HOUSE, FARM AND GARDEN.

Household Customs in Japan.

When a woman reaches her house, she takes off her sandals, pushes aside the sliding door of paper and enters in her stocking feet. The rooms are softly matted, but contain no furniture. The houses are built of wood, and among the poorer classes have but two or three rooms. In the kitchen is a large stone box with ashes and burning coals in it. This is called the *hibachi*, and over it the rice is cooked. There is no chimney in the kitchen, but the smoke goes out through the broad open door or through an opening in the roof. After the rice is cooked, it is put into a small, unpainted wooden tub. At dinner time, the mother brings out a little table, two feet square and one foot high, with dishes and food upon it. The family sit upon the mats, the tub of rice is in the centre, and each one dips into a bowl of rice sufficient for himself. They often pour cold tea over the rice, and always eat it with chopsticks. Fish, sweet potatoes and a pickle are sometimes served with a dinner. Japanese houses often have but one sleeping-room, which is occupied by the entire family. When guests come, they share it with them. The beds consist of heavy comforters. They are spread out on the mats at night, and put away in the closets during the day. Each person lays his head on a little wooden pillow, constructed with a hollow place in which the head rests. In some rooms in the house is a closet containing a shelf for gods, and upon this shelf stands all the household idols, which have come down as heirlooms of the family from generation to generation.

A New Method for Preserving Fruit Recently Discovered.

The *Alta Californian* says: A great deal of fruit is being shipped east from Sacramento. The amount is much larger than at this time last year.—Among the shipments has been a car-load of assorted fruit, put up in the Dietz packing, a recently patented process. The Suisun *Republican* says that the preservation agent is carbonized wheat bran, and that by its fresh fruit is preserved from decay, so that it can be shipped east by slow freight and sold off as the demand is made for it without being compelled to sacrifice it for fear of loss. The car-load shipped goes to Philadelphia. It contains grapes, plums, peaches, apricots, etc., and goes as fast freight, though hereafter it is the plan to ship by slow freight, as it will reduce the charges over one-half or from \$1100 to \$500 a car load to New York. If fruit can be packed in this inexpensive manner, and preserved indefinitely and shipped anywhere, the business will develop. "Fresh peaches at Christmas and grapes at mid-winter" are very alluring, and Mr. Dietz says that they may be had by simply packing them in wheat bran reduced to charcoal.

Farmers who desire to rid their fields of bushes and brambles should take advantage of the long days in August, when the sap is nearly all out of the roots of the trees and brambles to cut them off close to the ground. A week's delay because of the pressure of business on the farm, will make it necessary to do the work over again another season. Whereas, if all bushes and brambles were cut off the last week in July or the first week in August, an effectual end will be made of them and thus further trouble avoided. Nothing more mars the beauty of a farm than to see fences and ditch banks lined with hedge rows and bushes, and weeds of unbidden growth. Work now done in this direction is paying, and telling work for the farmer, says an exchange.

An easy way to make hard water soft is this: Fill the wash boiler with hard water, then put half a teacupful of wood ashes into a little cloth bag, let this lie in the water until that is warm enough to use. This is worth knowing.

To destroy cockroaches scatter powdered borax about the places they infest, and it will soon exterminate them.

Cold boiled potatoes used as soap will clean the hands and keep skin soft and healthy. Those not overboiled are the best.

In icing cakes dip the knife frequently into cold water.

A World of Good.

One of the most popular medicines now before the American public, is Hop Bitters; You see it everywhere. People take it with good effect. It builds them up. It is not as pleasant to the taste as some other Bitters as it is not a whiskey drink. It is more like the old fashioned bone set tea that has done a world of good. If you don't feel just right try Hop Bitters.—*Nunda News*.

KENDALL'S SPAVIN CURE!

THE MOST SUCCESSFUL REMEDY EVER discovered, as it is certain in its effects and does not blister. Read Proof Below.

From Rev. N. P. Granger, Presiding Elder of the St. Albans District, St. Albans, Vt., Jan. 20th, 1880.

DR. J. B. KENDALL & CO., Gents:—In reply to your letter I will say my experience with Kendall's Spavin Cure has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and with it, cured a horse of lameness caused by Spavin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he grew worse, when I discovered that a ring-bone was forming. I procured a bottle of Kendall's Spavin Cure, and with less than a bottle cured him so that he is not lame, neither can the bunch be found.

Respectfully yours, P. N. GRANGER.

Perseverance Will Tell!

Stoughton, Mass., March 16th, 1880. B. J. Kendall & Co., Gents:—I think I ought to let you know that I have removed TWO BONES SPAVINS with Kendall's Spavin Cure, one very large one; don't know how long the Spavin had been there. I have owned the horse eight months. It took me four months to take the large one off, and two months for the small one. I have used 10 bottles. The horse is entirely well, not at all stiff, and no bunch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me its sale will be very great.

Respectfully yours, CHAS. E. PARKER. Is sure in effects, mild in its action as it does not blister, and yet is penetrating and powerful to reach any deep seated pain or to remove any bony growth or any other enlargement, if used for several days, such as spavins, splints, curbs, callous, sprains, swellings, any lameness and all enlargements of the joints or limbs, or rheumatism in man and for any purpose for which a liniment for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects. It is used with strength with perfect safety at all seasons of the year.

Send address for Illustrated Circular, which we think gives positive proof of its virtues. No remedy has ever met with such unequalled success, to our knowledge, for beast as well as man. Price \$1. per bottle, or six bottles for \$5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors.
