd of Carlisle roughs. It seems he had considerable money on his person. After crossing the bridge on East Louther street late at night, he he was accosted by a number of these roughs and abused roundly. They threatened to kill him, catching hold of him and striking and kicking him.—He held his money and cried "murder," and his cowardly assailants, fearing help would reach him, fled.

In falling, he grabbed one of the joist on the second floor with his right hand, and thus broke the fall. Mr. Cornman, one of the proprietors, happened to see the accident, and immediately went to his assistance. Assisting him to his feet, it was discovered that he had sustained only a slight cut on the forehead and a few stratches. Presence of mind in this few stratches. Presence of mind in this case is what saved him.

FOR THE TIMES.

For The Times.

I.Anaek, Carroll Co., Ill., June 27, 1881.

Mr. Edinon:—As you have't been bothered much with the western boys for the past few weeks, I will ask for a little space in your valuable columns. I have't got tired of northern Illinois yet, aithough I was almost froze out like the winter wheat last winter. Spring came in with plenty of work and promising cash and good wages, rooted me in deeper than over. I have plenty of carpenter work and run from two to four hands. About three more weeks will finish up one hundred thousand feet of lumber worked up into buildings by myself and hands since the last week in March. Oats and grass look very promising, corn and potatoes look a little spotted; fruit will be scarce, except berrios, and plams, which will be plenty. We have so much rain that farmers can scarcely get their corn plowed, and they will commence to make hay this week. Work hands are very scarce here this season and wages are good; farm wages are from \$2.0 to \$25 dollars per month, and from \$1.00 to \$1.25 per day. Carpenter wages are from \$2.25 to \$3.00 for contractor, and from \$1.25 to \$2.00 for hands. I think some of the Perry boys and girls would do well by coming out here; girls get from \$2.00 to \$2.50 per week and are scarce and far between at that. I will give an account of a frightful fall one of my hands had, and then close. On Monday morning June 18th, Mr. John Haynes, a young man in my employ, while distributing honges on a large bank barn I was building for Joseph Witmer, slipped and aild down over the roof with four packs of shingles, to the eaves, and from there he fell to the ground, a distance of eighteen feet. There were no bones broken although be was sufficiently hurt to make medical aid accessary. He is now able to walk the room again. Yours respectfully, walk the room again. Yours respectfully, J. B. AYLE.
